Pvt. Jenkins Ends Recruit Training at Marine Base

Marine Pvt. Larry J. Jenkins, son of Mr. and Mrs. Arthur F. Jenkins, 4521 Sutton Rd., Britton, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot at San Diego, Calif.

He will now undergo four two four weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

Jackson Lawyer Addresses Society

"Moses was the Walter Reuther of 1200 B.C.," said Herbert Heuman in addressing the Woman's Society of Christian Service of the Tecumseh Methodist Church November 1.

His topic was "Christianity and Judaism — The Reasons to Reason Together." He discussed points of agreement between the two religions in the past, present and future.

In discussing the beginnings of Judaism, Mr. Heuman drew the comparison between Moses and Walter Reuther, stating that since Moses' labor negotiations did not work out, he took the Israelites off the job.

"Our religions spring from the same beginning," Mr. Heuman said. He specified the Ten Commandments as the common basis of Christianity and Judaism as well as the laws of the state.

He went on to point out parallel teachings in the Old and New Testaments. A large portion of the program was devoted to questions from the group which Mr. Heuman answered.

The speaker has practiced law in Jackson since 1929 and has been the Jackson County Friend of the Court since 1955. He is a member of the Temple Beth Israel in Jackson.

President Mrs. William Steele, Jr., conducted the business meeting. Final announcements were made regarding "Continental Corner," the annual fall festival and turkey dinner.

Mrs. James Dahlke is the new secretary of program materials, and Mrs. Frank Gray is the new member of the nominating committee.

On November 15, a visitation is planned to the Jewish Temple in Ann Arbor. Anyone interested in attending may call Mrs. Steele at 423-2695.

Brochure Is Ready for Distribution

Joe Hayden, Mrs. Robert Bowers and D. J. Martin, representing the Tecumseh Chamber of Commerce, attended the Adrian Chamber meeting in Adrian Monday noon at the YMCA.

The first copies of a colorful, picture-filled brochure about Lenawee County were distributed to government officials of the county, cities and villages.

Cooperation of business organizations throughout the county helped expand the scope of the booklet beyond the original intent of Adrian-only publication.

Among the expected uses are to help attract new companies, recruit new employees, to welcome residents and to promote more tourism.

Copies will be distributed with some discretion but adequate supplies are insured.

The 64-page booklet was made possible by 80 advertisements. There was no cost to the Chamber.

A CHANGE OF TENANTS

Your title is a bit misleading, Marda — a tenant conjures up a picture of a person, or, in your case, a bird occupying or using a place as living quarters. That is not what this article is about.

Customers, patrons, clientele, diners, even freeloaders might have been a better choice. Let's not quibble, though, please get on with the business at hand.

All summer one of the biggest bird excitements was the regular sighting of red-headed woodpeckers. The gorgeous male was soon joined by his dark-headed youngster and the two of them spent the major portion of each day banging away at a dying, and all-too-soon-dead elm tree.

The older bird varied his diet when the mulberries were ripe but when the last of the berries were eaten, he immediately went back to drilling for insects in the elm.

It was a marvelous show to watch. The red-headed woodpecker is such a handsome fellow that we never tire of just exclaiming — his bright red head plus those pure white and navy blue markings on his body, wings and tail all combine to present a truly remarkable sight, and he is big enough to show up, too.

A brilliantly-colored bird almost 10 inches in length is not hard to see. The red-head's show was not based solely on appearance though, action-wise he showed all sorts of nimbleness, grace and agility.

It may seem strange to describe a woodpecker's actions this way but the next time one visits a nearby tree, take time to study and look closely at him. Junior soon became as adept as his father and the way they shinnied up and down the tree, circled around and around the limbs, and found secure toeholds wherever they wished was amazing.

Of course, woodpeckers are called woodpeckers because that is exactly what they do. The whole family has special adaptations — feet and legs to hold them on the side of a tree, short bristly tails which act as props, strong neck muscles, skulls specifically able to withstand the hammering, large heavy bills, etc. — and all these things working together produce gracefulness and efficiency of movement.

★

WHEN ONE of the birds found a likely-looking spot, braced himself and started banging away, the hammering was so fast it was just a blur. The pieces of bark and chips of wood flew and they were big enough so that we could see them even without using binoculars.

When the weather was warm enough to permit open windows and doors, the noise which was with this drilling operation was something, too. Pneumatic drills!

When the insidious Dutch elm disease attacks, it is heart-breaking how quickly the tree dies and once dead it is surprising how fast an elm deteriorates. The woodpeckers' elm is a "this year kill" and yet many of the limbs are already barkless and show raw wood.

In many ways it looks like an old tree that long ago lost the struggle for survival. Of course, our red-heads played no small role — their chiseling for lunch knocked off much bark and loosened a great deal more.

★

AS YOU can see, our woodpecker-elm tree watching had many interesting facets. The summer was fun and we anticipated an even better winter.

Upon arriving home from vacation, however, we were surprised to discover that a change had been made. The elm tree was hosting no red-headed woodpeckers — their place had been taken by a big black and white Hairy woodpecker.

Wonder what happened while we were away? Of course, the red-heads might have decided to spend the cold months in the south. Here in southern Michigan some of them winter over where as the less stout-hearted do migrate. We had hoped that the neighborhood would be attractive enough to cancel out the need for a southern move.

Oh, well, if we can't watch the red-heads, we can be grateful for the Hairies — they are great, too.

So it is that we are still looking forward to some interesting winter bird looking even though in the elm tree there has been a change of tenants.

Mike Jackson Wins MSU Scholarship

News from the Tecumseh Library

New books ready for you to borrow at your Public Library:

OOPS! OR LIFE'S AWFUL MOMENTS by Art Linkletter. Embarrassing moments happen to all of us and recounting them is one of Art Linkletter's specialties.

WRITING AND SELLING GREETING CARD VERSE by June Barr. The author, who has been selling greeting card verse for many years, explains exactly how she gets her ideas, the best way to put those ideas into words, the taboos to observe, the markets to try, the method of keeping records of sales.

TAKE AS DIRECTED, our modern medicines explained for the layman by 16 outstanding medical scientists. A new and reliable book. The reader is assisted by an excellent index of specific drugs and diseases.

IT IS SO ORDERED by Daniel Berman. The Surpeme Court is the least conspicuous branch of the federal government. Even though it functions in relative seclusion, it is an institution so powerful that in a single decision it can reshape a vast area of American life. Nowhere has this ever been more clearly reflected than in the celebrated decision on school segregation. This book deals with the subject.

THE CODEBREAKERS by David Kahn. The first comprehensive history of secret communication from ancient times to the threshold of outer space.

THE MISCHIANZA by Henry Misrock. An historical novel of today, wherein a family of Revolutionary War [illegible] uprooted from their 18th-century graves consort with thoroughly modern Americans to the merry confoundment of both.

CHATEAU BON VIVANT by Frankie and Johnny O'Rear. The hilarious true misadventures of two vastly unequipped inkeepers who run a ski lodge in winter, a tourist trap in summer, in old Quebec.

EXPLORING CANADA FROM SEA TO SEA.

WORLD BENEATH THE SEA. Two beautifully-done books by the National Geographic Society.

BEHIND THE SHIELD by Arthur Niederhoffer. Recent police action in civil rights demonstrations all over America have focused attention of the police, especially those in big cities. The author, former policeman and now sociologist, works with this theme.

The sergeant was assigned at Fairchild AFB, Wash., before arriving in Thailand.

He attended [illegible] school and completed requirements for his diploma after entering the service.

Sgt. Schultz is married to the former Gearldine L. Bailey.

God the Artist

Elmer Pocklington, of Ridge Rd., Ridgeway, is quite a philosopher as his poetry below shows. A retired teacher and insurance adjuster and member of the Grace Methodist Church of Ridgeway, he has added much to the life of the community. This poem is presently being used on memorial folders at the Niblack Home for Funerals.

GOD THE ARTIST

The hand of God directs the brush
That paints the picture we call Life.
Men interfere at times and there are blots
That mar the beauty of it all.
But not all shadows dark or sombre hues
Mean man has marred the work of God.
No, God the Artist never tries
With lights alone to paint a life.
When shadows fall we cannot tell
If they are blots that man has made
or are parts of the design and plan.
And so I shall not thank my God
For brilliant spots alone—
I'll thank Him for the faith I have
In His protecting hand, and not complain
About the shades that now
I may not understand.

—Elmer Pocklington

Played at Alma

You probably won't find it there, but the name of John R. Lott, 5403 Green Rd., ought to be right at the top of the list of football's all-time greats.

Lott wasn't a national scoring leader. He wasn't on anybody's all-America. What did he do?

He played against Michigan State and Notre Dame in the same season — 1916 — and he was a member of the 1917 Alma College team that posted the school's last victory over the Spartans, 14-7.

To be sure, Michigan State and the Irish weren't the powers then that they are today. But Alma wasn't a large school at the time, either. Even today, the enrollment at the mid-Michigan college just tops a thousand. When Lott was there it was about 150 — less than half of them boys and only a couple dozen of them football players.

JOHN R. LOTT

Lott recalls that when he played tackle against State Alma had only 12 men on the team, so there was little rest for the Scot gridders. The Spartans, on the other hand, had enough men to send in fresh men frequently.

When he played against Notre Dame, it was in three inches of snow and "I slid about 20 feet with every tackle."

He said, "It was practice for them, they beat us 45-0, but Coach Harry Helmer thought we were pretty good."

"We used to punt on the first down a lot and Helmer would say, 'kick it down to the end of the field and then take it away from them. Saves a lot of work'."

The Lotts attended festivities at the Homecoming Oct. 28 when Mrs. Lott was presented a Golden Thistle award, given to alumni 50 years after graduation.

NAOMI SALLOWS RETIRES AS CLERK ON DEC. 1

City Honoring Clerk

A fixture at Tecumseh city hall, and certainly one of the community's finest servants is retiring after 16 years with the local government.

Naomi Sallows, clerk-treasurer and guardian of much that takes place at the corner of E. Chicago Blvd. and Maumee, has reached retirement age.

She first started working for Tecumseh in November 1951 as a bookkeeper and general office clerk. Less than two years later — March 2, 1953 — she was appointed village clerk.

Floyd Elliott was village president, and Mrs. Sallows succeeded Robert Kroner as clerk. The former clerk is now a resident in New Jersey.

When the village changed to city status on Jan. 1, 1954, she became clerk-treasurer. At this time, Charles Mensing was mayor, and the late Ed Nelson, city manager.

In 1958 Mrs. Sallows, along with other top city officials, moved to a new city hall.

The old village offices were something to behold, in comparison to the present, modern quarters. An old house, located next to the fire station, and since torn down, was quite inadequate.

During much of Mrs. Sallows' time as clerk, she worked under the late H. H. "Oley" Hanna. He was mayor and was succeeded by the present mayor, Harold Easton.

In recognition of Mrs. Sallows, plans have been formulated to proclaim Nov. 28 as "Naomi Sallows Day."

Open house will be observed at city hall, and that evening she will be guest of honor at a dinner gathering at the Country House. City officials will be invited to the dinner, along with Mrs. Sallows' daughter and family, who reside in Ohio.

Library Board Is Abolished

In a surprise move Monday night, the School Board abolished the Library Board at a special meeting.

Prior to the session, both boards and head librarian, Mrs. Murray Day, met with Miss Elizabeth Lindsley, consultant from the Michigan Library Department.

After a two-hour discussion, the School Board met to eliminate the library board.

The two boards had not met eye-to-eye for the past couple of months, particularly since the time when the Library Board and the librarians started negotiations for a new contract.

School Board took negotiating rights away from the Library Board and then agreed on a new contract last month. Since negotiations started last summer, head librarian Julie Fosbender has resigned.

Whether negotiations or simply a change determined her resignation has not been clarified.

Prior to the school officials' decision, Miss Lindsley remarked at the meeting that Tecumseh had a unique system with two boards governing the library.

Although she said such a system appeared to have its advantages, she had no recollection of any similar system in Michigan. School districts and school boards supervise public libraries throughout the state.

Members of the now defunct Library Board were Robert Osburn, president from Tipton, Marjorie Comfort, Jerry Barton, Marjorie Beardsley, Ed Schwartz, William Wright and Majel Holden.

Mrs. Holden had turned in her resignation last month, but it was refused by the School Board. Both she and Mr. Schwartz missed Monday night's meeting.

Bortels Win Top Awards

Virgil Bortel and sons of Bo-Mar Farms, Tecumseh, won all top awards in Corriedale sheep judging at the eleventh Pennsylvania Livestock Exposition.

Bo-Mar exhibited the champion and reserve champion ram, champion and reserve champion ewe, and was named premier exhibitor.

Bo-Mar also was first in the exhibitor flock, pen of three ram lambs, pen of three ewe lambs and pen of three yearling ewe classes.

Police Receive 2-Way CB Radio

A two-way citizens band radio was recently presented to the Tecumseh Police Station by area CB'ers to enable them to contact the station easily.

The new radio replaces one that was not operating properly, which also was a donation.

Recorder Given to City Firemen

Tecumseh Fire Department has received a new recording device, donated to the firemen by Gray Manufacturing.

The recorder, called Audograph, is tied directly into the phone and will record all fire calls.

It will eliminate any department errors in responding to the wrong address in fires, and will discourage callers making false alarms.

Fund Drive Hikes Sum to $57,000

Tecumseh's 1967 Community Fund Foundation drive continues to swing upwards with donations now approaching $57,000, approximately $2,000 over the $55,000 goal.

It has turned out to be one of the most successful campaigns ever conducted here, and prospects are bright that by Dec. 1 when complete returns are in, that contributions will hike the total to $60,000.

Some industrial plants still have not reported, but Stu Costigan, co-chairman of the drive with Carl Lamb, expects to have all industrial donations in within the next week.

Some professional folks are yet unreported, and along with some others, some sizable gains are expected.

The Foundation met Tuesday evening but was unable to give up-to-date returns due to the illness of Mr. Lamb, who was unable to attend the meeting.

Officers of the fund are still urging residents to contribute, if they have been missed, since all monies donated now will be utilized for local benefits, particularly for development of Tecumseh Park.

Considerable expense faces the Foundation if it expects to fully develop the Park — formerly called the "Pit" — and make its facilities attractive to a majority of local and area residents.

50 Retailers Hear Plans

Approximately 50 Tecumseh retailers attended a session at City Hall Tuesday night when the Planning Commission reviewed a proposed development plan for businesses.

Charles Leman, of Vilican-Leman & Associates, Detroit, went over a portion of the city's Master Plan, which deals with projecting growth and improvements of the business area.

A short range projection shows extension of the district from Pearl St. to Maumee, with further expansion to Wyandotte St.

Mr. Leman showed sketches of what businessmen could do to improve the exterior appearance of their shops. One of the sketches included a canopy that would extend over sidewalks and approximately four feet into the street.

Planners Approve Zoning Change for Apartments

Tecumseh's Planning Commission unanimously approved Tuesday night changing the zoning at the Tecumseh Country Club for the development of new apartments.

William Powell, local real estate broker, plans two large apartment units just west of the Club's No. 17 fairway and in a wooded area owned by Dr. Merlyn Blanden.

The local physician asked Council last week by letter to change the zoning from residential to multiple-dwelling. At the time, Councilmen spoke favorably of the project, but asked Mr. Powell to show his plans to the Commission.

In other action at Monday's session, Joe Hayden's request to have a lot near the Hayden Mills be changed from residential to industrial, was turned down.

Jaycees To Hold 3rd Annual Follies

Tecumseh Junior Chamber of Commerce have announced plans for its third Follies," a variety show to be held Jan. 27-28 at the Tecumseh Products Union Hall.

Last year, the Jaycees raised over $800 and donated proceeds for new football lights.

Youth and sport activities, adult recreation and a community auditorium fund are presently being considered as future Jaycee projects.

Township Board Tables Area Zoning Decison

Tecumseh Township Board, faced with a barrage of questions from over 30 spectators Monday night, delayed making a decision on a zoning change on N. Occidental Rd.

After a harrangue, lasting over an hour and a half, Al Merz, township clerk, moved that the Board table a decision until after conferring with city officials.

Art Eaton, township supervisor, told the spectators the parties originally interested in establishing a trailer park on the Occidental Rd. site, were no longer interested.

He blamed adverse publicity and a "despicable" decision in Tecumseh last week for the developers to pull out. As to a possible future trailer park — if the zoning is changed — he said there was no way of knowing.

According to township officials, a request from property owner, Mrs. Goldie Fredericks, to change the zoning was made to the Zoning Board, which in turn recommended to the Township Board that the area be changed from residential to commercial.

A couple of township zoning officials were present and said they did not know at the time what the change was for, but Lawrence Boyd, a member, spoke favorably of a trailer park for his township.

Mrs. Fredericks said it made no difference to her what the site was to be used for as it would not affect her. In response to a question from Jack Osburn, businessman and township resident, as to whether the sale of her property was contingent on the zoning change, she replied that several offers had been made for commercial usage.

She explained and compared "a lovely million-dollar trailer park to a bunch of equipment on the corner."

Earl Baldwin, also a businessman and township resident, asked if the property on Occidental was the best to change, and in view of Tecumseh's present zoning plans, inquired why the township and city had not gotten together.

City officials view the entire northwest Tecumseh area as prime residential property.

In response to Baldwin's questions and lack of communications between township and city, Mr. Eaton explained that a "Kaiser" — and there are several at city hall — caused this problem because the township dared to question them on condemning some township property.

He apparently was referring to Tecumseh's plans for a new well field, north of the city in Tecumseh Township. The city is taking George Underwood, Clinton auto dealer, to court to acquire the property.

The city also failed to notify township officials of its intentions, which would include a right-of-way for water mains from the well field to city limits.

Mr. Merz explained that the township never had any trouble with the city until the new well field came up, and the township was not consulted.

He said Tecumseh Township has always gotten along well with the city, and has never changed any zoning that would be detrimental to residents.

Donald Purkey, Occidental Rd. resident who adjoins the property in question, said that the Board has not been completely truthful, as it has known for some time that a trailer park was being considered. Mr. Merz denied this.

Mr. Purkey said that it was difficult to obtain information as to why a zoning change was being considered. His wife asked if zoning wasn't for the protection of residents, and if so, why change it in a residential area.

Dr. Harold Ocamb inquired if the township had any long-range plans for commercial or business, and stated he would oppose a trailer park in the township now or in six months from now. He said it was apparent that the township has an axe to grind.

The lengthy discussion ranged from zoning to Tecumseh's well field, to annexation and to other factors, many of which were not related to the proposed Occidental zoning change.

Some of the individuals who asked questions or stated opinions included Al Tonneberger, Tim Neill, Graham Foster, Art Brady, John Zeigler, township attorney, Al Snyder, Larry Blum, Jim Lincoln and others.

DEBORAH EARLING IN EVELDEAN SPANISH RED SUIT

EvelDean Joins Chain

By MAXINE CALHOUN

The Tecumseh-based couture fashions of Exclusives EvelDean will now become available to an urban clientele in the Detroit area.

A franchise contract has been arranged with a chain of fashionable boutiques, known as Touch of Elegance of Grosse Pointe Farms.

The boutiques, which are located in the several Grosse Pointe communities and the city of Detroit, will show a line of especially made-to-order creations by the couturiers, Evel and Dean.

An initial collection of 30 distinctively styled fashions will be worn at an invitational showing in Grosse Pointe Farms, Monday evening with arrangements by Touch of Elegance boutiques.

Wearing gowns will be local models, who have been in training at the EvelDean salon for several months: Janice Heimerdinger, of Clinton; Deborah Earling, of Tecumseh; and a more recent addition to the modeling staff, Debbie(Bambi) Blanchard of Macon, a senior at Tecumseh High School.

The made-to-order line of creations will be a supplement not replacing the custom designed couture which will continue to be offered by EvelDean at their salon on W. Chicago Blvd.

At a private showing Sunday, we saw the varied collection, which includes wool coats and suits, luncheon and cocktail dresses, and short and long evening gowns.

Designer Evel says his designs follow the "form of feminity," and he plans to create an aura of elegance in each one.

Evel's native Spanish background is detectable in many of the suits, styled with waist-length fitted packets and swirling skirts.

His flair for the whimsical was shown in a gray flannel, which appeared to be a low-belted jacket and box-pleated skirt. It really is a tricky coat-ensemble, with widely spaced panels swirling from the coat waist, and is worn over a matching sleeveless A-line dress.

A stunning "American Beauty" red satin evening gown of pencil slim lines is highlighted by medieval sleeves of the Queen Guinivere era, with wide bands of handsewn lustrous beads.

The EvelDean salon expects to have a similar boutique in their Tecumseh salon in the next few months; however, until that time the new collection will be available exclusively through Touch of Elegance boutiques.

Fashions may be ordered in sizes from 8 to 14 in a price range starting at $175. Only a limited number will be made of each creation, and the client may select her own choice of color.

A second fashion show will be presented Nov. 27, at an invitational cocktail hour at the Bronze Door restaurant in Grosse Pointe Farms.

The couturiers expect they may soon have to add to their present staff of seamstresses and models because of this new development.

"We always plan to keep our prôduction in Tecumseh, even if the time comes when we have fashion showings in New York," designer Evel declared.

"I see no reason why the midwest cannot have a fashion capitol — right here in Tecumseh," he said.

Why not, indeed?

Police Check 3 Accidents

Only three accidents were investigated here by the Tecumseh Police during the past week. It was a big drop in frequency that had been running 10 to 15 a week.

A resume is:

Nov. 8 — Helen E. Williams, 43, Clinton, was cited for disobeying a traffic signal at E. Chicago Blvd and Maumee, after she ran into Robert Maupin, 59, of 201 E. Logan St. Both drivers were taken to Herrick Hospital for minor injuries, and both cars were taken away by wreckers.

Nov. 10 — Clifford Deaner, 606 Outer Dr., reported his automobile damaged Friday evening while parked on N. Maumee St. Other driver is unidentified.

Nov. 10 — Abraham Hunt, 38, of 2810 Munger Rd., pulled out of Tecumseh Products into the side of a car driven by William C. Kelemea, 45, Milan. Mishap occurred on E. Patterson St.

What a way to celebrate!

Two broken arms put an end to a steak on the grill and birthday dinner planned for Ken Kopke last Thursday.

An ambulance was needed to take him to Herrick Hospital, where he is encased in casts. The breaks are above the elbows. His face was badly burned and bruised as was his left shoulder.

The conference was directed by Clyde Vroman, Director of Admissions.

A workshop program was held Wednesday evening with three sessions available: Introduction to University Freshman Admissions and Placement, Current Status of University Freshman Admissions and Placement, and Admission of Out-of-State Freshmen.

During these group meetings members of the University Admissions office discussed the policies and procedures of admissions, as well as the required testing programs, and advanced placement.

Counselors were given the opportunity to ask questions and discuss these policies as they relate to counseling on the secondary level.

Tecumseh High School graduates who are presently freshmen on the U-M campus met with Mr. Pobuda and Lois Ann Henricks on Thursday to discuss the students' adjustment to the college life, how classes at THS had helped them, and what could be improved in the high school to aid future U-M students.

THS grads felt they were generally well prepared for the academic life at the U-M. The only real difficulty seemed to be in the type of studying, and this they felt, cannot be controlled by the high school; rather, it is the responsibility of the individual student.

Collingsworth Speaks

Arthur J. Collingsworth, son of Mr. and Mrs. Neri Collingsworth of Tecumseh, was one of four speakers at the "Vietnam - 67" program held at Oakland University, Rochester, recently.

Other three speakers participating were Congressman E. Ross Adair (R. Ind.), a ranking member of the House Foreign Affairs Committee, H. E. Chow Shu-Kai, Ambassador of the Republic of China to the United States, and General Lucius Clay, former U. S. Military Governor of Germany and Chairman of the Board of Continental Can Co.

Mr. Collingsworth, a graduate student at Georgetown University and a Research Fellow at the Center for Strategic Studies in Washington, is also Issues Chairman of the National Federation of College Republicans.

He visited South Vietnam in the summers of 1965 and 1966 as an observer and has spoken and written extensively regarding his observations there.

Aside from discussing the new role of the United States in Asia, Collingsworth expressed grave concern regarding the decline of U. S. prestige which he observed in Europe this summer. He called for the United States to assume a more forceful and positive leadership role in world affairs.

The "Vietnam - 67" program was co-sponsored by Oakland University and the Michigan Federation of College Republicans. It was attended by several hundred Oakland University students.

Cook House Is on Tour

Two classes to be shown at the "Bells of Yuletide" flower show of the Little Garden Club of Tecumseh will be in the ranch style contemporary home of Dr. and Mrs. Carlton Cook at 140 W. Brown St.

The show will be open to the public December 1, from 2 to 6 p.m. Tickets may be purchased from any member or at Don's Beef Buffet.

The proceeds from the ticket donations will go toward the club's city beautification project.

Dr. Cook says his home is done in early elementary, junior high and high school confusion.

One of the arrangements will be designed to go with a collection of three portraits of the Cook children, done by the local artist, Russell Steinke.

The set of portraits, painted of each child at the age of six, will be complete at the time of the flower show. The remaining three portraits can be seen on the paneled dining room wall.

Two sides of the living and dining rooms are glass windows which frame a living picture of Evans Creek that "changes with each season." Arrangements used in these rooms must, according to the rules of the Federated Garden Club, feature 95% fresh material and go with the theme "A Way-Out Christmas," plus the place they occupy in the room.

Ideas will be shown on a coffee table, end tables, oval dining room table of oiled walnut, and a blond finished piano.

The second class of designs to be seen at the Cook residence is five different Christmas wreaths or swags, appropriate for the front door. They will be shown on the many doors in the hall of the bedroom wing.

The tour will be completed through the kitchen which has beamed ceilings, treated with wallpaper matching the window curtains.

The third home to be toured on the Christmas Show is that of Mr. and Mrs. Jerry Eggleston and family, 709 Wenonah St.

The home will feature the theme "Oh Holy Night" with arrangements of fresh flowers and greens, using an accessory associated with the Holy Night.

The arrangements in the Eggleston home will be of various sizes, for dining table, kitchen table, end tables and a lovely hutch. The home is furnished in colonial style, using cherry, maple, and walnut woods accented with teak and fabrics.

Next week, the fourth and final home of the tour, that of Mr. and Mrs. Donald Smith on River Acres Dr., will be reviewed.

Nine accredited judges from throughout the state will select winners in all the classes. Visitors in the past have enjoyed reading the comments made by the judges on each entry, whether they agree or disagree with the decisions made.

News From Boysville

By GREG KOVACS

Over the past several years discussion has taken place as to the possibility and advisability of changing the name of Boysville High School.

During the week of Sept. 18, 1967, the Board of Trustees, at its annual fall meeting, discussed the matter and came up with the decision to make the change. Consequently, it adopted the name "Thomas More High School" to replace Boysville High School.

Only the name of the school has been changed. The total institution will continue to be known as "Boysville of Michigan, Inc."

—•—

Boysville began its 20th year of operation on Sept. 4, 1967, when new and returning students arrived on campus. The following day was a period of orientation.

The orientation was held for all of the students as to the philosophy and the rules of the school.

Enrollment figures for the '67-'68 school year are as follows:

8th grade — 26.
9th grade — 64.
10th grade — 38.
11th grade — 24.
12th grade — 24.

This brings the total enrollment to 176 students, just four short of the 180 capacity.

—•—

A new department has been added to the administration — the social services department, under the direction of Robert Devlin. He was hired to be director of guidance and counseling. The Social Services Department will help a boy get admitted to Boysville more readily and help a boy who is here with a problem.

—•—

Music department, under the direction of Bro. James Bergman, a new faculty member, has seen a great change this year as it was added to the regular school curriculum.

The Drum and Bugle Corps is the largest it has ever been in the history of the school with 42 members. The Glee Club has 40 members.

Both groups have many engagements for the coming year. The Corps has its first parade scheduled for November 11 in Adrian, and the Glee Club performs at the Ford Auditorium in its first engagement on Dec. 4.

Both Drum and Bugle Corps and the Glee Club are planning a winter concert, which will be held here on campus on Dec. 21. The public is invited to see them perform.

—•—

The Canteen, sponsored by the Class of '68, is in full operation. The money profited by the project will go to help finance the cost of the senior class trip, which is hoped to be New York City.

This year, pop is being sold in cups instead of bottles to keep the students from littering the campus. Students are not allowed to bring either bottles or cans of pop on the campus.

Also added to the Canteen was a candy machine, which will eliminate confusion at the counter, and a juke box, now in repair, is being hopefully waited for.

The juniors and seniors ordered their class rings on Sept. 29. Since the class rings of Thomas More are a traditional school ring that never changes, all that had to be done was filling and picking the color of stone.

—•—

Brother Majella Hagerty, C.S.C. made his annual visit to the campus of Thomas More during the early weeks of October. He was here as a teacher of teachers, being the supervisor for the Brothers of the Holy Cross in the Midwest Province. Bro. Majella aided the new teachers in getting a good start in the educational field and also helped experienced teachers, who may have wanted or needed his viewpoints on teaching methods.

He is the author of two booklets, entitled "Techniques of Teaching" and "Tips for Study for Teens," both of which are best sellers.

—•—

Brother Edward Overstreet was added to the faculty this year to relace Brother Jeffrey Michels as principal. Besides being principal, he is teaching 11th and 12th grade English and is moderator of the Camus Info, the school newspaper.

Alan Burnett has been added to the coaching faculty staffs. He is our new head football coach and teaches physical education and government and economics.

Before coming here, Mr. Burnett was an assistant coach at Schafer High School in Southgate, a Class A school. This is his first year of head coaching, and so far, he has posted a winning season.

—•—

Five new dark rooms were added to the Photo Club to boost the number of people able to work at the same time. The partitions were put into unused space by the maintenance department.

—•—

Two new sidewalks have been added to the campus. The main objective for the sidewalks was to shorten the distance from the dining hall for the students located at St. Joseph Hall.

—•—

A Halloween Hop at St. Joseph Academy in Adrian attracted 55 students from here on Oct. 14.

The dance was first of many between Boysville and St. Joseph students. It proved to be a very entertaining evening for all that attended and the traditional cider and donuts were served by the Hostess Club of the Academy.

Two Picked on 1st Team

Doug Schwartz, tackle, and John Anderson, fullback, have been picked on the first team of the Huron League.

Buddy Work, halfback Jim Upell, guard; Jim Parros, tackle; and Dick Hale guard, were selected for the league's second team. Tecumseh's two first team selections and Work were tri-captains for the Indians this year.

Jim Mobley, who missed about half the season with an ankle injury, received honorable mention.

Coach Tom Fagan will miss all but Parros when Tecumseh starts grid practice next year. Parros, 210-pounder, is a junior.

MSU Graduate Starts Interior Decorating Service

"Furniture is my biggest interest and antiques are a hobby of mine. In fact I live with them," said Carol Lowery Wednesday as she talked among the colorful draperies, rugs and beadspreads at Ruston Kraft Draperies.

Mrs. Lowery's husband, William, is historian for the Department of Conservation and is in charge of the restoration of Walker Tavern at Cambridge Junction. They live in a white building behind the famous old landmark on US-12.

When Carol walked into the local drapery shop and talked with owner, Jean Hall, the two found they had much in common as they discussed interior decoration.

Jean offered to teach Carol to make draperies and to help her get started here in interior decoration. Her services will be offered on a fee basis to customers.

Carol was graduated from Michigan State University in 1961 and was employed as a designer for J. W. Knapp Co., in Lansing, since that time.

She had recommended furnishings for model homes and for the Businessmen's Club at the Jack Tarr Hotel in Lansing.

Attends Convention

Robert Benham, counselor at Tecumseh High School, attended the Michigan Counselors Association convention at the Jack Tar Hotel in Lansing last Monday and Tuesday.

He represented the high school guidance department.

Theme of the 25th annual convention of counselors and personnel workers in education was "Search for Identity". Guest speakers and small group discussion consumed a majority of the meeting time.

Among the guest speakers were the president of the American School Counselors Association, Dr. Eldon E. Ruff, who spoke on "Confrontation and Challenge — An Unfinished Dream"; vice-president for Special Projects at Michigan State University, Dr. Gordon A. Sabine, who spoke on "More Than Money"; and Father Hugh Michael Beahan, director of radio and television for the diocese of Grand Rapids, who spoke on the subject of "Yes, But Who Are You?"

Small group sessions, which Mr. Benham attended, dealt with group guidance and flexible scheduling. One group discussed the use of dynamics with school-related groups. Another talked over activity group counseling and its effective use with the culturally deprived student.

Attending a reception Sunday afternoon for Mrs. Condit were Mrs. Josephine Prielipp, Mrs. Harold Bodine and son, and Mr. and Mrs. Ivan Bidle and children of Holloway; Mrs. Wanda Hartman and daughter, of Blissfield; and Mrs. Ancel Renner and children, Onsted; Mr. and Mrs. Stanley Poet and children, Manchester; Mr. and Mrs. Pat Brower and son, Ypsilanti; and Mr. and Mrs. James G. Many pretty gifts were presented to the honored guest.

12-Year-Old Hurt in Snow Ball Play

Wesley Jones, 12-year-old son of Mr. and Mrs. Glen Jones of Tipton, was seriously injured Nov. 5 while playing with other children on the lawn.

Following a brief snow fall, the youngsters were attempting to make snow balls and chose sides for a battle.

Wesley was struck in the eye with a ball that included sand and gravel, and then almost immediately, he was hit in the same eye with a coat hanger that a little boy was brandishing in the fray.

Cold packs were applied but not realizing the seriousness of the situation, he was not taken to a doctor until the following day when it was discovered that the optic nerve had been injured.

He is a patient at Bixby Hospital, improving gradually.

Flying Squaws Finish Third

Mrs. Richard (Hazel) Jacobs, pilot and her co-pilot, Mrs. Roy (Rose) Banks finished third in the Fairlady Annual Indiana Race, held in Bloomington, Ind., two weeks ago.

Attired in feathered Indian headgear, the pair whizzed over the 300-mile course with six pylons and just missed first place in their Cherokee 140 by 11 seconds.

Mrs. Jacobs, a Tecumseh resident for 15 years, has moved to Adrian, and Mrs. Banks, a long-time resident of Morenci is in the process of moving to Tecumseh.

Mrs. Jacobs and her husband, Richard, are both Federal Aviation Agency approved flight instructors and have trained many area residents in the art of flying at their FFA approved flight school, the Jacobs Flying Service, just outside Adrian.

HERALD PHOTO BY BILL WHITING

JAYVEES UNDEFEATED — Tecumseh Jayvees capped an undefeated grid season this fall, posting a 7-0-1 record with only a 13-13 tie with Willow Run marring an otherwise perfect season. Victims included Monroe CC, Saline, Airport, Gibralter Carlson, Blissfield, Adrian, and Grosse Ile. Members of the squad are, first row: Mike Kennedy, Mike Simpson, Oscar Lopez, Bill Gibson, Tom Auito, Jim Kane, Ralph Miller. Middle: Coach Jerry Fox, Gerald Girbach, Paul Hamilton, John Robert, Chuck Holmes, Marv Maynard, Jim Dixon, Head Coach Vic Lawson, Ron Barker, manager. Top: Steve Tilton, Bob Reed, Richard Roost, Mark Brown, Bob Dixon, Jack Baker, Jim Curtiss, and Steve Hinkleman. Absent for the picture were Russ Johnson, John Birchfield and Jack Edwards.

Meritorious Citation Given

Pfc-E3 Daniel Hanusack, grandson of Mr. and Mrs. Joe O'Pravil, 9702 Hewlett Rd., was awarded a citation for meritorious achievement by his regimental commander recently.

Hanusack has spent many summers in the Tecumseh area with his grandparents and one year was employed by The Tecumseh Herald, delivering papers in the lake area.

Mr. O'Pravil said that his grandson told him of another act of heroism that he performed last summer, but he had not written of the recent fire.

A four or five-year-old girl was thrown into the water by an exploding bomb and Hanusack saved her life by jumping in, boots and all. The boots pulled him down and he nearly drowned himself before he got the child out of the water.

The recent Army citation reads:

By direction of the Secretary of the Army, under the provisions of AR 672-5-1, the Army Commendation Medal is awarded to Private First Class E3 Daniel Hanusack for meritorious achievement in connection with military operations against a hostile force in the Republic of Vietnam. Private First Class E3 Hanusack distinguished himself on 3 August 1967 while serving with Troop E, 2nd Squadron, 11th Armored Cavalry Regiment. On this date, while Troop E was engaged in a combat operation, one of the assault vehicles hit and detonated an anti-tank mine, resulting in injury to the entire crew. Private First Class Hanusack, upon observing the exploding and burning vehicle, immediately ran to the site and attempted to extinguish the flames. Upon discovering that two individuals were trapped under the burning wreckage, Private First Class Hanusack directed his efforts toward saving the lives of the trapped men. With complete disregard for his personal safety, Private First Class Hanusack remained in the danger area fighting the fire despite the fact that ammunition, hand grenades and demolitions were exploding inside the vehicle. When all portable fire extinguishers had been expended, he used a shovel to throw sand and dirt on to the burning vehicle in an attempt to smother the flames. Through his untiring efforts, the fire was kept under control and the trapped individuals were gulled free. Private First Class Hanusack's meritorious achievements are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit and the United States Army.

Standing, from the left are, Shirley Wagner, Donna Osburn, Beth Moore, Cindy Steadley, Jean Brazee and Irene Dauber. Marsha Perrin is down front in the picture, taken through a megaphone, by Herald photographer, Bill Whiting.

VFW Holds 6th District Meeting Here

Over 200 members of the Veterans of Foreign Wars and its Auxiliary were in attendance for the Sixth District meeting held in Tecumseh on Sunday.

A roast beef dinner was served at St. Elizabeth School by the Hall-Slater [illegible] and Ladies' Auxiliary of Tecumseh.

The 6th District Commander, Les Deitrick of Monroe, welcomed Pat Foley, the department commander, and National Aide de Camp officer, Max McCarn. Various veterans benefits were explained in detail by Norman Bielak, department service officer.

Mrs. Nelson Otto, 6th District President from Ann Arbor, conducted the meeting of the Auxiliary. Programs and plans for the national home, youth activities and Americanism were stressed by the department chairman. Schools of instruction were also held and proved beneficial for all officers.

The next district meeting will be held February 4, 1968, in Dundee.

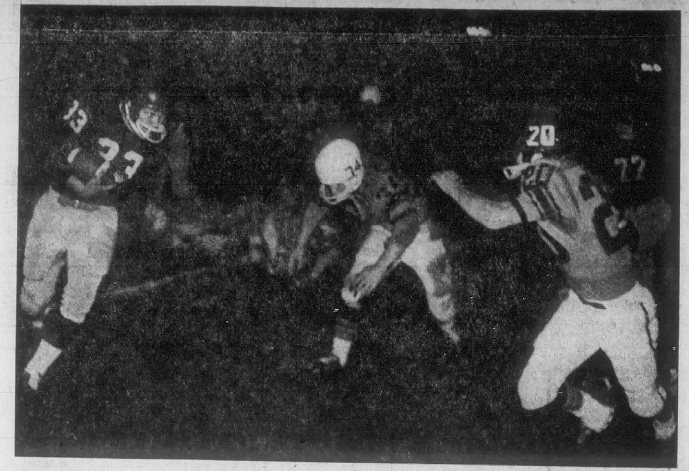
HERALD PHOTO BY BILL WHITING

GLOOMY EVENING — Friday night certainly was a gloomy one for the Tecumseh Indians — and it wasn't just the rainy weather. Adrian whipped Tecumseh, scoring three times in each half while holding the Indians scoreless. The local team finished the '67 season with a 3-5-1 mark. Unfortunately, it dropped four in a row before rallying late in the year.



HERALD PHOTO BY BILL WHITING

ROMPS IN WIN — Harley Westfall, hard-running Adrian fullback, shows his form before being dragged down by John Anderson (34) and Jim Hunt (20). The 190-pound senior scooted for three touchdowns as Adrian outclassed Tecumseh, 37-0.

Maples Romp, 37-0

Tecumseh closed its season here Friday night against Adrian, and the Indians undoubtedly wish that their season had ended the week before when they tripped Willow Run.

The Maples routed Tecumseh, 37-0, in one of the most lopsided contests ever played between the two schools. Adrian boasted both an offense and defense, while the Indians were not able to muster either.

From an observer's viewpoint, it was the best Adrian team in several years, and the Maples' Harley Westfall must be known in the school's history as one of its *finest* runners.

Westfall didn't make up the entire difference between the two clubs, but he came close. Tecumseh simply couldn't stop the 190-pound senior, who consistently broke tackle after tackle, ridding both the Tecumseh line and secondary.

In fairness to the Indians, it was their poorest game of the year. Still, their best game probably would not have been enough to whip the Maples.

Adrian tallied in the first quarter with less than four minutes gone. After the Indians apparently had picked up a first down on their 30, a five-yard penalty nullified it and eventually forced Tecumseh to punt from their 27.

The center's snap barely moved — two yards — stuck in the mud, and the Maples took over on the 25. Three plays later, Westfall ploughed through from the 14.

About six minutes later, the next time Adrian gained control of the ball, the Maples scored with Gregg Arbaugh passing the final 15 yards to Joe Hiser, all alone in the end zone.

Just before the half, Adrian traveled 64 yards in 11 plays, including two Maple penalties, with Arbaugh again hitting Hiser. Only 1:15 remained on the clock when the 31-yard TD pass clicked.

Neither team scored in the third period, but the fourth was just 59 seconds gone when Westfall scored his second TD from the three.

The rout continued in less than four minutes when Bud Rowley skirted 53 yards, longest TD run of the game.

The Maples weren't content — or perhaps Coach Gary McNitt — as Adrian wanted another score, and got it when Arbaugh took to the air. From his 43, he spotted Westfall on the Indians 40 and the husky fullback galloped the remaining yardage.

Bumbles took away any chance the Indians had of getting on the scoreboard late in the fourth quarter.

After Adrian gambled and failed on a fourth down play at its 39, a Mike Kennedy to Paul Burns nass picked up 15 yards to the 20.

Jim Hunt then raced around right end on a pitchout to Adrian's five. Three of the next four plays were fumbles and Adrian took over on its nine.

Throughout the game, it was obvious Tecumseh was not in the visitor's class. If the Indians had been able to contain Westfall, they might have had a chance, as the fullback was a threat when even not carrying the ball.

Tecumseh had to defense against him, which paved the way for several nice gains by Rowley. Offensively, the Indians simply could not move.

Mrs. Jacobs Hosts 50 of '99' Club

Mrs. Richard Jacobs was hostess Sunday to about 50 members of the Women's International Pilots Association, called "The 99," at the Lenawee Country Club.

The club was named for 99 charter members with Amelia Earhart as the first president.

Mrs. Jacobs presented the program which included a colored film made by Columbia Broadcasting Co. out of New York, of the Meyers 200.

Two New York pilots, Joan Murray and her co-pilot, a reporter for the program "Eyes on New York," starred in pictures taken from the time the plane left Tecumseh for Seattle, Wash., where the 1966 Powder Puff Derby began and to Clearwater, Fla.

CBS sponsored the girls in the race in which they flew the Meyers 200, built by Tecumseh's Al Meyers. Ray Betzoldt, test pilot, installed the camera on the cowling.

The colored film presented beautiful scenery, weather and the excitement of the girls as they flew in the race.

Richard Henemyer, president of the Adrian Chamber of Commerce and Ray Laakaniemi, representative of the Kiwanis Club, extended an invitation to "The 99" to have Michigan Small Race in Adrian in 1969.

One requirement in hosting the event is to be able to seat, feed and sleep nearly 500 people.

Dianne E. Cesiel, Jerry L. Holdridge Wed

Dianne Elaine Cesiel of Phoenix, Ariz., became the bride of Jerry Lee Holdridge, Nov. 11, at an evening ceremony performed in St. Catherine's Church in that city.

Parents of the couple are Mr. and Mrs. Henry J. Cesiel of Phoenix and Mr. and Mrs. Arthur Holdridge, 9058 Matthews Hwy.

The bridal gown of Chantilly lace was fashioned with the traditional fitted bodice, full tiered skirt and cathedral train. It was trimmed with iridescent sequins.

Her shoulder length veil was secured to a petal cluster of peau de soie edged with seed pearls.

She carried a cascade of roses, centered with orchids.

Mrs. Robert Carter, sister of the bride, was matron of honor, and the bridesmaid was Marcia Corwin, dressed in powder blue satin brocade.

Mrs. Carter's two daughters, Sandra Lynn and Dawn Marie, were the flower girls.

John Phillip Maurer of Oceanside, Calif., was best man, and Kenneth Henry Cesiel, the bride's brother, and Robert Paul Carter, brother-in-law of the bride, seated the guests.

Among the guests were the groom's mother, Mrs. Arthur Holdridge, and Mr. and Mrs. J. P. Maurer of Oceanside, Calif. Mrs. Holdridge returned home by plane Sunday.

The bride attended Arizona State University, and her husband attended Adrian College before joining the United States Marine Corps.

After Nov. 24, the couple will go to Jacksonville, N. C., where he is stationed at Camp Lejeune.

An open house will be held here at the Arthur Holdridge home beginning at 6:30 p.m., Saturday evening, to introduce Jerry's bride to friends and family.

MRS. JERRY L. HOLDRIDGE

Don Moffatt Was Guest Speaker

Don Moffatt spoke to the Wit and Wisdom Club at a meeting at the home of Mrs. Herbert Munger, Monday evening.

Mr. Moffatt, introduced by Mrs. Ralph Comfort, spoke on activities of senior citizens.

He suggested that a long period of planning should precede a person's "second career" in life.

A modern day retirement plan must include financial independence which will be on a similar level with the earlier mode of living, he said, and urged the development of interests that go beyond the job, including hobbies and recreation.

Specific plans should include:

► Investments, wills, and legal protection

► Trusts, and estates, both essential to protected income

► Physical health, essential to full enjoyment

► Selection of a place to live, with one or more homes according to season and personal preference

► Recreation, essential to personal well-being

► Individual financial security in addition to Social Security and other regular income.

"Plan some activities that bring you in contact with people younger than yourself," Mr. Moffatt suggested, "and consider retirement the closing of one door and the opening of another, with more time to do things for the pure enjoyment of doing."

"Keep going like 60," he concluded.

There were 28 members present, and guests Mr. and Mrs. Dean Van Valkenburg and Mr. and Mrs. Raynor Van Valkenburg.

Mr. and Mrs. Robert Duhan were welcomed as new members.

The hostess served pumpkin pie and whipped cream. She was assisted by the Rev. and Mrs. Paul Brantingham and Mr. and Mrs. David Criss.

Half Notes Club Installs Officers

New officers of the Half Notes Junior Music Club were installed Friday in an impressive candlelight ceremony by Mrs. Truman Rentschler, counselor of the Music Makers Club.

In succession, the lighted candles of wisdom, harmony, understanding, justice, musicianship and those other ideals which might be chosen to illumine their musical pathway were passed to each new officer by Mrs. Rentschler.

After the installation, solos were presented by Vicki Vineze, on the clarinet, and Cheryl Moll on the piano.

Cindy and Connie Younglove combined for a piano duet.

Refreshments were served by Lynn Peck and Cheryl Moll. At the time, Mrs. Rentschler told about places she had visited this summer that were of musical interest to the children.

NEWS of
CLINTON
A SECTION OF THE TECUMSEH HERALD
EDITOR — MAXINE CALHOUN

Mr. and Mrs. Clyde W. Greenfield, 125 Litchfield, Clinton, will observe their golden wedding anniversary Sunday. Maud Pennington and Clyde Greenfield were married in Adrian on Nov. 19, 1917, and have lived all their married life in the Clinton area. An open house is being arranged by their family, Mrs. Robert Jackson, of St. Joseph; Mrs. Donald Corwin, of Clinton; Mrs. Thomas Judge, of Monroe, Conn.; Clyde, Jr., of Clinton; Charles, of Adrian; Ted, of Macon; and their 18 grandchildren. Friends and relatives are invited to call at the Smith-Kimball Community Center Sunday from 2 to 5 p.m.

Staff and Consultant Probe Grade Needs

CLINTON — Elementary school building needs were discussed in depth last Tuesday, when school was recessed to permit Clinton school faculty to meet with Dr. Charles Wells, building consultant for Wayne County School Districts, Jahr-Anderson, Architects, and Ralph Brant, architectural consultant.

Although concerned with the entire building needs of the Clinton Community Schools, the specific needs of the elementary building were formulated.

Needed are: two kindergarten rooms, four rooms for each of grades, one, three, four, five and six.

Two rooms are needed for special services, with space for speech correction, diagnostician, and social worker.

Eight more rooms would be utilized for a library, multi-purpose room, teacher work room, instructional material center, gymnasium - auditorium combination, band room, general music, and a suite of offices are required for the elementary principal and elementary counselor.

Superintendent Richard Wegner presented these conclusions to the school board meeting Wednesday night, and the following proposal was favorably received by the board members:

The plan is to use the present buildings for elementary; that the 1905 structure be torn down, and the 1927 unit be completely modernized.

Also proposed is a new high school for about 600 pupils, with facilities that can be expanded to meet needs for future growth.

Studies and specifications by the staff and advisors are to be completed by Dec. 15, and the to be submitted to a steering committee and the Board of Education by Jan. 15.

From this data, the architect will make sketches and prepare an estimate of the costs of the building needs of the district.

A date in late April is the goal for presentation of the proposition to the voters of the school district.

"PICK-A-LITTLE" SCENE — Clinton femmes sparkle in the gossip scene from "Music Man" to be presented Nov. 16, 17 and 18 by the high school choir. Director is Mrs. Donald Geiger. From left, they are Vickie Foster, Linda Moore, Judy Hoyt, Debby Grossman and Wendy Beach. Curtain time is 8 p.m.

Music Man Performance This Week

CLINTON — The complexity of set changes for the "Music Man" has proven to be the most difficult production problem for the CHS choir and drama classes.

Performances will be Thursday, Friday and Saturday at 8 p.m., at the Clinton High School, and will feature music by an especially-arranged orchestra comprised of band members.

More scene changes are involved in the musical comedy of the 1912 era, than ever used by the students before on the high school stage.

The most elaborate set is for the town of River City.

The loan of some drops from the Tecumseh Players has been of great assistance, and "we've done a lot of improvising," reports the director, Mrs. Donald Geiger.

There are no reservations, and all tickets will be available at the door. There will be a special rate for Clinton Elementary students, because there will not be a matinee performance.

About 100 students from Boysville were expected for a special performance Wednesday night.

Court Workers Describes Job

CLINTON — "Rewarding, frustrating, and sometimes heartbreaking," was the way Mrs. Jean Bailey, court worker, described the work of the Juvenile Division of the Lenawee County Probate Court.

Mrs. Bailey addressed the members of the Clinton Woman's Club on the subject of juvenile problems last Wednesday, at the Smith-Kimball Community Center.

The Juvenile Division has a staff which includes the director, three probation officers, one intake officer, and two secretaries. Much assistance is given by the Lenawee County Youth Center and the Huron Valley Child Guidance Clinic.

The court deals with neglected, delinquent, and dependent wards. At present, it is supervising 124 delinquents — 91 boys and 33 girls.

Delinquents become wards of the Juvenile Division usually on the referral of officers of the law, although parents or relatives often report cases.

Children are brought into court for breaking laws, truancy from school, running away from home, promiscuous sex activity, illegal possession of liquor, driving without an operator's license, and driving away a car."

Mrs. Bailey suggested that this lack of impulse control may stem from lack of communication between parent and child, or lack of agreement between parents. Another cause may be overindulgence of the child or lack of concern, especially in large families where both parents are employed.

She said that children with emotional problems are increasing.

The court is supervising 112 neglected children, 40 of them outside their own homes.

It has about 30 licensed foster homes, but they are not all active. Some of the children are placed for adoption — 66 now in process — but many of them do not seem desirable for adoption. More good foster homes are needed for boys and girls, especially those who have no homes to return to.

There were 43 present at the meeting, including several guests, the officers of the Lenawee County Federation of Women's Clubs, Mrs. Guy Cyr, of Adrian; Mrs. W. P. Rogers, Palmyra; Mrs. Clarence Brock, Tecumseh; Mrs. Ruth Borriedale, Jasper; Mrs. Stanley Goodale, Adrian; and Mrs. Evert Netcher, Onsted.

Other guests were members of the Macon Woman's Club: Mrs. Paul Kollar, Mrs. Lilburn Burleson, Mrs. Clare Gillespie, Mrs. Arthur Hill, Mrs. Lyle Riddell and Mrs. Russell Van Valkenburg, and from Onsted, Mrs. Theo Polling.

Mrs. Ralph Reed reported on the need by the Goodwill Gift Shop for items, and the Youth Center is in need of robes and slippers.

Upon the suggestion of Mrs. Frank Fitzpatrick, a plaque will be purchased and placed in the Clinton High School, and the name of the Woman's Club scholarship winner will be inscribed each year.

Ceramic turkeys and pheasants were the accent decoration on the tea table, which was covered with lace over gold teacloth and a centerpiece of fall flowers.

Two guest presidents, Mrs. Cyr and Mrs. Collar, presided at the tea service. Refreshments were served by Mrs. Edgar Randall, Anna Heimerdinger, Mrs. William Kershner and Mrs. Delbert Tallman, Sr.

The Dec. 13 meeting will feature a program of Christmas music arranged by Mrs. Ralph Reed, with pupils from the Clinton schools as participants.

Legion Auxiliary Wants Addresses of Servicemen

CLINTON — The American Legion Auxiliary is requesting addresses of all community servicemen and they be given to Mrs. Charles Voll or Mrs. Carl Garrison.

The Auxiliary plans to send a Christmas gift to each serviceman.

Mrs. Junior Feldkamp, the president, will go to Veterans' Hospital, Ann Arbor, on Dec. 4, to work in the gift shop.

It was voted to sponsor a delegate again to Girls State.

The next regular meeting will be on Dec. 5, with a pre-Christmas potluck dinner and $1 gift exchange.

Junior Auxiliary Elects Officers

CLINTON — The Junior Auxiliary Girls of the American Legion met recently at the home of Mrs. Reo Schwab with Mrs. Junior Feldkamp as advisor.

The following officers were elected:

President — Penny Voll.
Vice-president—Nancy Schwab
Secretary — Bonnie Waters.
Treasurer — Kathy Waters.
Sergeant-at-arms — Tressa McDermott.
Historian — Megan Feldkamp.
Chaplain — Nancy McDermott.

Meetings will be held on the second Tuesday of each month.

Initiation and a potluck supper will be held at the home of Mrs. Carl Garrison, Nov. 30, with regular Auxiliary members participating.

Golden Age Honors Local WWI Vets

CLINTON — World War I veterans, Clyde Greenfield, Sr., Frank Stuwe, and Ed Northrup were honored at the cooperative luncheon meeting of the Golden Age Club last Tuesday in observance of Veterans' Day.

Mrs. Ralph Halladay displayed trophies of the war from Germany, France, and Siberia. She recited, "When Johnny Comes Marching Home."

Mrs. Fred Kaiser recalled the demonstration which took place when a false armistice was reported on Nov. 2, 1918, and an effigy of Kaiser Wilhelm of Prussia was hung in the main intersection in Clinton.

Mrs. Glen Randall read two letters which were written in France by soldiers from this area and which were published in The Tecumseh Herald in November, 1918.

Group singing was led by Mrs. Albert Schwellinger.

The group has purchased a flag and a standard for use at the Smith-Kimball Community Center, where the Golden Age Club meets each Tuesday for a noon cooperative luncheon and social afternoon.

Priscilla Class Approves Project for Church Entry

CLINTON — "Ways to Abolish Anxiety" was the topic discussed by Mrs. Roscoe Parker for the meeting of the Priscilla class of the United Church of Christ last Thursday.

Mrs. Paul Dunham was the hostess for the meeting, attended by nine members.

A new project was voted. It is installation of a new ceiling and wallpaper in the rear entry hall of the church. Several donations have already been made to get the project started.

Mrs. Walter Geiger presented the program, reviewing Edith Dean book on "Marriage Customs in the Bible."

Mrs. John Hoelzer will again be the hostess and will prepare the annual pre-Christmas dinner for the group on Dec. 13. Members are to bring Christmas gift articles for the usual swap shop.

OFF the TOP

"Hi, you lucky people, I'm home!" and with that greeting, our college freshman announces his arrival home for the weekend.

Other weekends may be quiet and restful, but not the weekends when our student-son is around. He arrives with a huge, bulging sack slung over his shoulders like a sea-bag.

"He looks like Santa Claus," cries daughter. Santa Claus, indeed; that sack isn't full of goodies. It's full of a variety of male duds — all soiled, sweaty and wrinkled; plus a few books and other assorted articles.

"Here's a present for you, Mom," he teases, dropping the sack at my feet. Thanks a lot, I mutter to myself.

Of course, we are all happy to see him, in spite of the ominous presence of the lumpy sack of dirty clothes. I whisk it down to the laundry room and out of sight.

Actually, we miss him more than we thought we would. His adjustment to college has been relatively easy compared to our adjustment to having him gone. Well, if we're supposed to raise our children to be self-reliant and independent, I guess we've done a good job.

We enjoy a few minutes of conversation, catching up on the news on both sides, then he jumps up, grabs the car keys off the hook, and he's off to visit a friend for awhile.

"Get your hair cut while you're out," I yell out the door.

I make my way to the laundry room, dump out the contents of the laundry sack for sorting, and start the washer. Might as well get going. I didn't know that kid had so many clothes, until he brings them all home for me to wash and iron.

After the washing is underway, it's time to start supper, with his favorite foods on the menu. Dorm food isn't too bad, he says, but it's not like home. I discover that he misses the handy cupboard and refrigerator the most — the guys eat supper around 5:30, but are up until 1 o'clock or more every night and they sure get hungry.

I've already stored up a stockpile of cookies, apples, snacks and candy for him to take back to school. But I imagine it soon disappears in a room shared with four other healthy, growing boys.

I give a passing thought to what their rooms must look like, after a couple of months of confined masculine living, with no mother around to nag about cleaning up then I shudder inwardly. It's probably best not to even think about it!

Dad and I had looked forward to a long visit that evening, but discovered that the two boys plan to go out. Naturally, they want the car; naturally, they want Dad to put gas in it; and naturally, they are broke.

Dad obliges on all counts, and they depart, leaving us alone with their little sister. Might as well go and do some of that ironing, then it won't all have to be done tomorrow.

We are up watching late TV when the boys return. No. 1 son, who is used to staying up 'til all hours, is in a talkative mood, so we have a good talk about many things.

It is good to see his horizons expanding already: he's had only a hint of the challenging things to come. Suddenly, it is almost two o'clock, and we must get some sleep.

In the morning we have a hearty breakfast, as our offspring says he never has time for breakfast at school. I imagine not, with those crazy hours he keeps.

Little sister, happy to have her brother back at his regular place at the table beside her, crawls up onto his lap for a few moments of cuddling.

After church and dinner, there are those last shirts to iron. Son begins to gather up his belongings in readiness for his return trip. His brother follows him around, making sure he doesn't accidentally take something that belongs to him!

By the middle of Sunday afternoon, our scholar is getting restless, and wants to go back to school. Relaxing with the Sunday paper, I inquire if he can't do some studying first.

"Well, I can study better at school."

"You studied here for 12 years," I sighed. Well, at least he didn't want to get back for the reason I heard one mother tell — her son wanted to be back by 2 p.m., because his dorm had a game of touch football scheduled with the neighboring girls' dorm!

In a short time, our off-spring gathers together all of his clean clothes, his books, all the food he can carry, hunts around for his winter gloves and hat, and is ready to go.

A friend arrives unexpectedly to pick him up, and they quickly depart into the twilight.

Peace descends on the household once again. The record player and radio are silent, and the boisterous noises made by two healthy teen-age sons are stilled when one has gone.

And even as we rest, tired from the extra activities of the weekend, we look forward to the Thanksgiving holiday, when he will be home again.

Then suddenly a horrifying thought hit me, what will it be like in just two short years, when we'll have two sons in college each coming home with an overflowing laundry sack?

VOICE of THE HERALD

Can It Wave Too Much

By SIDNEY L. DeLOVE

Is it possible to wave the flag too much?

Provided, of course, that you wave it with integrity? Is it possible to study Lincoln or Shakespeare too much? Is it possible to read the Bible too much?

The great, the good, the true, are inexhaustible for inspiration, example and strength. I believe that we are not waving our flag enough, not nearly enough. It seems to me that we are developing a tendency to be timid or even apologetic about waving the stars and stripes.

Walk up and down the streets on July 4th and count the flags. It is our nation's birthday, a sacred day in world history, the most important day of America. Why isn't the flag flying on every rooftop and from every home and building? This complacent attitude is strong evidence of cancerous patriotic decay.

The flag is a symbol of our national unity. It is the spirit of our undying devotion to our country. It stands for the best that is in us . . . for loyalty, character, and faith in democracy.

Isn't our flag a synonym of the United States of America? Does it not represent man's greatest, nobles, most sublime dream? Is it not the zenith of achievement, the goal to which generations have aspired?

Ladies and gentlemen, I believe it is time for us — for the mad, rushing Twentieth Century American — to stop for a moment and think. Let us arrest our near reverential admiration of material success and return to the spiritual and ethical values. Let us imbue and rekindle in ourselves and our children the so-called old-fashioned way of patriotism, a burning devotion to the principles and ideals upon which our country was founded.

Should not every home own and proudly display the colors on holidays and other such occasions? Isn't the flag Patrick Henry, Jefferson, Franklin, Washington, Nathan Hale, Gettysburg and Valley Forge, Paul Revere, Jackson and other great men and women who have given us, our heritage?

When you look at the flag can't you see the Alamo, Corrigedor, Pearl Harbor, The Monitor and The Merrimac? Lest we forget, isn't the flag Flanders Field, Bataan, Iwo Jima, Normandy, Babe Ruth and Davy Crockett?

The great events of our past and present are wrapped up in our flag.

It is a symbol of this blessed nation, a giant in industry, education and commerce. Millions of fertile square miles, wheatlands, coal mines, steel plants. Our great republic the chosen infant destined to be man's last remaining hope for suffering humanity, a shining beacon of light, noble and glorious, the haven for the oppressed and persecuted and truly God's gift to mankind.

That is what the flag means to me. Can we wave it too much? I don't think so.

Farm Youths Restricted

Because some folks have accidents in automobiles, should everyone be prevented from driving?

Because some people are injured when they fall in the bathtub, should all be stopped from taking baths?

Some fuzzy-minded thinking has fostered a new federal law, signed last week by Secretary of Labor Willard W. Wirtz.

The order, which becomes effective on Jan. 1, will affect about 800,000 paid farm workers under 16 years of age — one-fourth of the total farm work force.

Wirtz said that an incomplete survey of seven states showed nearly 4,000 injuries in two years to farm workers, age 10 to 17.

On the basis of this 'incomplete survey" youths under 16 may no longer be employed in any farm occupation listed as hazardous, except by their parents.

From riding or driving a tractor of more than 20 horsepower to working on a ladder or scaffold more than 20 feet off the ground, the order forbids the operation of almost all farm equipment with any moving parts, as well as working in a pen, or yard, or stall with a dairy bull, boar, or stud horse.

The standards were authorized last year by Congress in amendments to the Fair Labor Standards Act of 1938. The amendments also set minimum wage rates for certain farm jobs.

Many thoughtful rural parents of teenage boys, have weighed the hazards of a summer of idleness, when youth seek outlets for pent-up energy, in comparison to the character and body-building benefits to be gained by outdoor hard work on a nearby farm, in the past, they decided to permit their sons to accept such employment.

Youngsters who grow up around farm machinery, soon learn a healthy respect for its power and danger.

Many a 14- to 16-year-old has gained muscle-tone and coordination, in a summer spent on a hay baler, or by stowing away bales in the mow, to serve him well on the football field in the fall.

The qualities of responsibilities for a task, respect for an employer and skillful use of tools and equipment are on-the-job training which can hardly be duplicated in a post-16 high school course, which is sandwiched into the busy school routine.

It seems to us everyone loses by this law, including the farmer, who has no alternative source of labor for his brief planting and harvesting season. Also the boys who have had most other job opportunities closed by insurance regulations in recent years.

Mom and Dad will have to come up with some pretty good answers for their sons by next spring . . . for the question: "What am I going to do all summer, Mom?"

OUR READERS WRITE

TO THE EDITOR:

Seeing that Tecumseh Fabricare's picture of two dead ducks hanging in our lounge has reached Behind Page One news, I would like to explain that the picture was donated to us by a very good dry cleaning and laundry customer.

It didn't exactly blend with the lounge furnishings, so after considerable thought, and one nail hole already in the paneling, I hung the picture sideways.

It has been an amusing conversational piece for about a year and a half.

To you concerned laundresses, we are in the process of purchasing a new wall decoration. Thank you for taking notice.

Faith Cote

P.S. Besides, the original owner had the picture hanging in her home the same way.

CHANGES AT THE FEEDER

A year-round feeding program provides four very different kinds of bird activity. In the spring, for example, some of the courting ritual's food-sharing faze is done right at the feeding stations; during the summer months, many of the screaming, always hungry youngsters are introduced to the joys of a free lunch counter; and at the first sign of fall nippyness, the birds flock to the feeders with carefree lightheartedness.

I suppose that after the important business and hard work of raising a family, it must be a relief to shed a few of the responsibilities for a few weeks.

All too soon, though, winter comes and with it a complete change of mood — survival is the name of the game and finding enough food is serious business, indeed.

As the cold weather watching approaches, we also notice an increase in the number of birds who patronize our banquet boards. Already the trim and sleek little tufted titmice are here in mid-winter force. Five of the grey ones are practically regulars.

Thanks to our good friend, Mr. "Mac", we are again going into the winter with a good supply of beautiful sunflower heads. They are big, packed full of fat, black seeds and the titmice are in seventh heaven.

★

THE BLUE JAYS are in their own particular ecstasy over the fresh sunflowers. Whereas, the titmice are dainty eaters, picking out and eating one seed at a time, the blue jays have no table manners at all.

They attack a head, they grab, gobble and gulp. The jays are not [illegible] about a crowded lunch counter, either. Five of them have occasionally mobbed the feeder and mob is exactly what it is. These are big birds.

The titmice, though, seldom seat more than three — the remaining two patiently wait for someone to leave before venturing in for a snack.

One of our upside-down nuthatches is absolutely grim at the feeders, he is not about to be friendly with anyone.

So far the blue jays have been safe but he hurries to do battle with every sparrow, titmouse or other nuthatch who entertains any silly ideas about sharing.

Really, the feeders are plenty large enough and there is ample food for all — he just doesn't see it that way. And who am I to criticize the other birds for moving out of his way, a nuthatch's long sword-like bill could be a formidable weapon.

I was particularly unhappy with him a week ago Friday. One of the freeloaders whom he so unceremoniously "ran off" was a winter-garbed goldfinch.

We are not often lucky enough to host these little greenish-bodied, black and white winged birds and so needless to say, the nuthatch's actions were not appreciated. In fact, I turned the tables on him, waved my arm toward the window a few times and he left in a hurry.

★

ANOTHER characteristic of a winter feeder is the appearance of several non-summer birds. Juncos and chickadees are the most abundant newcomers.

The chickadees, as of this writing, have not yet showed up but the little roly-poly juncos are here in full force. They arrived the 14th of October.

Although not overly interested yet, in what foods the feeders have to offer, several of them have hovered over the tray by the window and taken a good look. Were they "casing the joint" or merely giving in to their sense of curiosity? Whichever the case may be, I am sure it will take a good snowstorm to bring these little black-hooded birds up for any kind of regular feeder eating.

Right now they are much too contented with the seeds and spilled-off scratch feed which is found on the ground.

So it is that as one season follows another, we enjoy all the changes at the feeder.

Two Area Men Killed in Vietnam

SGT. RICKIE SPARKS
of Clinton

Tecumseh's second Vietnam casualty and Clinton's first were reported Saturday when David Brooks and Rickie Sparks were killed.

The parents, Mr. and Mrs. Theodore Brooks, 321 N. Malden Lane, and Mr. and Mrs. Sammie Sparks, Clinton, were informed of their deaths Sunday.

Both youths were hit and died from shell fragment wounds.

Tecumseh's first war fatality was Navy Lt. William Brown, son of Mr. and Mrs. R. S. Brown, 706 W. Chicago Blvd. He was killed July 8, 1965, in Chu Lai.

★

S/Sgt. Brooks was just home here in August, arriving from Germany where he had been stationed for approximately four and a half years. He had been in Vietnam only a month and 17 days before being killed.

He was graduated from Tecumseh High School in 1961 and enlisted in the Army in 1962. On June 2, 1966, he was married in Germany and brought his wife, Marvin, and daughter, Marnie, home with him in August.

They have lived here with his parents since.

He was born in Adrian on Oct. 12, 1943.

Survivors besides his wife, daughter and parents, include a sister, Ruth Anne, at home.

Military services were held this week in Vietnam. The body is expected to arrive in Tecumseh within the next week. Arrangements are pending at the Proctor Funeral Home.

Sgt. Sparks was serving with the Army at Di-An when he was killed.

He had been in the service just over a year, since Sept. 1, 1966, and had been in Vietnam since February of this year. Except during June, when he was hospitalized with malaria, he had been in combat.

★

He graduated from Clinton High School in 1965, and on June 18, 1966, he married the former Cynthia Parker.

Survivors, besides his wife and parents, are: three brothers, Samuel, Mark and Eric, at home; and grandparents and maternal grandparents in Illinois.

The body is expected at the Proctor Funeral Home in Clinton within the next week. The Rev. Jack Warner of Christ Episcopal Church, Adrian, will officiate, and burial will be in Riverside Cemetery.

Council OK's New Zoning for Hayden

Council, by a four to two vote, disregarded a recommendation from the Planning Commission Monday night and approved a zoning change for Hayden Mill.

Joe Hayden, general manager for the mill had asked for a change in zoning for a company owned lot, adjacent to the railroad tracks and to the mill, and had been turned down by the Commission.

The lot has been company property for many years and has been used commercially. City Manager Cal Zorn told officials that old maps of the city showed that it was zoned industrially, and then changed to residential in 1965.

Before Council voted, Mr. Hayden said the mill had an alternate plan and was not sure that storage tanks would be installed, as originally planned. In his plea before the officials, he mentioned a possibility of a service garage for the company's trucks.

Councilmen George McCombs, Ray Puffer and Dr. Carlton Cook spoke favorably for the change and were joined in the voting by Gene Tuckey.

Mayor Harold Easton and Don Sunderland voted against a change.

Cubberly House Option Is Taken

A three-month option on the Neva Cubberly house and property on E. Shawnee St., was taken out by the School Board Monday night.

Price agreed upon was $8,500.

No action was taken on acquiring property on James St. and N. Maumee. The asking price of $10,000 has been considered too high by the Board.

School Plans May Bond District to $900,000

Cost of a new elementary school building on Sutton Rd. and other developments may require the School Board to bond the district up to $900,000 in the near future.

Officials hope to receive the architect's drawings within a week and an estimate of the building's cost.

The other developments include a bus loading site — the city has ordered the schools to quit loading or unloading students on city streets at the end of the present school year.

Parking lot improvements at the high school and acquisition of land for future construction will be included in the total bonding amount.

Since the 1957 bond issue of $1,900,000 expires at the end of this year — and 5.12 mills — the Sutton school and improvements will not hike the tax payers' load.

Robert Duhan, assistant superintendent, says a maximum bond issue of $900,000 for 11 years will require 2.315 mills. If the Board would decide on 21 years, only 1.525 mills would be necessary.

A major expense could be land acquisition. Several sites are under consideration, and it's possible that an option may be signed before the end of December.

All sites are inside the city and close to city sewer and water lines.

Whether the next building is for a new high school, or a middle school — grades six, seven and eight — has not been decided. What size to build is another problem, although Tecumseh officials are not counting on Clinton ever merging with Tecumseh.

Britton is possible, but questionable, and any thoughts as to merging have not been discussed between the two boards for sometime.

Voters will not decide bonding the district since Tecumseh is a Class III District and can bond up to 2% of the state equalized assessed figure, which is approximately $46,000,000 for the district.

Many Tecumseh and area churches are planning special Thanksgiving services, with some scheduled Wednesday evening and others on Thanksgiving Day.

Six churches are participating in the annual community service which is being held this year at the Friends Church. Churches reporting special services are:

Community

The Rev. John Lover of the Grace Methodist Church of Ridgeway and the Rev. Seal Janeway of the Tecumseh Missionary Baptist Church will be the speakers at the annual Community Thanksgiving service, Wednesday evening at 7:30, at the Friends Church.

The Men's Quartette and the Ladies Trio of the host church will present special music.

The Rev. Janeway will emphasize "Giving" and the Rev. Lover will speak on "Receiving."

St. Peter's Episcopal

St. Peter's Church will be opened at 7:30 p.m. Wednesday for a Thanksgiving eve celebration of the Holy Communion.

There will be no service the following day.

St. Elizabeth Catholic

The Rev. Fr. Thomas Collins announced Monday that Thanksgiving Mass at St. Elizabeth Catholic Church will be held Thursday at 9 a.m.

Fr. Collins urges parishioners to bring their contributions of clothing for the Catholic Relief Service 1967 Clothing Collection.

He stated that the undertaking is a huge one and participated in by all Catholic churches throughout the nation.

Clothing is packed and shipped to New York Jan. 1 for dispersal throughout the world.

Grace English Lutheran

"Why, Thanksgiving" will be the subject of a sermon given by the Rev. Kurt Koeplin at the Grace English Lutheran Church Thursday at 10 a.m.

The choir will sing the anthem by Shnable, "Lord, Our God, How Great Thou Art."

Christian Science Society

"Thanksgiving" will be the lesson topic for Thursday, Nov. 23, at the Christian Science Society 10:45 a.m. service.

HMH Getting Intensive Care

A special coronary and intensive care unit will be opened in Herrick Hospital in late December.

The new unit will be built in the older section of the hospital and will consist of a four-bed complex for coronary patients and in combination with intensive care beds.

A 20 by 30-foot ward will be converted for the unit.

Herrick Hospital Auxiliary has pledged $15,000 for new equipment, which is expected to be ready for use by mid-December.

Although new transistorized equipment will replace this in January, the equipment will enable doctors and nurses to monitor heart rate, provide a continuous electro cardigram on a screen next to the bed and at the nurses' station, and allows for emergency alarm.

Coronary care units are being rapidly installed in many hospitals, and [illegible] how that the fatality rate is 15% less than that of regular hospital care.

Classes for nurses and doctors in intensive care have been held for the past several months.

The Auxiliary received a considerable portion of its allocation through donations to the Herrick Memorial Heart Fund.

Fire Hits Trailer in Lee Villa Ct.

Fire damaged a trailer owned by Mr. and Mrs. Richard Wollaeger [illegible] Trailer Court Monday afternoon.

The blaze started from an overheated furnace and damaged the chimney and roof.

The Sheriff's department was called at 4:32 p.m.

Mr. and Mrs. Wollmer and two children are staying with neighbors while the trailer is being repaired.

Asks for Protection

A request for fire protection from Stauffer Chemical Co., three miles south of Tecumseh on Sutton Rd., was tabled by Council Monday night until city officials could determine the cost and risk involved.

Officials here had anticipated a request from Stauffer since Oct. 16, when they told Fisher Body that Tecumseh would provide protection.

Since May and prior to Oct. 16, Tecumseh has not made any fire runs into Raisin Township. The Township Board told the city last spring that it did not want city protection and would not pay for any fire calls into the township.

Monday afternoon, the local fire department received a call from the Lee Villa Trailer Court, where an over-heated stove did minor damage to a trailer. Tecumseh took the call, notified the sheriff's office, but did not respond.

The township's fire department arrived at the scene about 20 minutes after the alarm here.

Before granting protection to Stauffer, Council wants to know the risk involved, since a fire at the plant could result in battling a chemical fire.

Mayor Harold Easton, City Manager Cal Zorn, and Wallace MacGeorge, fire chief, will inspect Stauffer's facilities and determine the cost and risk.

Although protection is now granted Fisher, neither the company nor the city have worked out charges to be assessed.

Monday night, Mayor Easton suggested a mill on the assessed evaluation. This would cost the plant about $4,000 a year.

The basis of one mill, however, is less than city residents pay. Mr. Zorn told Council that the local rate is 1.2 mills.

Yule Hours Announced for Stores

Christmas shopping hours have been scheduled for downtown Tecumseh merchants. They're approximately the same as in past years.

Most stores will be open 9 to 9, Fridays and Saturdays, before Christmas.

Starting Dec. 15, the stores will be open daily until 9 p.m. through Dec. 22. On Saturday, Dec. 23, they are scheduled to close at 5:30.

Santa Claus, sponsored here by the Chamber of Commerce, will arrive on Saturday, Dec. 16, and will be at his headquarters on the four corners, Dec. 16 through Dec. 23.

City Clerk To Have 'Day'

By official action of Council Monday night, Mayor Harold Easton proclaimed Nov. 28 as 'Naomi Sallows' Day" in Tecumseh.

The veteran city clerk-treasurer will retire Dec. 1 after 16 years' service with city government.

An open house at city hall will be held during the day for well-wishers of Mrs. Sallows. Refreshments will be served.

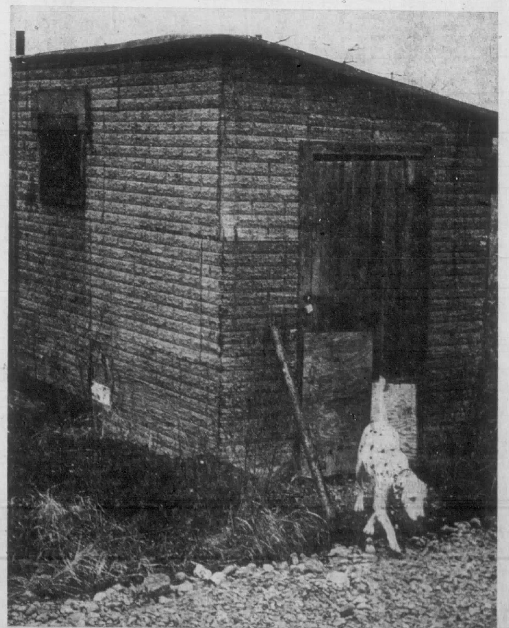
Mayor Easton has also proclaimed November as "One Nation Under God" month for the national and Tecumseh Exchange Club. The proclamation urges citizens to make greater use of the Pledge of Allegiance to the Flag.

Party Dec. 20

Tecumseh School Board will host all school personnel at its annual Christmas party at the high school on Dec. 20.

It will mark the third time the Board has sponsored a dance in the gym.

Vera Zornow, head bookkeeper and deputy clerk-treasurer at city hall, has been appointed to succeed Naomi Sallows as clerk-treasurer. Cal Zorn, city manager, recommended the appointment and Council approved it Monday night. Mrs. Zornow has been a city employee since 1949, longer than any other worker at city hall.



CITY'S CANINE CENTER — Tecumseh's Dog pound frequently attracts the attention of Ruby Caesar, head of the Pet Watchers, and no wonder. Even city officials admit it leaves a bit to be desired. City Manager Cal Zorn says better dog days are coming — if and when a new city garage is built. He will propose such a construction next year.

Herrick Nurses Being Trained in Uses of Cardiac Care Unit

Coronary Care and the Intensive Care Unit were the topics discussed at the November meeting of the Herrick Memorial Hospital Auxiliary. Dr. Richard Coak and Mrs. Lavern Moll, director of nursing at Herrick Memorial Hospital, were the guest speakers.

Mrs. Moll and Roberta Deranek, R. N. completed a course at Butterworth Hospital, Grand Rapids, and are now having a training program for all Herrick Hospital nurses.

Miss Deranek is in charge of the Intensive Care Unit with the assistance of Dr. Coak, Dr. Dustin and Dr. Bachman. They have visited other hospitals in Michigan and Illinois to observe, assist and learn the techniques used in this care.

Mrs. Moll explained the nurse's roll in the Coronary Unit: the number of lives saved in a Coronary Care Unit is directly related to the competance of the nurse. She assumes responsibilities not taken by the usual staff nurse.

The Hospital is hoping to have the unit ready for use around the middle of December. The unit is made up of four coronary beds and one intensive care bed. Slides were shown of the equipment to be used.

Mrs. Moll thanked the Auxiliary for the cooperation and help the hospital has received from this organization.

In closing, the director of nursing stated that the community and the Auxiliary are to be commended on their efforts and donations that are making this project possible.

Dr. Coak also spoke briefly about the Unit and answered questions from the members.

During the business meeting, the membership committee recommended that new members be accepted twice yearly — in November and May.

Prior to acceptance, prospective members will be required to attend at least one general meeting and an orientation meeting to be held in October and April. It was also recommended that the application form state that they will be expected to give 20 hours of volunteer service yearly, which will include time spent attending the general and special meetings.

Fruit cakes are being sold by the Auxiliary at several spots around town, or may be obtained by calling Mrs. Albert Caesar, 423-7228.

Hostesses for the evening were Mrs. William Moeller, Mrs. Ambrose Clay and Mrs. Faye Whelan.

Mike Wilkin Is New President

Tipton Community Church Youth Group met and elected officers Sunday.

Mike Wilkin was elected president; Claudia Vollmer, vice-president; Bob Platt, treasurer; and Jan Wilkin, secretary.

The next meeting will be held Dec. 3, 1967. Dues will be 25 cents a month with two meetings a month.

Engagement of Brenda Kay Allen to Ronald Andrews is being announced by her parents, Mr. and Mrs. Jack Allen, 1820 Taylor Rd. Her fiance is the son of Mrs. Robert Sinclair of Blissfield and the late Gerald Andrews. Both are 1967 graduates of Tecumseh High School. The bride-elect is a senior student at Lois School of Cosmetology in Adrian, and he is employed by the Kroger Co. in Tecumseh. No date for the wedding has been set.

THS Cagers Lack Height

Tecumseh Indians, Coach Vic Lawson and Tecumseh fans face a long basketball season.

In an era of young giants playing the game, Tecumseh will be a loner as the Indians simply don't have any height to speak of.

Jim Upell and Bill Puffer, a sophomore, are the tallest lads working out and they're just 6'1" each. Steve Dalton and Dave Lord come in at 6' even, and that's it.

Out of a varsity squad of 12, eight are under the six-foot mark and five won't reach 5'10".

Lawson has four lettermen back — Jim Mobley, Gus Bishop, Jim Hunt and Upell — but none is a sure starter. Tecumseh will employ the press constantly, making it necessary to shuttle players in and out of the lineup.

At the present, Lawson is attempting to play his varsity in units, but doesn't know whether he will be able to do so after the season gets underway.

Two or three members of the Jayvees may be brought up later in the season, and it's possible that Craig Smith, only a freshman but considered an excellent shot, could make his way to the varsity.

The Tecumseh mentor predicts that Flat Rock, Grosse Ile and Blissfield will battle it out for the league crown, with FR favored to take it all.

This weekend, Tecumseh has a scrimmage scheduled here with Clinton. The Indians open here on Dec. 1 against Ann Arbor Huron, a new Class A school.

Other members of the varsity are John Kennedy, Jim Kane, Buddy Work, Wally Quinn, and Ken Pieh. Potential varsity material include Bob Reed and Dave Laidlaw, now with the Jayvees.

Bryan Honored for Vietnam Duty at Naval Station

Aviation Electrician's Mate Second Class Jack R. Bryan, USN, son of Mr. and Mrs. Robert G. Bryan, Dinius Rd., was presented the Vietnam Service Medal during ceremonies at the Naval Air Station, Patuxent, River, Md.

He received the medal for service with Attack Squadron 163 from December, 1965, to November, 1966, while his unit was aboard the attack aircraft carrier USS Oriskany.

Petty Officer Bryan is presently attached to Fleet Tactical Support Squadron One at the Patuxent River Naval Air Station.

A graduate of Tecumseh High School, he entered the service in December, 1958.

Four Teenagers Escape Injury in Car Accident

Four Tecumseh area teenagers escaped injury Friday afternoon when a car driven by Pamela Eggleston, 16, went out of control, spun around, and crashed into a ditch on the left side of Tecumseh-Macon Rd., south of Pennington Rd.

The passengers were Marilyn Morden and Kristan Vollmer of Macon, and Barbara Linger of Tecumseh.

Miss Eggleston, daughter of Mr. and Mrs. Richard Eggleston, told Clinton State Police she swerved to avoid a vehicle approaching in the center of the road.

Eggleston Picked To Re-organize Retail Division

Richard Eggleston, downtown Tecumseh businessman, has been appointed by the Chamber of Commerce to head re-organizational plans of the Chamber's Retail Division.

The Retail Division has only been partially organized — or less — since Don Murphy, secretary, resigned several years ago.

Leads Reported for Librarian

Supt. James McDowell reported to the School Board Monday night that he has two leads for an assistant librarian at the Tecumseh Public Library.

No applications have been received, however.

The Board authorized him to employ male help for the evening between seven and nine o'clock. Besides doing odd jobs, he would serve as disciplinarian, if necessary.

$120,000 Loan

A resolution to borrow $120,000 against state aid was approved by the School Board Monday night.

Such action for a short-term loan is usually required at this time of year for operational costs.

BEHIND PAGE ONE

A special word of thanks is due Marian Whelan and her mother, Mrs. Hoyt Whelan, for the interesting and unusual items they have been exhibiting in the display case in the lobby of the Public Library. Artifacts have been many and varied and it takes time and effort. Mrs. Murray Day, librarian, invites the public to "come and have a look."

Tecumseh residents who happened to hear Paul Harvey's noon broadcast Thursday on Radio WABJ, learned that they were used as guinea pigs for recent research. Apparently, the new disposable garbage bags used in the city, were tried out on the local residents. Because, they proved "so satisfactory, and customers appeared willing to absorb their cost," they'll n... ...e according to Harvey. He... about that?

Twenty-five Tecumseh families will be a bit happier Thanksgiving Day due to the efforts of the Tecumseh Service Club and the Jaycees. Mrs. Charles Irelan, Mrs. Robert Cheers, Mrs. John Thompson, Mrs. Robert Brown, Mrs. Perry Hayden and Mrs. Albert Caesar packed, and assisted Gary McLain and Don Escott in delivering baskets of goodies Tuesday.

Nurses Get State Report

The report of the Michigan Nurses Association Convention, held in October in Lansing, was given by Mrs. Robert Guss, president, to the meeting of the Lenawee District Nurses Association, Thursday, at Bixby Hospital.

Mrs. Guss reported that the delegates to the convention had voted an increase in annual MNA dues. The extra monies will be used to finance and expand the Economic Security Program, which aims to improve salaries and working conditions for all nurses throughout Michigan.

Nurses in the county are supporting the MNA's building program and have purchased 26 bonds, with a goal of 300 bonds in Lenawee.

Information about the bonds may be obtained from Mrs. Guss, at Hudson, and Mrs. Journey Stoner, Tecumseh.

A variety of homemade pastries were served by Hazel Giddings and her committe of Addison nurses.

There will be no meeting in December. The Jan. 18 meeting will feature a talk by Dr. Robert Greiner on Cystic Fibrosis.

The Feast for Our Lady of Guadalupe mass will all be in Spanish Tuesday, Dec. 12, at St. Elizabeth Church and will include the new "Canon."

$350,000 Sewer Bond Can Save City $14,000

Tecumseh's $350,000 water and sewerage bond issue was awarded to Kenower, MacArthur and Company of Detroit by Council Monday night.

Richard W. Barch, Tecumseh's financial consultant, opened three bids and urged the city to accept the one from Detroit.

He said Tecumseh would save $14,000.

Mr. Barch informed Council that the Detroit bid — 4.30% interest and no premium — was obtained largely through the efforts of J. W Meadows, president of the United Savings Bank.

He said the bid would have been considerably higher and costlier to the city without Mr. Meadows assistance.

Although the city has now sold its revenue bonds, it may still be a long way from using the monies to develop a new well field.

Tecumseh is seeking condemnation of the well field property, and will probably have to make some concessions to Tecumseh Township.

The township is objecting to the condemnation and the fact that it was not informed about a right-of-way for water mains through township property.

"What I Am Thankful For"

This article, appropriate for Thanksgiving, was written by 10-year-old Sharon Stoddard for her writing class in the Ridgeway Elementary School.

I am thankful of having a family and living in America. I help my mother clean up the house.

I wish we had peace instead of fighting all the time and people getting killed. My brother is fighting for our country for a better place in which to live.

We have a United States flag to remember the men who are fighting. My brother is planning to join the Marines. I'm glad I am not a boy to go off to war.

I am planning to be a nurse in the army to help wounded men and people who are sick.

Freedom is the greatest thing I wish for in the world. When the Pilgrims first came to America, I know they wanted freedom, too. And, I am thankful for everything.

Church Selects New Minister

W. H. Driskell, evangelist for the Church of Christ in South Hill, Va., has accepted a call to come to Tecumseh.

A native of Kentucky, Mr. Driskell has served churches in his home state, Indiana, Georgia, Virginia, Florida and others in Michigan.

He attended the Southern Baptist Theological Seminary in Louisburg, Ky., has served on the board of directors of the Stinnett Settlement School in eastern Kentucky and on the board of Indogan Christian Youth Camp in northern Indiana.

He has also served as a member of the advisory committee for North Christian College at Rochester.

Mr. Driskell and his wife, Bernice, plan to be in Tecumseh Dec. 1.

Members of the congregation of the Church of Christ extend an invitation to the public to attend worship services Sunday at 9 and 11 a.m., and 6 p.m., and Bible Study Sunday at 10 a.m. and Wednesday at 7 p.m.

He succeeds Ed Pistole here in the church.

Enjoy Britton Page

TO THE EDITOR:

Enclosed you will find my check for $5.00, for the renewal of the paper.

We were former Britton residents and enjoy the paper and especially the Britton page. But I have one thing to ask. What ever happened about the Homecoming Queen in Britton? We saw the pictures of the candidates and my niece, Janie Griffin, was one of them. We have all been waiting for pictures and a story as to who won the honor. There were follow-up pictures and stories about all the other Homecomings except Britton. This kind of leaves things up in the air with us, so how about some answers.

My family here reads the paper; then I give it to my oldest daughter, Sharon Ann Crosby, in Melvindale, to read and other people we know and send it to my son, Thomas Earl Watkins, in the Marines in California.

Thanking you in advance;
Mrs. Lu Ann Watkins, Terry, Barbara and Phillip
Mr. and Mrs. Wally Crosby, Wally and Timmy
Thomas Earl Watkins, U. S. Marine

They weren't even hunting, and three motorists hit buck deer in the area over the weekend:

You Told Us

By DOROTHY GRIGG
Herald Women's Editor

We give thanks to thee, O God; we give thanks; we call on thy name and recount thy wondrous deeds. — Psalms 75:1

This is the season to give thanks — for turkey, for cranberry sauce and pumpkin pie, and for the Pilgrims who taught our nation to give thanks.

Far and above material blessings, we give special thanks for the safe return of those precious men back home from Vietnam, but hearts are sore and compassion is extended to the family of Staff Sgt. David T. Brooks, who so recently learned of his death.

Our fervent prayer is for a quick, successful termination of this bloody unnamed, unlimited conflict across the sea. Thy will be done.

Barbara Colgrove and friend, Harry Glass, from Michigan State University will arrive Wednesday at the home of her mother, Mrs. P. G. Colgrove. Mr. and Mrs. Daniel J. Kazera, Jr., of Wyoming, also are expected Friday. The group will be Thursday guests of Mr. and Mrs. Jens Touborg.

√

Mr. and Mrs. Harry Beland are the latest to join the ranks of "grandparents for the first time". A daughter, Terri Kring, 6½ lbs. was born Saturday to Mr. and Mrs. R. Varn Renwick, nee Nancy Beland, in Alma. Grandma plans to go Thursday and spend a few days with the little one, who was named Kring for Mrs. Beland's maiden name.

√

Mr. and Mrs. Neville Hart had itchy feet Wednesday until they were headed for Shavertown, Pa., where they will spend Thanksgiving holiday with their granddaughter, Lis Rae, and her parents, Mr. and Mrs. Ray Crosier.

√

Mrs. Perry Hayden and Mabel Lockwood were in Lafayette, Ind., last weekend as guests of Miss Lockwood's niece and family, Mr. and Mrs. Harley Griffith. They attended the Michigan-Purdue game Saturday.

√

Mrs. Lee [illegible] entertained recently, [illegible] Carolyn Rentschler at a bridal shower. Seventeen friends and relatives played games, and prizes were awarded. Wedding colors of blue and white were used in a floral arrangement, an umbrella over the gift table, and in the refreshment table appointments.

Miss Rentschler will become the bride of Thomas Vance on Dec. 16.

√

Mr. and Mrs. Loarn Forrester will entertain their family Thursday, the Ronald Browns and Bill Mitchell of Detroit, the Robert Millers and Rhonda, Sand Lake and Mr. and Mrs. George Ruhl and little new Matthew.

Mrs. Miller and Rhonda are in Detroit as house guests of the Browns, while Mr. Miller is deer hunting. The Detroit group will see the Hudson Thanksgiving Day parade before coming to Tecumseh.

√

Mr. and Mrs. Al Curtis and Spencer left Friday for Houghton Lake to go deer hunting and renew acquaintances with friends there. Mrs. Curtis came home Tuesday to greet their daughter, Marilyn, home for Thanksgiving from MSU. Al and Spencer will come home Friday.

√

A Book Fair was held in the school library on Oct. 5-6. This was to give the students the chance to expand their minds in reading literature and give them the opportunity to buy a few books they might want.

The books were sold at a moderately low price. All of the books were paperbacks, all geared to the interest of high school level boys, and featured fiction, biographies, science, and other topics.

√

Cpl. Bradley Bruce is home on a 30-day leave after spending the past 13 months in the demilitarized zone in Vietnam. Fifty-seven pounds lighter, Bruce is catching up on home cooking with his wife, the former Karen Walker, and his parents, Mr. and Mrs. William Bruce. He will return to Camp Lejeune, N. C.

News of Boysville

By GREG KOVACS

The Academy Award winning movie, "A Man For All Seasons," was viewed by the entire student body by Thomas More High School Nov. 9 at the Studio South in Adrian. The movie portrayed the life of Thomas More during the reign of the English King Henry VIII.

The movie was shown to the students of Thomas More to give them a better idea and understanding of the man for whom their school is named. Thomas More put his country second to his God concerning the matter of Henry VIII's divorce from Catherine of Aragon.

√

The Senior Class of St. Joseph Academy in Adrian sponsored a dance Nov. 11 to which 20 of the students from Thomas More were invited.

√

Basketball season is under way for Coach Smith and his "Fighting Knights" as they practice for another successful season. Coach Smith has compiled a notebook on the philosophy of basketball playing to be used by the Varsity Squad this year. It contains what type of defense, offense, and the effects that each will have on the other teams.

Returning lettermen are Dave Rockwell, Marshall Carter, Elbert Neal, and Kenneth Atkins. Newcomers, Greg Vogt and Gary Pahman proved to be an asset to the Fighting Knights.

The boys that made the Varsity Squad for the '67-'68 season are: Manfred Jones, Arnett Summers, Elbert Neal, Ken Atkins, Dave Rockwell, Greg Vogt, Henry Bell, Marshall Carter, Bob Pitylak, and Gary Pahman. The Knights will be using the new fibre glass backboards donated by the graduating class of 1967. The first game is with Wayne St. Mary Dec. 5 in Wane.

√

Brother Leonard Siwierka was [illegible] on his feast day by all of the members of his dorm when they attended Mass and received communion in his honor. It was not known by Brother Leonard and he was quite surprised and pleased to see his boys at the morning Mass.

He was again surprised in the evening when cake, malts, and hamburgers were served and the boys presented him with a card and a gift.

√

Rain did not stop Boysville Drum and Bugle Corps from marching Nov. 11 in the Veteran's Day Parade. They were drenched but they still looked and sounded well.

Boysville was the only band to march in the parade, along with the majorettes from Adrian High School.

At the end of the parade, which started from the Adrian Armory and ended at the Monument Park, Bob Hammond, Nick Orlando, and Arnett Summers represented the Corps in their playing of "Taps" honoring the soldiers that have died in the wars protecting this country.

√

Students of Thomas More High School were dismissed early Friday because of a teachers meeting. They made the movie optional for the upper-classmen because some of the movies do not appeal as much to the older students as they do to the younger ones.

√

Brothers Robert Fillmore, James Reisz, Francis Boylan, and Gerald Nettesheim attended a teachers conference at Cabrini High School in Allen Park Nov. 16 that dealt with "Ecumenism." The meeting was attended by representatives from all of the different religion sects.

√

Brother Alexander Buckley, was admitted to St. Joseph Hospital in Ann Arbor Saturday when he suffered s slipped disc in his back.

Brother Alexander has been on the Boysville faculty since the school opened in 1949.

James Holden entered Mt. Carmel Hospital in Detroit for surgery as a result of an injury to his spinal column he received during football season.

He is expected back after the Thanksgiving weekend.

√

The Boysville campus will be studentless when the students depart for their Thanksgiving vacation which starts on Wednesday, No. 23 and ends at 9:00 p.m. on the 27.

We wish to extend a Happy Thanksgiving to all of the readers of The Tecumseh Herald from the Boysville students and Administration.

Nine-Point Buck Runs Into Truck

Ruhl, driving on Rogers Hwy. about 1 a.m. Tuesday bagged a nine-point buck deer when it ran into the side of his truck.

The big deer was only crippled in the accident, but was shot by Tecumseh police.

The senior class is renovating the Canteen. The walls were painted green and the benches were refinished to give the establishment a more pleasant atmosphere. The project will be completed this weekend.

Because of the green walls, it was suggested that the seniors rename the canteen, 'The Green Hut."

The whole senior class helped and they operate and profit from it, so they decided that they should improve its appearance.

OVERNIGHT FUN

Campfire Girls Eat, Chatter

BRITTON — What do you do with 16 excited nine-year-old girls on an overnight campout?

Ask the leaders who chaperoned the Britton fourth grade group of Campfire girls, when they spent the night at the Tuckabatchee Council camp building on Lake Adrian last Friday.

The girls, each lugging a sleeping bag, boots, and a suitcase, left for the camp after school Friday. That evening, after a hearty hot dog and baked bean supper, they were kept busy with songs, games and skits.

The leaders served popcorn and pop before lights out. Lights out didn't mean that they went to sleep, however; it seems that many were awake until one or two o'clock!

After a breakfast of pancakes, the girls took a hike along the drive around Lake Adrian. They returned to Britton Saturday noon.

The girls who went were Karen Auten, Jane Bennett, Kim Bruce, Beth Bigelow, Joyce Cabla, Lisa Dunbar, Darlene Fairbanks, Tammy Gibbs, Down Lidster, Shelly Mann, Tammy Maschino, Cynthia Montry, Julie Osterhout, Lori Reitz, Yvonne Reynolds and Paula Vallie.

Chaperones were leaders Mrs. Wayne Dunbar and Mrs. Allen Bower, and mothers, Mrs. William Gibbs and Mrs. Richard Bruce, Jr.

Rohrback Team Sports Excellent Football Record

BRITTON — Mr. and Mrs. Harold Rhorback have received word from their son, Cal, who is a teacher and junior varsity football coach at Coopersville, about the final scoring of the team he coached this year.

The junior team went undefeated after their first loss to gain the championship in their league with a 6-1-1 record. This record hasn't been equaled or bettered in the last 10 years.

Other statistics showed that Coopersville scored 173 points to their opponents 77, giving them a 21.6 per game average to 9.6 for their opponents.

Coach Rohrback said he was very pleased with this group of boys, as they did not let down, but kept pride in themselves and the confidence he had in them.

Mr. Rohrback is a graduate of Britton-Macon High School and Adrian College. He is in his third year of teaching at Coopersville. He is married to the former Janet Beal of Britton, and they have one son, Todd, 1.

Lutz Speaks About Work

BRITTON — The Rev. William Lutz, Director of the Student Foundation at the University of Michigan, spoke to members and friends of Grace Methodist Church Sunday evening about the work and ministry of the Rural Ecumenical Council.

The work includes placing foreign students in rural homes for a period of time, ranging from a weekend visit to a period of several months, in order to acquaint foreign students with rural home life in America.

He gave several illustrations of how this has made a great difference to communities and individual families.

Rev. Lutz said that this work should be ecumenical in nature — that the entire community should work together in opening homes for foreign students.

Anyone who is interested may contact Mrs. Charles Bishop or Rev. John Lover for more information.

Rowe, Skelton Are on First Team

BRITTON — Juniors John Rowe and Jim Skeltons, and sophomore Bill Tuberville were named to the first team of the All-River Raisin football team.

County Plan Is Explained

BRITTON — William J. Ross, director of Lenawee County Vocational Educational Program, gave an informative talk to the Board of Education members and administration when they met last Thursday evening.

He explained what the county program is doing at the present time, and what it hopes to do in the future. Three Britton students are receiving training in the Auto Mechanics class in Adrian at the present time.

School policies were reviewed and voted on. The policy on visitors states that all visitors must register in the principal's office and receive a pass before going into a classroom. Children under the age of seven are not to visit school unless accompanied by a parent.

It was also adopted as school policy that only authorized personnel will be admitted to the locker rooms. Authorized personnel will include coaches, players and managers.

The class will furnish the Christmas tree for the sanctuary, and will decorate it at the December meeting. Christmas gift exchange will be as usual.

Mr. Ash read several selections from the book "Hey Mom." Mr. Zeemer showed slides taken by his father and cousin of many scenes in Germany, including his father's birthplace.

Refreshments were served to 14 members by the hostess and the co-hostess, Mrs. Tom Judkins.

The next meeting will be a Christmas party, Dec. 14, at the home of Mrs. Tom Judkins.

Anne Carson presented an interesting and informative program Friday on "All Plants of the Bible" for the Tecumseh Garden Club members at the home of Mrs. Neil Pearson.

Mrs. Edwin McClain, program chairman, introduced Miss Carson who said that many of the 14 plants, trees, shrubs and herbs mentioned in the Bible are still known and used today.

Flowers mentioned, she said, are roses, myrtle and nettles. Flax was grown and made into linen as it is today.

She also said the cypress tree furnished lumber for Noah's ark. Spices of cassius bud, mustard and cinnamon were also used then in foods.

Woods of pungent aroma were widely used, she concluded.

Miss Carson was unanimously elected president of the group along with others on the slate. They are:

Vice-president — Mrs. Pearson.

Treasurer — Mrs. Al Helzerman.

Recording secretary — Mrs. Douglas Sisson.

Corresponding secretary—Mrs. Marshall Coulter.

Washington Report by Congressman MARVIN L. ESCH

A recent three-day, 26-stop trip back to the Second Congressional District served to highlight some of the economic problems faced by my constituents, according to Congressman Marvin L. Esch.

From two county-wide meetings with farmers, a district-wide senior citizens conference, and more than 100 personal visits came much the same complaint—it's getting increasingly harder to make ends meet.

One small businessman told me his volume was up 30 percent, but his profits were way behind last year. From the farmers came the all too familiar reminder of increased debt and decreased profits. And the older folk, many of whom live on fixed incomes, vividly pointed out how their retirement incomes are rapidly being eaten away by higher and higher prices.

The culprit behind this despair is simply inflation. Not an old warning from a politician on the stump, but serious and real inflation which has brought on a 13 percent increase in the cost of living since 1960. The dollar you spent then will only buy you 77 cents worth of goods today.

One culprit behind current inflation is government spending and many of us in Congress have been working for reductions in non-essential areas. So far our efforts in the House have been at least partially successful in that some $8 billion have been cut from the President's request.

Nonetheless, there's more fat that needs to be sliced, and you can be assured that I will continue to support such efforts. I do so because of a firm belief that less government spending is one tool to combat inflation and increase purchasing power.

Another tool is a tax increase, but such an approach must only be considered after spending has been reduced as far as practicable. A tax increase will not be effective against inflation unless we first have spending reductions. And the revenue from any such increase must be committed to reduce the national deficit rather than be considered as a mandate to spend more. New spending programs will only add fuel to the inflationary fire.

The President recently called inflation the "cruelest" form of taxation. I used the same word a year and a half ago and there's even more truth to it today. If the Administration really wants to end the inflationary spiral it will first join with us in our efforts to reduce expenditures.

Julie D. Howell Baptized Sunday

Julie Diane, three-month-old infant daughter of Mr. and Mrs. John Howell, was baptized Sunday in the Gloria Dei Ev. Lutheran Church.

Godparents are Mr. and Mrs. Arthur Howell of Akron, Ohio. Because of their absence, close friends of the family, Mr. and Mrs. G. Gainer, of East Lansing, stood for the Godparents during the Baptism.

The Junior Choir sang "Let All Things Now Living."

A special Thanksgiving Festival will be held Nov. 26, when the Chancel Choir will sing a "Prayer of Thanksgiving," at 10:30 a.m.

LANSING REPORT

By GIL BURSLEY

Here's the status of major legislation in the special session of the 1967 Legislature in Lansing.

► Gas and weight tax increase —money to be spent for roads at state, county and municipal level. Bills have passed both Houses. Senate presently not concurring in House amendment. ... Agreement will probably be reached. I voted against this $60,000,000 tax increase.

► Local government cooperation — including council of governments. Two of three bills have passed both Houses and are en route to the Governor for signature. These bills permit cities, villages, counties school districts, etc., to enter into contracts with one another, relative to furnishing services as well as to transfer functions and responsibilities between units of government. This is permissive legislation, strengthening local government and implements provisions of the new Constitution. Importantly, under this legislation, it would be possible to form a council of governments such as is presently underway in Southeastern Michigan.

► The third bill in this package has been amended to place killing restrictions upon a council of governments. I am working to remove these amendments or else to stop the bill. As principal sponsor and introducer of these bills on inter-government operation, I am naturally very much committed to their support.

► Lower court reorganization — the House Judiciary Committee has reported out a 40-page bill on this subject. It will receive serious consideration but may be much amended. This issue was the principal reason for convoking the special session. The bill provides for district courts at county level to replace justices of the peace and municipal courts. District judges would be paid $20,000 salaries by the State. Counties may add to this. Judges must be lawyers. They are to be elected on a nonpartisan judicial ballot. They may appoint non-lawyer magistrates to assist them.

Under this bill Washtenaw County would be District 10 with five judges. Consideration is being given amendments that would create two or three divisions within the district with, for example, two judges in Ann Arbor, two in Ypsilanti and one in the western part of the county.

Lenawee County would be District Two with two judges. This bill is presently being considered on the floor of the House of Representatives. If and when it reaches the Senate, there may be other suggested amendments.

Positive action on the subject is necessary because Michigan's new Constitution calls for abolition of the justices of the peace by the end of 1968.

► Open occupancy or housing — a revised bill on this controversial subject has been introduced in the House of Representatives. The original bill recommended by the New Detroit Committee found no sponsors in either Senate or House.

This will probably be the last item to be acted upon in the special session.

"Resist the devil, and he will flee from you. Draw nigh to God, and he will draw nigh to you."

This verse from James is the Golden Text of this week's Bible Lesson on "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced," to be read in all Christian Science Churches on Sunday.

Here's why Wide-Tracking is catching on as the great American sport.

Having captured so adroitly the flight of motion in this splendid GTO, our engineers could well have quit while far ahead. But that would have been decidedly un-Pontiac. So under that cheeky hood, and behind that revolutionary new bumper, they put the soul of a car born to the road. The suspension, with its Wide-Track stance and turnpike tuning, clings like morning fog. The optional engine, while delivering 360 hp, can be ordered to breathe through those pinched nostrils. The tires are very wide. The seats are bucket. (You can exchange them for bench.) The shifter is Hurst for greater shifting around. And the General Motors safety package, which includes side marker lights, is standard.

The option list is as grand as it is long, and includes Rally II wheels, hood-mounted tach, even a stereo tape player. You might be lucky enough to find The Great One at your Pontiac dealer's. Or on the road. But nowhere else.

'Bells of Christmas'

"I heard The Bells On Christmas Day" is the theme assigned to the French Provincial home of Mr. and Mrs. Donald A. Smith at 900 Red Mill Drive.

This will be the fourth home on the Dec. 1 tour for the flower show, sponsored by the Little Garden Club of Tecumseh.

The show will be open to the public from 2 p.m. to 6 p.m. Tickets may be purchased from any member or at Don's Beef Buffet.

Proceeds will go to the club's city beautification project.

An arrangement for a silver-leaf French chest in the foyer will first greet the guests on tour. This arrangement will complement a three-tier, pink bristol glass antique lamp. Over this chest hangs an antique Italian mirror.

There will be three locations in the living room for floral arrangements: kidney-shaped table made of yew wood; square marble-topped table made of pear wood, above which hangs a very ornate gilded French mirror, also hand-carved; and a modern round cocktail table with granite top.

A formal French Provincial dining room has, as a focal point, a large crystal chandelier. The arrangement will be a centerpiece for the dining room table.

A bell must be used in all arrangements or as an accessory.

Dogs Riddle Sheep Flock

Dogs riddled a sheep flock, owned by Charles Allen, 5390 Allen Rd., Sunday night, killing four and injuring nearly a dozen others.

The Allens raise about 100 sheep and had a much larger flock seriously depleted by attacking dogs three years ago.

The Allen's own Collie, confined to the house, made a rumpus about 1 p.m., and when Mrs. Allen opened the door, she could hear dogs barking. Then, early Monday morning, she saw three dogs run across the dooryard.

She described the dogs as two black Labrador-type, and a big yellow, short-haired dog.

Sheriff department officers were called to the scene and made arrangements to return the next night to wait for the dogs to return.

MISSIE AND THE SQUIRRELS

I know that technically squirrels do not have senses of humor, they cannot deliberately set out to taunt and tease. Who says so! The squirrels here, where Logan Street meets Evans Creek, are great mischief-makers and I have seen them drive our dogs almost frantic.

Missie, our six-and-a-half-month-old black German Shepherd pup, is the gullible victim these days. Her kennel run is under the walnut tree in the back yard. One of the lower branches stretches horizontally over her pen and it is on this limb that the squirrel performs.

And what a performance it is — we enjoy watching, the squirrel must enjoy acting but I am not at all sure certain that Missie completely enjoys her role. The squirrel minces out on the limb until he is directly above the dog and then proceeds to chatter, frantically flip his tail and look down at the poor pup. The poor pup who is, of course, yipping and barking and dancing around — she just has a terrible time trying to get at that teasing squirrel.

When she starts to realize the hopelessness of the situation or tires of the game, the squirrel livens things up by chattering louder, running back and forth or even sliding around to the under side of the limb and hanging upside down.

This scampering on the bottom of the branch is the ultimate in teasing. I know it can't happen, but someday I half expect Missie to work herself into such a state that she will jump up that nine feet and grab her tormentor.

Only when the squirrel has had his fill of the game does the action ease up. Sometimes it is a quick curtain and he puts a fast disappearing act by scampering down the opposite side of the tree trunk.

At other times, though, it is a slow torturous tease with the squirrel merely inching his way down the side of the tree just a few short feet from the end of Missie's long black nose. When he comes close, Missie stands ramrod-stiff, every muscle tense and we can just feel, oh, how very much she would like to get hold of that squirrel.

The final insult, the one that really rubs salt into the wound and adds insult to injury, is when the squirrel comes out of the tree and trots on the ground close to, and the full length of, the dog's run.

★

WE BELIEVE Missie's fence is high enough to keep her in, but, if one mischief-making squirrel is not careful, she just may go through it some day. Or, I wonder what would happen if dog spots squirrel when dog is loose?

With the exception of these frustrating confrontations with the squirrel, Missie seldom barks. For a lady, though, she has a tremendous voice, very deep and very loud. One morning about two-thirty something in the back yard disturbed her — I believe we are going to have a mighty fine watch dog.

One of the things about not having had a puppy for many years is that you forget so much. How fast they grow, for instance. Missie is now beginning to fill out, but for a while, she was growing so fast that she almost looked starved. And, being outside so much, her coat is getting thick and heavy in preparation for winter.

Her own size plus that heavy winter coat equals one big dog. And big black dog, too — I do not believe there is a hair on her that is not jet black. Just how big is she — well, we have not measured or weighed lately, but the other evening when Dad had her in, she pranced to the head of my bed, stood up with both huge front paws resting on the headboard and peered down at me. By the way, she has an exceptionally long, red tongue, too.

Another thing about a puppy is that they have so much to learn. On her own she is trying to perfect a respectable howl. At the first wail of a siren, her nose goes up in the air and, whereas at first she could do little better than a bark, her howl is now quite good.

Occasionally it still quavers and slips back, not often, though. And then there are the man-taught things — manners, discipline and the like. Dog school started several weeks ago but this should be a whole story by itself.

So it is that we are all enjoying the newest Duncan and very typical of the fun she is affording us is the incident about Missie and the squirrels.

Golden Anniversary

CLINTON — The fiftieth wedding anniversary of Mr. and Mrs. Clyde W. Greenfield was observed by a weekend reunion of their six children and families, and by an open house, Sunday afternoon.

Mr. and Mrs. Thomas Judge and family of Monroe, Conn., and Mr. and Mrs. Robert Jackson and family of St. Joseph, arrived Friday to remain for the weekend with the Greenfields, who are parents of Mrs. Judge and Mrs. Jackson.

Friday night, the family group attended the "Music Man" performance at the high school in which Warren Corwin, a grandson of Mr. and Mrs. Greenfield, had a speaking part.

Saturday evening, the Greenfields' sons, Charles of Adrian, Ted of Macon, and Clyde of Clinton, and daughter, Mrs. Donald Corwin of Clinton, and their spouses, enjoyed a reunion dinner served at the United Church of Christ by members of the Mary-Martha Class.

In honor of the anniversary, Mrs. Thomas Judge sang "Ave Maria" during the morning worship service, Sunday, in the church, where the Greenfield family was in attendance.

More than 250 guests extended congratulations to the couple at a reception, Sunday afternoon in the Smith-Kimball Communit Center.

The center was festively decorated for the occasion with several gift plants.

A golden bouquet of chrysanthemums in a pedestal arrangement centered the buffet table, where punch and coffee and a decorated anniversary cake were served.

The couple was presented with two money trees and a variety of beautiful momentos of the occasion.

Look at this '68 "youngmobile" from Oldsmobile.

Wouldn't it look great in your driveway?

This new Cutlass S has a way of making things look younger. Even driveways. That's because of all the young ideas we built into it. A bigger 350-cubic-inch V-8, for instance. (Or, if you prefer, an Action-Line 6.) And a taut coil spring suspension that makes it easy to cut and turn in tight places. And you can order a whole carfull of young-it-up accessories like bucket seats, stick-shift or stereo. But if you think Cutlass S is young all over, don't forget that it is Olds all over, too. Olds quality, Olds engineering and the new GM safety features are all standard.

CLINTON — Returning lettermen to the CHS wrestling team are Tom Moore, Roger Walden, Jim Welch, Phil Blom, Dave Hawkins, Bruce Gibbard and Bruce Grossman.

Mark and Carl Nichols, Dave Warren, Charles Sturm, Bruce Handy, and Dave Elliott are new wrestlers

Directed by Dr. Ed Wight last year, the team had a very successful year, reaching the state finals with Ivan McKenna, who has graduated, along with Doug Wight, who had a fine record.

Music Man Smash Hit

CLINTON — A capacity audience attended each performance of the "Music Man" by the Clinton High School choir, drama club, and orchestra.

Chuck Wilder gave a fine performance as Professor Harold Hill, with great command of the rapid-fire lyrics.

Sweet-toned Debbie Gibbard was a lovable Marion, the librarian.

The cast of "hundreds" threatened to become a bit unwieldly at times, but was well-disciplined offering a good opportunity for many youngsters to demonstrate their talents.

Most noteworthy was the remarkable skill of the stage crew which was able to whisk the many artistically--contrived set to place so quietly.

A beautifully decorated cake was presented to the director Mrs. Donald Geiger, at the cast party, which followed the Saturday show in the school cafeteria.

First Thanksgiving Day

The year was 1621. The place, Plymouth, Mass. This was the first Thanksgiving Day.

Governor Bradford invited Indian Chief Massasoit and 90 of his braves to share with the Pilgrims a feast in celebration of the first harvest in the new world.

The survivors of the Mayflower passengers consummated what is traditionally deemed an American holiday — Thanksgiving Day.

Actually thanksgiving for the annual harvest is an old holiday, celebrated by mankind on different dates. The Hindus and Chinese celebrate the harvest with a holiday. Ancient Egypt, Greece, in Chaldea, the harvest was celebrated amid great rejoicing. The Jews celebrate the ingathering as commissioned them in the Bible.

The Romans dedicated a thanksgiving holiday to the goddess of harvest Ceres and called it Cerelia. (This is where the word cereal derived.

The Christians took over the Roman holiday and it became "Harvest Home". This has been observed in England for centuries.

The English selected a harvest queen, decorated her with grain and fruit and paraded her through the streets in a carriage drawn by white horses.

This part was a carry-over of the Roman ceremony in honor of Ceres. But, the people also attended church and sang songs on this harvest holiday.

The Pilgrims celebrated the "harvest in" in Massachusetts with a new meaning. They were indeed thankful for more than their harvest. They were grateful for the friendship of the Indians who could have destroyed them.

Turkeys were found in great numbers. Being good to eat, the custom of eating turkey on this day was started.

Thus, when we sit down to a bounteous feast Thursday to give thanks to God, remember that other men in other times and places, felt as we feel; grateful for the many blessings in our lives and our land.

Safety Plea

An appeal was issued today by your Lenawee County Health Department to use care when buying toys for gift-giving this Christmas.

Dr. Tom Hamilton said, "A happy Christmas can quickly turn into a tragic one when unsafe toys are given to children."

He urged persons selecting toys to be on the lookout for features that make them unsafe. Among the points he discussed were:

- Be sure paint on playthings contains no lead. Look on box or carton for a statement that paint is lead-free. If there is any doubt, don't give it to a child. Small children especially are likely to chew on toys. Paint containing lead is poison if eaten.
- Avoid items which might be flammable, such as play clothes, costumes and the like. Look on the package for a statement that nonflammable material was used. Cotton, rayon, acetate, and acrylic fibers are quite flammable.
- Watch out for toys that are small or have little, removable parts. A young child is prone to put toys into his mouth, and he could easily swallow and choke on a small toy of piece of one. Be certain that "eyes," buttons, etc., on stuffed toys are securely attached.
- Select sturdy toys that will not break or crack easily. Choose those with smooth edges and rounded corners for the very young.
- Use caution giving children toys that shoot projectiles, such as bows and arrows, play guns or missiles. Be certain that they are old enough to know how to use them safely.
- Toys operated by plugging them into house current, such as electric trains and cars, and toys like science sets and building kits with sharp metal or plastic parts are all best given to older children.

Well-meaning friends or relatives may unintentionally give your child a potentially harmful toy. Parents should carefully examine each gift and use their best judgment to determine if the child should be allowed to play with it.

Parents should not be afraid of offending the giver by quietly removing a possibly dangerous plaything and saving it until the child is ready to have it.

Dr. Hamilton stated that the great majority of toys available today have been produced with a child's safety in mind. Many are age-graded to assist the public in selecting them.

He called for common sense in buying toys and urged people to consider safety as well as enjoyment as a guide to choosing their gifts. Thoughtfulness in giving anything to a child will be appreciated even more by parents when it presents no hazard to their child's health and well-being.

A Time To Remember Who We Are

This is the time of year when Americans traditionally observe a day of thanksgiving for their blessings. It is good that we should do this.

But is it not also fitting that on the day—so reminiscent of our origins—we should be mindful of our heritage and the trust it imposes on us. The price the Pilgrims paid for survival. The bloody feet at Valley Forge. The thunder at the Alamo, Gettysburg, the Argonne, Midway, Bastogne, Pork Chop Hill and now the DMZ.

Yes, let us remember who we are. For a little pride is the wellspring of courage. Let us endure unflinchingly whatever sacrifices we are called upon to make to defend our free institutions from the night of communism, which is bent on undermining our faith in ourselves. Let us rely not only on the gold in our vaults, but the iron in our blood. And let us cling like ivy to the faith of our fathers until, in God's good time, all men are free.

Bus Vandalism Costs Could Top $9,000

"It will be a very expensive closing," This statement by Supt. James McDowell clearly indicated the Tecumseh schools' position in regards to vandalism which closed the schools here Monday.

He said clipping of ignition wires in 11 school buses made it impossible to hold school, marking the first time in the school's history that vandalism had forced a day's cancellation of classes.

• It could be a very expensive closing, costing the schools $9,371 in state aid. For every day a school fails to hold classes — unless closing is forced by an act of God, such as ice or snow — the time is doubled for deducting state aid. Therefore, Tecumseh was charged with two days.

Mr. McDowell says that he hopes the state is lenient in the spring when the schools file for state assistance.

Bus drivers discovered the vandalism when they attempted to start their buses, about 6:15 Monday morning. Each bus was then checked before school was called off.

Of 20 buses, only nine were available for transportation. Since practically all 20 buses make double trips each morning and afternoon, it was impossible to transport 2,156 students who depend on bus transportation.

Mike Anderson, head of the transportation system for the schools, and Ray Warnick, mechanic, worked all Monday and Monday evening on the 11 buses, matching and splicing ignition wires. The last bus was finished Tuesday morning.

All buses were road tested for any other possible vandalism before going on their routes Tuesday.

Although several names of the vandals have been offered, police report no leads to solving the incident. Also, they do not believe vandalism at Tecumseh Acres over the weekend was done by the same parties.

At the elementry school on Adrian St., officials discovered that someone had poured sand in the gas tank of a four-wheel vehicle, used to tow remedial reading trailers to various elementary schools.

Supt. McDowell says the tank will be completeiy discarded and a new one installed.

The engine would have been ruined if the vehicle had been started. Fortunately, the gas cap was not put back on, and it was noticed.

Sand could be seen around the spout.

$100 Reward

A $100 reward has been offered for information leading to the arrest and conviction of the party, or parties, who inflicted damages on 11 Tecumseh school buses during the Thanksgiving Day holiday recess.

Two anonymous donors have contributed $100, hoping that someone with convicting information will come forth. School officials are intent on recovering damages.

In order to assure the informant's secrecy, the same system now employed by a metropolitan newspaper will be used.

The writer should address his letter and envelope to Box 41, % The Herald. At the bottom of the letter, he should write two identical sets of six letters — ABCDEF, for example — or any set of six letters in any sequence.

One set of the letters should be torn off and retained for future identification, in case the information suffices for arrest and conviction.

Two Firemen Say Response Was Prompt

John Escott and Gordon Robach, two Raisin Township volunteer firemen, have refuted reports that it took their department 20 minutes to arrive at a fire last week.

They say that they arrived at the Lee Villa trailer fire on Gady Rd. about five minutes after the sheriff's department received the call. Both work at Whelan Implement on W. Logan St., and heard the call come in on their radio.

Escott said the township's new pickup-type fire truck arrived in 12 minutes, and a pumper about three minutes later.

The new vehicle carries 200 gallons of water, has a 250-gallon-per-minute pump, and a 50-foot reel of hose.

Escott and Robach put out the trailer fire with extinguishers before the Holloway department arrived.

They report their firemen have radios with them at work, in their cars or at home in order to respond quickly.

With the exception of Fisher Body on Occidental Rd., all Raisin Township property owners rely on the Holloway department. Fisher Body has Tecumseh protection, but no agreement yet.

Stauffer Chemical approached Council at its Nov. 20 meeting and asked for fire protection. Before approving protection service, Council requested an inspection of the plant and review of probable costs.

Raisin Township Board cancelled its fire pact with the city last May.

Country Club Reveals Plans for Expansion

Biggest construction and remodeling project ever proposed for the Tecumseh Country Club will be reviewed by the membership next Wednesday evening at the club house.

The session, advisory and informative only, is to acquaint members with the plans. Another meeting, probably next year, will be held for members who will then vote for or against the project.

Besides enlarging the club house, plans include a swimming pool, bath house and finish watering of the fairways on the course.

Proposed changes and additions are:

- ► Enlarging and refurnishing the golfers' bar.
- ► Enlarging the pro shop.
- ► Enlarging men's and ladies' locker rooms.
- ► Construction of a new club storage and cleaning room.
- ► Closing in of the present veranda with screens and windows for summer and winter use.
- ► Enlarging kitchen facilities.
- ► Adding new ladies' restroom off golfers' bar.
- ► Constructing new entrance to golfers' bar.
- ► Enlarging present cloak room and offices.
- ► Refurnishing present dining room.
- ► Remodeling present main entrance to the club.
- ► Enlarging present basement storage facilities.
- ► Enlarging and refurnishing present cocktail lounge.

Tecumseh Country Club Board, headed by James Hendley, Manchester attorney, appointed James Gillespie to chair a building and planning committee last spring.

Mr. Gillespie, Fisher Body executive, and his committee have worked during the summer and fall with architects on expansion plans.

Last major improvements at the club house occurred about 12 years ago when the present lounge was constructed and larger kitchen facilities were added.

At the time, the late Frank Smith owned the Country Club.

About three years ago the Club finished its 18-hole golf course by developing a portion of its property and adding seven holes.

At the time, a watering system was constructed for all of the new fairways. It's now the hope to have an underground watering system for all 18 holes.

Membership at TCC totals approximately 350, including ministers and other honorary members.

Officials Honor Retiring Clerk

Naomi Sallows, retiring clerk-treasurer for Tecumseh, was the guest of honor Tuesday night at festivities held in Country Kitchen.

Earlier in the day, city officials here observed open house for her at city hall.

At Tuesday night's dinner, Mayor Harold Easton presented her with travel brochures and remarked over $500 was in escrow for a trip of her choosing.

Two companions, Mrs. Perry Hayden and Mabel Lockwood, said they would accompany her wherever she decides to go.

Members of Mrs. Sallows' family, here for the occasion, were her daughter and family, Mr. and Mrs. Loren Kuhn and daughters, Sandra and Debbie; her sister and husband, Mr. and Mrs. Herbert Murphy, and her brother and wife, Mr. and Mrs. LeRoy Van Winkle.

Guests included Mr. and Mrs. Charles Mensing, first city mayor and his lady, and Mrs. H. H. Hanna, whose husband was mayor for a number of years.

Fifty-eight attended dinner, and included councilmen, office personnel, department heads, members of various boards, and their husbands or wives.

Mrs. Sallows' last day on the job is this Friday. Her successor will be Mrs. Vera Zornow, head bookkeeper.

2 Drivers Hurt in Auto Mishap

Both drivers suffered injuries in a two-car accident on W. Chicago Blvd. last Wednesday, but four youngsters escaped unharmed.

William F. Flanders, 29, of 806 Shady Lane and Emma E. Taylor, 62, of 314½ N. Maiden Lane were taken to Herrick Hospital. Four children with Flanders were not hurt.

Flanders was at Occidental Rd., waiting to make a left turn when hit from the rear. Mrs. Taylor was cited for failure to stop within an assured clear distance.

In another mishap investigated by Tecumseh police, Harry Hoffman, 206 S. Democrat, reported his car damaged while parked in the Kroger parking lot.

Other driver is unknown.

Parachutist, 58, Lands in Pond

A 58-year-old parachutist, Seth Whitcomb of Troy, missed the Tecumseh airport Saturday afternoon and went for an unexpected swim in Red Mill Pond.

Frank Grey, of 607 N. Evans, and Bruce Smith, 15, of 130 W. Brown St., picked up the cold and wet jumper and brought him ashore at 713 Red Mill Dr.

Jim Freckelton, Brown St. resident, saw the mishap and called the police, who took him to a trailer at the airport.

Don's, Studio Are On TV

Don's Beef Buffet and Russell Steinke, local artist, and his studio were featured Tuesday evening on Ron Gamble's "Weekender" TV program.

Interior shots of the local restaurant were shown, as well as the owners, Don and Edna Smith.

The TV camera then went across the street to Mr. Steinke's studio, where several of his paintings were shown.

At the restaurant, several Tecumsehites were picked up by the roving camera.

The TV scenes also included pictures in the kitchen, the handling of meat, rolls and pies, and several pictures of Mr. Steinke's, which hang on the old brick walls of the restaurant.

Holiday Ball Is Saturday Night

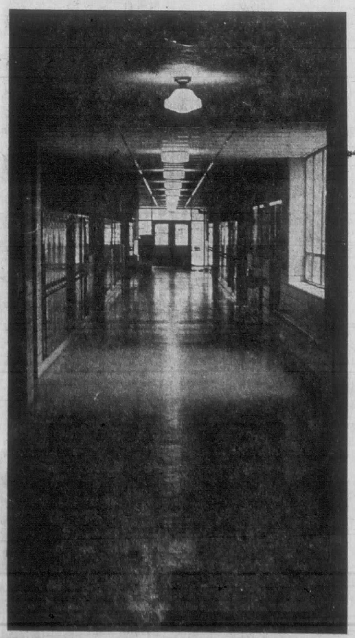
Tecumseh's largest social event of the year will take place Saturday evening when the Herrick Hospital Auxiliary holds its 19th annual "Holiday Ball."

Mrs. Thomas Rudd and Mrs. William Hanna are co-chairmen for the gala event, and Mrs. Joseph Galazzi and Mrs. Guy Nixon are in charge of refreshments.

Others assisting are Mrs. Joseph Bachman, Mrs. Fred Hartwiz, Mrs. Glenn Driscoll, Mrs. Robert Karle, Mrs. Kenneth Munger, Mrs. John Hopson, Mrs. William Murphy and Mrs. Lloyd Slagh.

Mrs. Loren Forrester and Mrs. Harold Ocamb are handling publicity. Mrs. John Lundi is in charge of tickets and reservations.

Art Bartner's orchestra from Ann Arbor will play for the dancing.



HERALD PHOTO BY BILL WHITING

EMPTY CORRIDOR — This Tecumseh High School hallway is often packed with students going to and from classes. Monday it was completely empty, as school had been cancelled. The school bus vandalism may not only cost the schools over $9,000 in state aid, but also 3,400 students a full day's education. Students circulated rumors in this hallway Tuesday as to the identity of the vandals, but as of Wednesday afternoon, the parties still had not been identified.

Services Held for Two GIs

Services for two area men killed recently in Vietnam were held this week.

A full military funeral for Staff Sgt. David T. Brooks, 24, was held Wednesday afternoon at the Proctor Funeral Home with the Rev. Blair Bashore officiating.

Burial was in Brookside Cemetery.

Survivors include his wife, Marion, a ten-month-old daughter, Marnie, his parents, Mr. and Mrs. Ted Brooks, and a sister, all of 321 N. Maiden Lane.

Members of the Tecumseh High School class of 1961, of which Brooks was a member, are giving a memorial fund to the family.

Mrs. Richard Neidermier, 204 Cairns, Mrs. Terrance Griffin, 213 E. Shawnee St. and Richard Hyatt, 6711 Mill Hwy., are accepting the contributions.

The service for Sgt. Richie Sparks, 20, a 1965 graduate of Clinton High School was held Monday at the Proctor Funeral Home in Clinton.

Survivors besides his wife, the former Cynthia Parker, include his parents, Mr. and Mrs. Sammie Sparks and three brothers, Samuel, Mark and Eric, at home and grandparents.

The Rev. Jack Warner officiated and burial was in Riverside Cemetery.

Indian Fan Club Sponsoring Sale for Closed TV

Kenneth Pieh is chairman of a candy sale, Dec. 8 and 9, sponsored by the Indian Fan Club, in cooperation and with the assistance of the student body of Tecumseh High School.

Proceeds will be used toward the purchase of closed circuit television to be used as a teaching aid, to re-run lectures, and to assist in the sports program.

Mr. Quality Rides at Fisher Body

Some folks at Fisher Body were chuckling last week after sampling some coffee from new dispenser machines.

The distributor made one slight error. The cups supplied in the dispensers read, "Mr. Quality Rides in a Ford."

That's not quite GM's slogan, but do you have a better idea?

Mrs. Perry Hayden asserted her authority in behalf of Tecumseh's dogs at the **Hayden Flour Mill**. Wheat straw is now available for dog houses at 75c per bale. **Mrs. Albert Caesar** reminds residents that nothing equals straw as good bedding for canine friends. She said that blankets and other articles of clothing retains moisture and the straw does not, thus making **Fido's** house much warmer.

The event, planned by the children of the Reisters, will be held at Salvatores, formerly Rock Inn, on US-223 in Adrian.

Rolland Reister and Donna Shough were married Dec. 6, 1942 at the home of the bride's parents near Clayton, by the Rev. J. R. Solmonson of Morenci.

The couple have spent most of their married life near Tecumseh and Evans Lake. They sold their motel there in August and moved to 1389 W. Maple St., Adrian.

They have three children, Mrs. David Heimerdinger, Mrs. James Miller and Terry Reister and one granddaughter, Audra Jane.

Mrs. Reister is employed at the Lenawee Country Home and her husband at the Tecumseh Products Co.

They request that gifts be omitted.

Charlyn K. Gentz, Charles D. Randolph Wed

Charlyn K. Gentz became the bride of Charles D. Randolph Friday evening in a ceremony performed by the Rev. Robert L. Hinklin in the Jasper E.U.B. Church.

The bride is the daughter of Mr. and Mrs. Robert E. Gentz of 2861 Airport Rd., Adrian, and the bridegroom is the son of Mr. and Mrs. Clarence Randolph of 6918 Close Dr., Tecumseh.

The soloist, Mrs. Harry Neuroth, aunt of the bride, was accompanied by Mrs. Marcella Filter of Riga, on the organ.

The bride wore a Rena original gown which featured an empire bodice of Chantilly lace, short sleeves with bands of peau-de-soie and bows.

The floor-length skirt was A-line with a detachable train. An illusion veil fell from a lace cap with beaded trapunto flowers.

She carried a white Bible, a gift from the groom, and an orchid.

Matron of honor, Mrs. John Martin of Jackson, sister of the groom, wore a street-length gown with an empire bodice and an A-line skirt of honey gold velveteen.

The bridesmaids, Debbi Gentz, sister of the bride, and Charlene Woerner of Adrian, wore dresses similar to the matron of honor's, but in honey gold brocade.

All the attendants wore circle veils and carried bouquets.

The flower girl, Sharon Gentz, sister of the bride, wore honey gold velveteen.

Best man was John Martin of Jackson, brother-in-law of the groom.

Ushers were Larry Meads of Tecumseh, cousin of the groom, and Edward Petee of Blissfield.

The ring bearer was Eric Penrod of Adrian.

The acolytes were Terry Gentz, brother of the bride and Phillip Neuroth, cousin of the bride.

A reception was held for 200 guests in the church fellowship center.

The bride is a student at Siena Heights College.

The bridegroom is a 1965 graduate of Tecumseh High School, and is employed at Ford Motor Company in Saline.

The couple will live at 311½ W. Cummins St., in Tecumseh.

Mr. and Mrs. Clarence Randolph were hosts at a rehearsal luncheon at the R and B Catering Hall in Adrian, Thursday evening.

Postmaster Lists Mailing Dates

Postmaster Jack Metcalf reminds holiday mailers that since January of this year, postage for a package is determined by the ZIP code number.

He suggests that less time will be spent at the post office windows if parcels carry the ZIP code, otherwise the clerk must look it up, thus detaining the mailer.

The suggested mailing dates for holiday parcels are:

Gifts of five pounds or less destined to U. S. servicemen abroad, and overseas air mail to civilians in remote areas off of mail air routes, December 1.

Gifts to distant states sent by surface mail, December 4.

Overseas air mail on heavily traveled routes, December 10.

Air mail to members of the Armed Forces overseas, December 11.

Domestic air mail, December 13.

Try-Outs

Try-outs for "Finian's Rainbow," the Tecumseh Players' musical selection for the 1967-68 season will be held Friday, Dec. 8, at 8 p.m. and Saturday, Dec. 9, at 2 p.m. in the Glass Room of the Tecumseh Community Center.

All those interested are welcome to try out.

The director for this production is Peg Geiger, a well-known, experienced musical talent in the area.

"Finian's Rainbow" spins a fantastic story on two themes: the touching hope of an elderly Irishman that the crock of gold he has stolen from the leprechauns will multiply in the fertile soil adjacent to Fort Knox, and the fight of an engaging group of sharecroppers to preserve their land against the encroachments of a demagogue from the State of Missitucky.

The Irishman has an attractive daughter. The sharecroppers are led by a handsome young man. The rest can be surmised.

All is flavored with an Irish accent, and well-known songs such as "How Are Things in Glocca Morra," "If This Isn't Love" and "Old Devil Moon," spark the story.

Three-Act Comedy

Tecumseh's annual senior class play will be held next week, Dec. 9-11-12, with a three-act comedy, "The Skin Of Our Teeth."

Heading the cast are Bob Murray, Sonja Sprague, Cathy Beevers, Dick Hale and Jim Holden.

Wallace Mollema is the director, and Miriam Puffer, student director.

Curtain time is 8 p.m. at the THS Little Theatre.

VOICE of THE HERALD

Deserve Punishment

Will the culprits who damaged 11 school buses and caused our schools to close Monday go unpunished?

Unfortunately, the answer is yes.

Chances are that juveniles — 16 years of age or under, sneaked into the buses, clipped ignition wires and then jumped with glee when school was cancelled.

The price may be great — over $9,000 in state aid, a day's education for some 3,400 students, and publicity which the community can do without.

Punishment, we think, should be dealt in many instances, according to the deed. Unfortunately, recent laws seemingly protect the guilty, not the innocent.

Juveniles throughout the world appear to be over-protected. Police and courts are restricted by law, and the delinquency continues. Since many adults are hurt through juvenile actions, why not laws to protect the adults from the juveniles?

If cancelling school and causing other damages are tolerated, what's next for Tecumseh? If allowed to continue, we could well have delinquency similar to that which we read about in our metropolitan papers.

Some of our younger generations — and some adults, too — could help themselves, their friends and community by behaving within the realms of decency and the laws of our society.

Otherwise, Tecumseh is going to change.

"WHITE HOUSE LADIES" — Members of the Tecumseh Monday Club presented a program of presidents' wives Nov. 27 in the Youth House of the First Baptist Church. The program was under the direction of Mrs. E. J. Aebersold. Those in the cast were, from the left, Mrs. Perry Hayden, Mrs. Lynn Hubbard, Mrs. Aebersold, Mrs. Cecile Smith, Mrs. Frank McRae, Mrs. Truman Rentschler, Mrs. Walter Prill, Mrs. Glenn Driscoll, Mrs. Melvin Ruettinger, Mrs. John Lott, Mrs. Iva Caswell and Mrs. David Criss.

Tipton Calendar

Mike Wilkin was elected president by the Youth Fellowship recently. Others elected were, vice-president, Claudia Vollmer; treasurer, Bob Platt; and secretary, Janis Wilkin. Mrs. Lee Griffin and Mrs. Grover Swarts are the adult advisers.

Mrs. Hushion, Lenawee County representative from the Social Security Administration office in Jackson, gave an interesting talk.

Mrs. Lester Munger gave a talk on the life of Ezra for devotions.

Boxes were packed Nov. 29 for men in the community serving in the armed forces overseas.

Mrs. Don Daniels, Mrs. Bill Bale and Mrs. Elwyn Shea are taking names and addresses. Contributions may be given to the committee.

Boxes will be packed at a later date for those serving in the USA.

You Told Us

By DOROTHY GRIGG
Herald Women's Editor

Children and grandchildren assisted Mr. and Mrs. Raynor Kerr in welcoming guests at their open house, Sunday, in honor of their golden wedding anniversary. The two daughters, Mrs. Manlon Sebring, 708 Inner Dr., and Mrs. Fred F. Dickinson, 514 W. Pottawatamie St., were just a wee bit fatigued Monday after the festivities, but it was well worth it to see the smiles and the spring in the steps of the Kerrs that morning.

The couple was born in Macon and have been lifelong residents of the area. Mr. Kerr is a retiree from the Tecumseh Products Co. Besides the daughters, the couple have five grandchildren. Tom, the oldest, was able to be home from school in Chicago.

About 150 from Macon, Clinton, Pleasant Lake, Leslie, Jackson, Monroe, Mt. Clemens, Holloway, Toledo, O., and Toronto, Can., were present, including Annie and Martha Lawrie of Toronto, who remained as house guests of the Kerrs for several days.

A baby girl, Kristin Leigh, 7 lbs., 11 oz., was born Nov. 13 in Ingham Medical Hospital, Lansing, to Mr. and Mrs. James Hadrill, nee Marilyn VanCamp, of Holt. Mr. and Mrs. George VanCamp, Sr., the baby's maternal grandparents, were there to visit Nov. 18 and Mrs. VanCamp remained until Sunday.

Howard Hunt and Pliny Ogden of Tipton left Monday for Phoenix, Ariz., to spend the winter.

Mr. and Mrs. James Barton and son, A 2/c Tom Barton, spent last week at the Hiawatha Club deer hunting. Tom got a 10-point buck opening day. Mr. and Mrs. Jerry Barton [illegible] joined the rest of the family at the Club for Thanksgiving. Venison was featured. Arriving home again Saturday, Mr. and Mrs. Barton took Tom to the Airport Sunday morning to return to his base at Tacoma, Wash., for further orders.

Mr. and Mrs. Ted Golat were elated Saturday to receive a call from their son, Richard, with the Seabees in Vietnam. The call came through at 2 p.m., Saturday here and 3 a.m., Sunday there. Richard has been in Vietnam since August.

Mr. and Mrs. William Schooley and daughters, Helen and Diane, spent the Thanksgiving weekend visiting relatives in Batavia and Amelia, O., and Ft. Thomas, Ky. They returned home Sunday evening.

Mrs. Robert Cayce arrived home Saturday from Foote Hospital, Jackson, where she has been a patient since an auto accident.

Mrs. Margaretta Brisbin returned home Monday after spending the Thanksgiving recess with her nephew and wife, Mr. and Mrs. William J. LaPrad, at Staten Island, N. Y.

Mr. and Mrs. Jack Harrison of Clinton and Mrs. Earl Lindsley were guests of Mrs. Percy Bowen for dinner Thursday. Other guests were her daughter and husband, Mr. and Mrs. Ray Bandemer and family of Rochester and Mrs. Pauline Bandemer.

Mr. and Mrs. James Wolf and Melanie entertained her family for Thanksgiving. Guests included Mr. and Mrs. Clarence Keller, Mrs. Francis Peters, Mr. and Mrs. Robert Hunt, Howard and Corky, Roberta Hunt and Charles Anderson of Ypsilanti.

Lonal Bishop, accompanied by Dick Hartman, John Millspaugh, and Gary Huebler of Ann Arbor, spent last week deer hunting northwest of Houghton Lake. They got two deer.

Mr. and Mrs. Wendell DePuy surprised his father, Neil DePuy, Thursday by bringing Thanksgiving dinner to his home. Since he had been invited to the home of Mr. and Mrs. William DePuy that day, the entire group went there and were joined by Mr. and Mrs. James Yost of Oberlin, O. "We had plenty of food," was Neil's comment.

Mr. and Mrs. Mel Partridge had their oldest son, Russell, of Brentwood, Calif., as their weekend guest recently. A pre-Thanksgiving dinner was served Nov. 19 with Mr. and Mrs. Austin Partridge and son, Arnold, of Tipton; Mr. and Mrs. Forrest Barrett, Britton; and Mrs. Beth Marsh and Mrs. George Ruttan of Williamston as guests. Children, grandchildren and great-grandchildren numbered 25 at the evening meal.

HERALD PHOTO BY BILL WHITING

READY FOR SPRING — Rev. Herbert Nation, pastor of Tecumseh Church of the Nazarene, says the new church building going up on Sunset Dr., near W. Chicago Blvd., will be completed in the spring. The roof is already on. When completed, the sanctuary will have a capacity for 200, plus an additional 30 in the choir loft. Last week, the church received an anonymous gift of $25,000.

To Present Paintings

Russell Steinke will present 20 new oil and pastel paintings in a solo showing at Don's Beef Buffet on Dec. 3.

The paintings will be unveiled at 7:30 p.m., and then will be displayed for two weeks. Mr. Steinke, local artist, will also open his studio as a gallery for the first time in conjunction with the showing.

Other paintings will be displayed there, across the street at 130½ W. Chicago Blvd., the same evening. The studio gallery will be open for viewing in afternoons from 1:30 to 5 p.m., or by appointment.

The artist's studio is located on the second floor of the building, built in 1904 for the Odd Fellow Lodge and which replaced the Opera House as the social center of the town at that time.

Steinke likes the high ceiling rooms and the north light in the studio, overlooking the city's main street, across from the Opera House now the Strand Theatre.

When he came back from Europe in 1958, he walked into the practically abandoned building and decided that it would make a very adequate studio for his purposes.

The passe automotive parts were moved out, a thorough cleaning took place and the walls were done in burlap perfectly complimenting the many still life, scenic and portrait paintings done by the talented Tecumsehite.

Mr. Steinke teaches some 25 students in afternoon and evening classes.

When asked which he preferred — painting or teaching — he remarked, "Oh, painting. I guess. Teaching is sometimes an interruption when you have an inspiration and know just how you want it to go."

HERALD PHOTO BY BILL WHITING

TUNDALL ST. — These buses were fixed Monday after school officials discovered 11 of Tecumseh's 20 buses had ignition wires cut. The schools park their buses just off James St., west of N. Maumee St., and next to the school garage. Drivers discovered the vandalism about 5 Monday morning when they attempted to start the buses. Police are investigating, but there are few leads. It's not even known what day during the Thanksgiving recess that the damages were inflicted.

Dewey Sturtevants Attend National Grange Meeting

Mr. and Mrs. Dewey Sturtevant of 5485 Palmer Rd., Britton, attended the centennial session of the National Grange last week in Syracuse, N.Y.

New legislative goals were adopted by 12,000 of the Grange's 620,000 members in attendance. The goals are dedicated to providing parity of income, opportunity, public service to rural people, and the Grange recommended acceleration of programs to produce more job opportunities, along with new medical, literary, water and sanitary facilities for rural areas.

The Grange favors a new national land policy to improve rural communities and conserve natural resources as well as effective farm programs including non-recourse loans to stabilize markets and support farm commodity prices.

The Grange called for import quota restrictions for all meats and process meats and prompt enforcement of import quotas on all foreign agriculture products when they interfere with domestic prices.

It endorsed the action of President Johnson in June limiting annual importation of dairy products to one billion pounds of milk equivalent annually.

The Grange also supported the Feed Grain Program for 1968 and supported 50% payment of domestic wheat market certificates to producers at wheat sign-up time, but opposed planning for harvest of soybeans or other seed crops on diverted acres.

It opposes any release below parity level any strategic reserves accumulated as needed or inadvertently accumulated in the national or international interest. The Grange however, favors expansion of trade in non-strategic goods and agriculture products and reaffirmed its strong support for tariff reductions included in the Kennedy Round. The Grange also favors the adoption of new legislation to replace the expiring 1962 Trade Expansion Act. The Grange opposes aid to countries "making appreciable assistance or sales of strategic materials to our enemies."

The Grange favors raising wheat price support to domestic price support levels for all wheat exported for foreign aid. The Grange favors adequate appropriations for more farm products research and more rigid control of weeds and pests.

Recommending the establishment of a National Grange committee on collective bargaining, the Grange endorsed continued and increased use of the present farm cooperative structure to carry our collective merchandising.

The Grange favors a new long term, low interest rate financing program of farm capital credit to assist young farmers.

The Grange also favors a general policy to help developing nations improve agriculture capacity by providing American know-how with grants in aid. The Grange opposes foreign aid to communist countries unless it serves our national interest, but favors granting of normal credit terms to other countries on the basis of good credit rating and not denied solely because of political ideology.

Regarding Vietnam, the Grange commended the administration for seeking an honorable and just end to the conflict in Vietnam, but favors careful assessment and approval by the President and Congress before embarking on any new foreign military commitments.

The Grange recommends cutting the national budget by eliminating or modifying programs not absolutely essential to the economy and immediate welfare of the nation. It favors a surtax levy if budget restrictions are insufficient to relieve inflationary pressures.

In other action, the Grange urged prudent use of monies for relief or poverty programs and dropping all able-bodied persons from relief roles if they refuse employment.

The Grange favors review of the Head Start Program, but calls for improved rural education including proper sex education programs. The Grange favors more local control of schools, better methods of detecting mental health problems and renewed its support of constitutional amendment to allow voluntary school prayer and Bible reading.

The Grange opposes teacher strikes, favors instead, arbitration to settle problems and commends teachers for untiring efforts in the advance of education in recent years.

The Grange favors legislation with maximum penalty and rigid enforcement for illegal possession and sale of harmful drugs. Efforts to lower medical expenses and eliminate hospital admittance fees charged by doctors were endorsed as were efforts probing the high cost of drugs.

The Grange opposed an income tax on social security benefits and also opposes any legislation providing a guaranteed annual income, favors retention of states' right to work laws and constitutional amendment permitting states to reapportion one house of their legislatures on a basis other than population, opposes general registration of firearms and further encroachment by federal agencies, executive departments or Congress on the rights of states and citizens.

The Truth in Packaging legislation is favored by the Grange as is legislation to broaden present meat inspection with federal and state cooperation. The Grange favors legislation to stiffen punishment for offenders of inspection and grading laws. Closer inspection of surplus food handling was also urged.

Club's Bazaar Sale Nets Over $185

A bazaar sale of food delicacies, recipe holders, candles, and hand-made articles, held at the meeting of the Business and Professional Women's Club, Monday night, netted $185.30 for the club.

Proceeds will be used for future projects.

The bazaar followed a roast beef dinner served to 75 members and guests by the ladies of the Methodist Church.

Hostesses were Ruby Preston, Mrs. Sherman Cole, Mrs. Fred Burkert, Mrs. Lee Phibbs, Mrs. Paul Maves, and Mrs. Nina Heath.

Gals Dress for Roles

Mrs. Cecile Smith, as Abigail Adams, opened the program "White House Ladies" for the Monday Club, Nov. 27, in the First Baptist Church Youth House.

Mrs. Smith, in costume, charmingly reviewed the life of Mrs. Adams and her husband, John, and told of being the wife and mother of presidents, as written in Irving Stone's book, "For Those Who Love."

Mrs. E. J. Aebersold was program chairman.

A tea party in the home of Rachel Jackson, who was portrayed by Mrs. Lynn Hubbard, presented a gossip session for ladies of the era played by Mrs. John Lott, Mrs. Melvin Ruettinger, Mrs. Truman Rentschler, and Mrs. Perry Hayden, as the maid.

Mrs. David Criss, as Lynda Bird Johnson, having a fitting of her wedding gown and being interviewed at the time by Mrs. Earl Caswell, a society editor, was assisted in her role by Mrs. Walter Prill, a social secretary at the White House.

Mrs. Frank McRae was the soloist for the afternoon meeting. She was accompanied by Mrs. Glen Driscoll.

Mrs. Prill announced that an ingathering for Maple Lane Manor will be held on Dec. 11 for Holly and Tinsel breakfast in the youth house.

Thirty nine members were served decorated cup cakes and cheese, topped crackers, from table centered with a large Mexican bowl of artificial flowers in brown, yellow and blue.

Mrs. Thomas Hamilton and Mrs. H. H. Hammel poured tea and coffee.

Eddy Bags Buck Deer With Plane

Paul Eddy, 53, former Tecumseh Products pilot and well known here locally, bagged his deer the hard way Saturday when a buck ran in front of his plane at the Jackson airport.

Eddy had just landed on the runway when the deer bounded in front of his plane and into the propellers. About $300 in damages was inflicted to the plane.

It was the third mishap this year for the pilot who has flown many years for Addison Products. Regarded as an exceptional pilot, Eddy had the misfortune about six weeks ago to crash a plane he was in the process of landing.

Earlier this year, he suffered severe injuries in an auto accident, and was in critical condition for many days before recovering.

Accutron. The parts that make a watch wrong have been left out.

Some people believe that the more intricate instruments you put into a watch, the more accurate it will be.
Some people don't.
They wear a timepiece on their wrist that has no delicate springs. Far fewer gleaming gears and wheels. Not even a balance wheel.
Yet it's the most accurate wrist timepiece in the world. And comes with the first guarantee of accuracy ever given.*
Next time you bring your watch in for adjustment or repair ask me the secret of Accutron.
I'll tell you.

Indians Open Cage Season

Tecumseh Indians open the 1967-68 cage season here Friday night against Ann Arbor Huron, a new Class A school.

The opener will mark the first time in six years that the Indians face what could be a long season.

Coach Vic Lawson has just four lettermen back and no one over 6'1", making it one of the shortest squads, not only in the Huron League, but in the area.

Nothing is known of the team's first opponent, but chances are they'll have little trouble controlling the boards. Lawson says his team will have to hustle, pressing the other team all over the floor on defense, and run on offense.

He expects to shuttle players in and out. For the past three weeks, the Tecumseh players have been paired off in groups with sets of guards and forwards working together in units.

When substitutions are made, Lawson is hoping that he will be able to substitute two guards — or forwards — who have worked together as a unit during the practice sessions.

Game time for the Jayvees is 6:30, with the varsity tilt scheduled to get underway about 8:15.

Saturday night's non-league game with Hudson has been postponed until January 6.

The Indians do not get into league action until Dec. 8, when they play Flat Rock here. The Rams have a veteran team back and are favored to cop the league's title.

Coach Vic Lawson will start his 11th season as mentor of the Tecumseh Indians Friday.

The groom is the son of Mr. and Mrs. John Surratt, 308 N. Van Buren St.

Dr. James W. Wright performed the double ring ceremony.

Chantilly lace formed the scalloped jeweled neckline and long tapered sleeves of the bride's peau de soie gown. A mantle train of lace swept from the shoulder line and formed the modified peplum effect over the controlled skirt.

Her elbow length veil was secured to a double bow of peau de soie.

Among the attendants were Judith Stowe, maid of honor and roommate of the bride; Sheila Lane, sister of the bride, as bridesmaid; and Mrs. David Shelton, matron of honor.

George Surratt and Marshall Wolfe of Kalamazoo were the groomsmen, and Michael Osburn, brother-in-law of the groom, and Darrell Davies were ushers.

A reception was held at the Harris Motor Inn.

The bride is a graduate of Springfield High School and Illinois Wesleyan University at Bloomington, Ill. She is affiliated with Alpha Lamba Delta, Phi Kappa Phi, the Green Medallion and Motor Board honorary sororities.

Mr. Surratt is a graduate of Tecumseh High School and Western Michigan University.

Both are currently graduate students at WMU, the bride in clinical psychology and the groom in experimental psychology. They are graduate assistants.

Guest Speaker at Club

Dr. Douglas McNaughton, chairman of the Departments of Religion and Philosophy at Adrian College, told amusingly of historical events at the guest night of the Exchange Club Monday evening.

His talk climaxed the "One Nation Under God" project of the club as proclaimed for the City by Mayor Harold Easton.

Dr. McNaughton said that if we are to save our country, we must investigate the causes of the race riots, the hippy activity and other immoralities. Our ray of hope is more study and the crux of it all is what are we going to do about it.

He stated, "All people are under God, whether they recognize it or not, and if they stay away from Him, they will be punished."

"War is against God's will, and they who engage in it will be punished," the professor quoted. He continued his subject by saying that we are being punished now by our war casualties, by the percent of our natural resources used for war and by the arousing of hatred against our enemies.

He said that war engenders hatred against someone, perhaps against the protestors.

Bearing out his statements with historical events, he quoted from Quaker William Penn, who said, "Those people not governed by God will be ruled by tyrants."

Dr. McNaughton was presented to the group by Exchange Club President Ray Dollison, who also welcomed Mrs. McNaughton, members of the Tecumseh Ministerial Association and their wives, and representatives of The Tecumseh Herald.

Members of the Club have been distributing literature in the schools in connection with the project of the month, and enlisted the aid of the ministers in carrying out the activity.

The Rev. B. O. Bashore, secretary of the Ministerial Association, thanked the Club for inviting them.

Mrs. Gorton first saw the Chrismon symbols, or Christ monograms, on a tree in Detroit in 1963. Since she began making them, she has completed two complete sets of 100 each, and each year gives several talks in churches around the area, describing the symbols.

Some of the symbols are entirely woven of handsewn beads, and others are of cut white styrofoam, with white pearl beads. All are gold and white.

At the tea in Clinton, Mrs. Gorton will show the symbols against a background black easel, spotlighting them as she explains their meaning.

Tories Meet Deerfield Friday

BRITTON — The Tory basketball team faces its first test of the new season when it meets the Deerfield Minutemen on the Deerfield court Friday night.

Fifteen young men turned out for the popular winter sport, including four returning lettermen, seniors Tom Schroeder and Gordon Henning, and juniors Jim Skelton and Dave Fairbanks, who saw a lot of action last year.

Jerry Korican at 6'2" and Fairbanks at 6'4", plus Skelton, Jim Henry, Don Reeck, Schroeder, Lynn Palmer, Mark Vallie and Jim Brown, who are all 6' or over, give the squad good height.

Coach Jim Landfair, in his first year at Britton, says, "The prospects are good, we have a young team with plenty of potential, and should be pretty tough as the season gets going. It is hard to judge, though, until I see the other teams in action."

Landfair plans to play the team on more of a man-to-man defense, and hopefully, more of a running attack.

Coach Landfair is a graduate of Michigan State University where he majored in physical education and minored in biology. This is his first year of teaching. He and his wife Kay live in Britton.

The schedule for the year is:

OFF the TOP

"Tomorrow, I'm going on a diet," I announced to friend husband Thursday evening, as I loosened my dress belt. I was so full of turkey, dressing, cranberry sauce, pumpkin pie and whipped cream, I felt like the turkey had cooked a few hours before — positively stuffed.

"Oh, not again! Seems like I've heard that one before," was the reply from behind the newspaper. "Especially after a meal like we just had, and you're so full it's painful."

"But this time I really mean it," I insisted.

"I know, you always really mean it."

But this time I was determined to succeed, so I hunted up the calorie charts and books, which were almost lost in the recesses of one of the kitchen catch-all drawers. They were relics from previous half-hearted attempts to shed a few pounds.

"Why do you want to bother with all that calorie counting and starving yourself?" queried hubby. "You're not fat, so why worry about a few extra pounds?"

"Because a 'few extra pounds,' my dear hubby, is what is making my skirt waistbands tight, my favorite dress almost impossible to zip up, and my slacks embarrassingly snug. It would be nice to be flat in the tummy again, too. Now, when I pull in my tummy, nothing happens!"

By now I was really warming up to the subject, and feeling good and sorry for myself.

"I don't know why it is, that life goes on serenely and secure-ly for 38 or 39 years, and then suddenly, everything turns to flab. I mean everything.

Mother nature just pulls the rug out from under you, and everything goes to pot at the same time. Your stomach getting flabby around the middle, with gray hair sneaking in among the brown, and the kids start leaving home, and your feet hurt. It just isn't fair!"

"Okay, okay, don't get hysterical about it. Why don't you go see the doctor if you're really serious about this diet bit?"

"I don't need a doctor to tell me what I already know — that I've been eating too much for my decreased amount of activity, and I'll have to starve awhile to melt away the excess poundage. Remember the days when I didn't have to count calories? That was when I was so busy hanging up diapers and picking up toys off the floor every day, I didn't have time to put on any weight."

"Calories sure cause a lot of trouble, for some little thing you can't even see," muttered hubby. "I suppose that's the end of our good meals now, for awhile."

If you decide to go on a weight-reducing diet, you must accept the fact that no one else cares very much about your major concern. After a few days of reporting every minor skirmish in the battle of the bulge, you will realize that your friends quickly change the subject when the word diet is mentioned. They don't want to be reminded of their own problems, and would rather you just didn't talk about it.

The dieter must make her lonely way alone, along a trail marked by cottage cheese, celery and Rye-Krisp. You must resolutely turn your back on thoughts of goodies, such as mashed potatoes and gravy, French fried shrimp and chocolate brownies. I pasted a seemingly endless list entitled "Avoid these Foods" on the inside of a kitchen cupboard door, to be a constant reminder.

So do not tempt me with candies, cookies, pie or potatoes. Just pass the grapefruit and lettuce, and put out a note for the milkman to leave a big box of cottage cheese and some skim milk!

Woman's Club Enjoyed Turkey

BRITTON—Twenty-eight members and guests of the Britton Woman's Club were served a delicious turkey dinner with all the trimmings last Tuesday when the group met in the Congregational Christian Church Fellowship Center.

The tables were decorated with fall arrangements. Five members of the County Federation Board were guests.

Mrs. Earl Taylor was in charge of the dinner arrangements and Mrs. Walter Prill was hostess.

Mrs. Lee Spohr presented a musical program for entertainment. Several selections were sung by the Friends Church Ladies' Trio, accompanied by Mrs. William Raeburn. Mrs. Raeburn also presented a piano solo.

During the short business meeting, it was voted to buy several gifts for the Lenawee County Youth Center in Adrian.

The December meeting and Christmas program will be held Dec. 19 at the home of Mrs. Elmer Eberhardt, with Mrs. Paul Frazier in charge.

"God the Only Cause and Creator," is the subject of the Sunday lesson sermon in all Christian Science Churches.

The responsive reading includes this verse from Isaiah: "Lift up your eyes on high, and behold who hath created these things, that bringeth out their host by number; he calleth them all by names by the greatness of his might, for that he is strong in power; not one faileth."

John Pobuda, director of guidance at the high school, is attending a conference on careers in the automobile industry at the General Motors Training Center, Warren.

The session also includes tours of the GM Institute at Flint and the Pontiac Motor Division in Pontiac.

Teaching Spanish

Angelita Lopez is teaching conversational Spanish to fourth, fifth and sixth grade students in the Utica Community Schools as part of an enrichment program there.

She is the oldest of 16 children of Mr. and Mrs. Antanacia Lopez, of Ridgeway, and was graduated from Tecumseh High School in 1963.

She received a one-semester scholarship to Siena Heights College and, with the help of her father and summer work with migrant children, was able to graduate with a bachelor of arts degree in sociology and Spanish.

After some years as migrant workers, the Lopez family settled in Ridgeway where Angela grew up. She learned Spanish at an early age and her command of the language gave her an insight into the problems of the migrants, whom she taught English in the summers at Blissfield.

Visitors to the Disco Elementary School in Utica might be a little surprised to hear "hola" (hello) and "adios" (goodbye) as the children carry on their conversational Spanish class.

Miss Lopez, 22, is a second grade teacher at the school. She hopes to help the youngsters with more sounds until they are able to speak in sentences.

Besides the language, Miss Lopez tries to expose the students to the Spanish influence, using Spanish music and samples of Spanish food. She also uses flannelgrams and boy and girl dolls.

The elementary teacher was home for the Thanksgiving recess. She is looking forward to working with the migrant children again next summer.

She says, "Their lives should be changed. The true migrant lives an entirely different life. He may start in Texas, go to Florida, Michigan, then back to Florida, following the crops, roaming like a gypsy."

Area people are proud of Angelita's accomplishments. It was Mrs. George Rodgers, 9560 Ridge Rd., who sent a clipping from the Utica paper explaining her efforts.

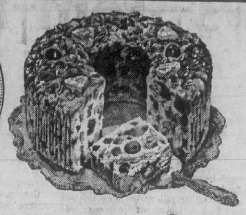
we care



It's America's most popular! Why?

We think it's excellence of product.
Years and years ago, when we decided to bake Jane Parker Fruit Cake, we also decided to bake the best. That's why Jane Parker Fruit Cake was then and is today over 2/3 fruits and nuts.

Just enough delicious cake to hold together the bounty of cherries imported from France, pineapple from the Far East, citron from Italy, sun-drenched raisins from California and meaty pecans from the South.

We think, too, that value has made it popular. IMAGINE, THE 5-LB. CAKE COSTS ONLY $3.99. That's the same low price as last year which makes it an even greater value.

Now you know why Jane Parker Fruit Cake is America's most popular.
One other thing you should know: You can buy it only at A&P.

P.S. Wouldn't it make a great gift for someone?

Marda Gene Duncan's

Through My Window

WHAT TALES HE HAD TO TELL

The big Sunday morning question before the house was whether to tumble Marda into braces and wheel chair or not. A hair-washing session was in order but there were dozens of other things to do, too, and most of them had a much better chance of being done if I stayed put — somehow there is a tendency to "goof off" when I get up.

My bass voice was the deciding factor. It seemed rather silly to risk slipping into a real bout with laryngitis; I would sit up in bed and read. Mom would get to some desk work and Dad would rendezvous with the storm windows. It sounded like a nice sane and sensible plan which would accomplish great things.

Mom and I changed our plans first. A quick look at the calendar jolted us into realizing that, if we were going to do more than just drool over some of the gorgeous cheese catalogues, we had better be about it. Christmas is coming. My reading suddenly became catalogue-looking and her desk work was put aside for another day.

But I am getting slightly ahead of myself. Before settling down to business, there was a slight interruption. Slight amounting to about an hour. Dad and Missie were in the back yard doing homework, heeling and sitting type homework, Mom was in the kitchen making tea and I was flipping through some of the easy-to-turn catalogues.

Suddenly I heard a noise, the same one I had heard all day Saturday but apparently had not paid much attention to. It sounded as if a bird or squirrel or even the wind were rustling the leaves beneath the south window. Just as Mom flew out the back door to get Dad, my mind clicked into focus that, with all of the rain Tecumseh has had, the leaves couldn't possibly be dry enough to make so much noise. What was going on then?

Mom and Dad had the answer — a bird was caught in the chimney. Standing by the fireplace they could clearly hear the frantic flutterings of wings and the desperate scratching of tiny claws. Apparently the bird was too frightened to vocalize. Now the problem arose, how to go about freeing a trapped bird?

Being totally inexperienced in such matters we proceeded by "guess and by gosh". Merely opening the draft in the flue accomplished nothing at all. Next Dad found a large paper bag and, while Mother tried to hold it so as to catch anything falling out of the chimney, Dad flipped the damper back and forth and did something with a stick.

Actually I could not see all that was going on — the fireplace is not too big and with both folks in or in front of it plus flashlights, sticks, brooms, sacks — well, it was quite an operation. And unfortunately it wasn't a successful one either, the bird was still in the chimney.

Finally they decided to see what would happen if the damper were left open and rescue attempts suspended. Perhaps, if it were quiet, the bird could free himself and we foolishly hoped, that if he came down instead of going up, he would wind up in the paper bag.

Dad went back outside and Mom loaded my reading table with those tantalizing books of cheese. Suddenly a wee small voice from the other room — Gram was out there reading the paper — she spoke in hardly more than a whisper, "Bernice, come here and see!"

Without even looking we knew what had happened, the bird was out of the chimney. Poor Gram must have had a few bad moments, she had missed the early rescue attempts and my, wouldn't it be a shock to look up from your newspaper and see a sparrow sitting in the middle of your living room rug?

Next problem — how do you get a bird out of your living room? Dad was called in, of course, and he and Mom went to work. The front door was opened but the stupid bird refused to go out. What a sight, two grown-ups chasing one tiny sparrow who persisted in running under the desk, the tables, the chairs, and the davenport. He ran everywhere but out. We thought he was injured or perhaps too exhausted to fly — we thought that until he flew into my room.

Now the fun really began. First the louvred doors were closed so that our uninvited guest could not re-enter the living room. The windows and the porch door. Say, that November wind can be brisk and cold, can't it? So here we were on a Sunday afternoon — Marda sitting up in bed and practically buried under extra blankets, afghans and stoles; Mom and Dad running from one side of the room to the other, Mom shooing with her hands and Dad holding a folded newspaper; and one poor little frightened and soot-covered sparrow frantically trying to get out, but too afraid to find the open windows and door.

He found wonderful places to hide, though — he was under the book shelves, in back of the drapes, on top of the TV, in back of the TV, under the bed and chairs, back of the stereo, on the camera, among the little pitchers on the front window sill — time and time again he came oh so close to the windows. Finally he scooted out the porch door and our sparrow excitement was over. Wow!

After chasing him through the two rooms inside, Dad had no trouble at all getting him off the porch. And as a finish to the whole thing: just after we were settling back into some resemblance of normalcy, Mom and I saw our friend at the feeder. It must have been he, there just couldn't be two sparrows as dirty and bedraggled looking. Or that hungry, either, and I suppose that after being imprisoned with no feed for at least two days, a well-stocked feeding station would be absolute heaven.

So it is that our Sunday did not quite go according to plan, many of the catalogues were not opened and the storm windows never left the basement but we did free the sparrow — and if it made a good story for us, just think, when he got back to family and friends, what tales he would have to tell

P. S. Cold, fresh air must be good medicine. By Monday morning my voice was back to its old loud self.

D. J. MARTIN, CHAMBER PRESIDENT, RIGHT, WELCOMES JOHN TRUESDALE

John Truesdale Buys Tecumseh Theatre

John Truesdale, former mayor and city official of Clinton, has purchased the Strand Theatre and will take possession on Dec. 15.

He purchased the business, but not the building, from Lloyd Guy, who ran movies here for several years and since the time of Walt Nichols transferring to take over a theatre management, near Cleveland.

Tecumseh's newest businessman has planned a children's Christmas promotion, whereby youngsters will get free tickets for the movies, while their parents are here shopping. Tickets will be good at both Clinton and Tecumseh. Details will be announced next week.

Mr. Truesdale will continue operating the Clinton Theatre, which he recently purchased from Frank and Rena Fitzpatrick of Clinton.

In the future, movie showings will be coordinated between the two theatres, and Mr. Truesdale is planning first-run showing in the area for communities of the Tecumseh and Clinton sizes.

A special feature, already scheduled, is a Christmas night showing of the film, "Sound of Music." The hit will be shown here 11 days in the evenings, with Saturday and Sunday matinees on Dec. 30-31.

The new owner will cater to the young adults and teenagers, as far as showing movies, with family-type films and matinees for children.

He also plans to participate and cooperate with the community and various organizations in use of the stage and theatre.

He plans to rejuvenate the balcony of the theatre and give it a general cleaning before opening. The popcorn concession will be moved inside and some major changes are contemplated, probably next spring.

Mr. Truesdale is no stranger to many Tecumsehites, moving here from Napoleon as a sophomore in school. He enlisted in the Navy in 1942, returned here after being discharged in 1946.

In 1947, he completed his high school requirements at Adrian College.

He has been in the monument business and has worked with the Philco Co. and Tecumseh Products Co.

Before buying the Clinton Theatre, he operated the Teen Club in Clinton.

A resident of Clinton, his wife, the former Barbara Dannells, of Tecumseh, teaches Spanish at CHS. They have four children and one grandchild.

School Board Sees Plans

Tecumseh School Board reviewed plans Monday night for the proposed, new Sutton Elementary School.

Warren Holmes and Associates, school building architects from Lansing, submitted the plans but not estimated costs. The large building would consist of a main hexagon section at the front with four smaller, hexagon units attached at the rear.

The Board has requested further drawing and comparison of costs between a traditional building and the building proposed by the architects.

'Shop Tecumseh' Is Local Theme

"Santa Shops Tecumseh and Saves" is the theme this holiday season for thousands of local and area folks.

An eight-page Christmas supplement is included in this issue of The Herald, part of which is done in spot-color and one advertisement is printed in natural, multiple color — the first in The Herald's 117-year history.

The entire supplement, promoted by the Chamber of Commerce and merchants, was printed offset by an outside firm, and the offset process made it possible to do one ad in its natural color.

The theme of "Santa Shops Tecumseh and Saves" is also appropriate for other Christmas advertising throughout The Herald's other 14 pages.

Cast Needed for Musical

There has been a slight change in the time schedule for the tryouts for "Finian's Rainbow", the Tecumseh Players' next musical production.

Try-outs at Tecumseh Community Center, will be this Friday, Dec. 8, beginning at 7:30 instead of 8 p.m. as previously announced.

This change was made so that the younger people who would be interested in trying out need not be out too late. Saturday's tryout schedule of 2 p.m. is still in effect. Those interested in singing should bring some musical selection with which they are familiar.

Rehearsals will not begin until January. Finian's Rainbow is slated to open in the middle of February.

A cast of twenty-five, including five Negro roles, is needed for speaking parts, plus a chorus and a group of dancers. The call is out for one and all to join in the fun and try-out for this fun-filled, magical musical, "Finian's Rainbow."

4 Persons Are Hurt in Mishaps

Three persons were hospitalized here Saturday afternoon after a rear-end collision on W. Chicago Blvd., in front of Joe's Market.

Admitted to Herrick Hospital were both drivers, Larry D. Kimble, 26, of 1004 Sunset Dr., and Donald L. Hall, 36, Milan, and his wife. Five Hall children escaped injury.

Kimble was waiting to make a left turn off the street when he noticed another car bearing down on him. He attempted to get out of its path but was too late.

According to the police, Hall was traveling about 40 miles per hour when he rammed into Kimble. Both cars were hauled away by wreckers.

Hall was cited for drunk driving, no operator's license, and no proof of insurance.

Earlier in the day, Ronnie D. Peterson, 28, Manitou Beach, suffered injuries when his tractor-trailer outfit slid off Rogers Hwy. at a curve near Blood Rd. and crashed into a large tree.

The tractor was considered a total loss.

Minutes after Peterson's accident, a large Gulf oil tanker rounded the curve, slid on the ice and hit the trailer of Peterson's outfit.

Tanker was driven by Orland E. Berndt, Jr., 45, Toledo. He was not injured.

In the only other mishap investigated by the police during the past week, Marilyn Rees, rural Britton, reported her new automobile damaged in the A & P parking lot.

Swine Farm Tour Tuesday

Swine producers in Lenawee County and surrounding areas will be touring the Lyle Riddell swine farm, located at 12400 Saline-Macon Rd., Tuesday afternoon, beginning at 4:30 p.m.

Sponsored by the Extension Department, the tour will be conducted by Norman Bless, Extension Agricultural Agent for Lenawee County, and he will be accompanied by Edward Miller, swine specialist from Michigan State University. Mr. Miller retires in January.

An informal round table discussion of everyday swine production problems will be held at 7 p.m. in Tecumseh High School.

Mr. Riddell farrows about 600 litters a year and markets between 400 and 500 feeder pigs a month in an all-confinement barn. Only purchased feed is used.

Death Cause Is Unknown

Private services were held Saturday at the Proctor Funeral Home for Mrs. Rose M. Franzel, 53, whose sudden death at her home at 517 E. Chicago Blvd., has still not been solved.

Apparently, there was no foul play. Autopsy information and laboratory findings at East Lansing have not been reported. It's alleged that she may have taken an overdose of sleeping pills.

Her death was discovered by Ben McWilliams, 116 N. Division, who had gone to the house to collect his rent. He found her lying on a bed in the combination living room - bedroom of the home.

It's believed that she died on Nov. 24, day after Thanksgiving.

Mrs. Franzel lived alone and was a patient at Ypsilanti shortly before she died. She was often seen in Tecumseh's downtown business district.

She is survived by two daughters, two brothers and a sister. The Rev. Laszlo Gero officiated at the services, and burial was in Brookside Cemetery.

Seniors Present

Tecumseh High School senior class will present a comedy, "The Skin of our Teeth," Dec. 9-10 and Dec. 13 at 8 p.m. at the high school.

Easton's Station Robbed of $997

Easton's Friendly Service, a Mobil service station at the corner of W. Chicago Blvd. and Pearl St. in downtown Tecumseh, was robbed of $997 Saturday night.

Harold Easton, Tecumseh mayor and owner of the station, said that an employee, John Spreeman, discovered the break-in Sunday morning when he reported to work.

Entry to the station was made by breaking a rear window. It was the first robbery at the station in the 23 years that it has been owned and operated by the city official.

Over $20 in change in the cash register was not taken, nor was anything else disturbed. The owner says it was the first time he had ever left such an amount of money over night in the station.

Unfortunately, he was in a hospital for a few days last week and did not [illegible] Saturday's [illegible], however, asked an employee to take it home — the first time he had ever been asked to do this — and by habit, he locked up and left, leaving the money in the station.

The money had been placed in a money bag and deposited in a filing cabinet in a storage room.

Police have some clues. Since it snowed early Saturday evening, footprints were easy to follow.

Two sets of adult prints were traced in the investigation. The robbers first parked on W. Pottawatamie St., walked behind Bailey Shoe Service, across the city parking lot and behind Dr. Graham Foster's dental office to the station.

Upon leaving, they took a different route. Foot prints showed they walked in front of Tecumseh Glass, across the lot behind The Herald, jumped over a picket fence, breaking a couple of pickets in the process, and then between two houses to their parked car.

The car had snow tires on the rear wheels, and the sheriff's department took pictures of the prints. Tecumseh police took plastic casts of the foot prints around the station.

There was no attempt to cover up the robbery and police have several leads and some suspects.

Council Approves Zoning Change

Although two residents raised some questions, Council approved a zoning change Monday night for construction of new apartments at the Tecumseh Country Club.

[illegible] Fagan, residents, questioned officials about the location of the apartment units, future sewer construction and how it would be paid, and other factors relative to the zoning change and proposed apartments.

William Powell, real estate broker, explained that the apartments would be constructed about 200 to 250 feet south of Burt St., at the west edge of the country club property. The apartment land is presently owned by Dr. Merlyn Blanden.

Mr. Powell said the apartments would be exclusive, and in a reply to a question from Councilman Dr. Carlton Cook, he said rentals could vary from $200 to $350 a month.

Robert Vavalear, builder and architect from Toledo, was present at the public hearing and also answered questions from the residents and Councilmen.

Engineering work is expected to start within the next few days and construction shortly afterwards, weather permitting.

In regards to the sewer, Cal Zorn, city manager, said a lift station would have to be constructed near a small bridge on Burt St., just west of the apartment site.

He stated the city would have to set up a special assessment district to pay for the lift [illegible] and sewer installation. Present sewer ends about one-half mile west of the country club.

Students To Sell Candy for Buying Closed Circuit TV

Ed Hunt, president of the Indian Fan Club, announced that a canvas of Tecumseh and the surrounding area will be made Saturday by Tecumseh High School athletes, cheerleaders and varsity club members, hoping to raise funds through a candy sale.

Proceeds from the sale will be used to purchase a closed circuit television as a teaching aid for the school.

Members of the student body and the student council are cooperating in the two-day sale, Friday and Saturday.

Christmas Program Is Tonight

A vocal Christmas program will be presented Thursday, Dec. 7, at 7:30 p.m. in the High School gym.

Jamie Danforth and Tracie Brooks will present solo selections.

A Mixed Chorus, Girls' Glee Club, Girls Ensemble, Madrigals and a Triple Trio and Mixed Ensemble will also participate in the program, entitled "It's Christmas Time Again."

John Dustin will play an organ, used through the courtesy of Grinnells in Monroe.

There will be no charge for the event.

To Discuss Housing

Impending vote in the state legislature on open housing will be the subject for a discussion Sunday morning at the Tecumseh Methodist Church with the Honorable Robert C. Stites as speaker.

The public presentation is being sponsored by the Commission on Social Concerns in the Fellowship Hall at 11 a.m., immediately following the worship service.

Mrs. James Quigley, chairman of the commission, has said that Stites will present his own views on the legislative measure and will entertain questions from the audience as part of his appearance.

Because the nature of this bill is of interest to many, the public is being welcomed to come and participate.

New Mail Hours

Tecumseh post office will be open Saturdays, Dec. 9 and Dec. 16, from 8:30 a.m. to 5 p.m., for sale of stamps, mailing of packages and purchase of money orders.

TRI-COLOR WINNER — Mrs. Earl Baldwin won the Tri-Color Award in the artistic class of the flower show Friday. Her huge table arrangement displayed in the Don Smith home was topped with bells made from hurricane lamps with red carnation clappers. It appropriately emphasized the theme, "I Heard The Bells On Christmas Day."

MOM WON — April Cook seems pleased about the "best of show" ribbon that her mother, Mrs. Carlton Cook, was awarded for her entry in the contemporary "A Way-Out Christmas" section of the Little Garden Club Flower Show Friday. Arrangement was shown in the Cook residence. Listings of awards and winners will be printed next week.

Don and **Edna Smith**, of **Don's Beef Buffet**, express their appreciation to **Jim Lawson** for the use of a Philco color TV, Nov. 28, for them to view the Weekend Show, featuring the local restaurant and artist **Russell Steinke**. An unveiling and sale of 20 of his latest oils was held Sunday evening at Don's at 7:30 p.m.

The Heralds go to 68 APO San Francisco addresses, probably most of them end up in Vietnam. That's an indication of how many area men are serving there.

Francis Moran, music teacher in the Tecumseh Public Schools, is seeking the correct first line of the Tecumseh's alma mater. Is it **"Hail to Thee Tecumseh High School,"** or is it, **"To your name Tecumseh High School, we will e'er be true."** They both make sense.

"My cat is a regular kitten factory," remarked **Mrs. John Westgate** Monday as she called to insert a free ad in the classified section of The Herald. "The ad got rid of them the last time so we will try it again, thank you." With the little cats already housebroken and holiday time so close at hand, "getting rid of them" should be no problem. Herald ads do get the job done.

Yule Events Begin

Social activities for the holiday season of the Gloria Dei E. Lutheran Church will be opened with a Christmas party for the Junior Choir Saturday, Dec. 9, from 2 to 4 p.m., in the Fellowship Hall.

He will also show slides about the lives and activities of Vietnam children.

The LCW Christmas Tea, planned for Monday, Dec. 11, was postponed until Thursday, Dec. 14. Mrs. James Colson, president, cordially invites all [illegible] to attend the Tea at 7:30 p.m.

45 AT Club's Yule Banquet

Annual Christmas banquet of the Wit and Wisdom Club was held Monday night at the Baptist Church with 27 members and 18 guests present for dinner.

Theme of the evening was "An Old Fashioned Christmas." Tables were decorated with kerosene lamps and individual salt wells. Each member had a picture [illegible] to be identified. They ranged from a horn book, used as a reader for Plymouth Colony children, a Dutch oven placed in front of the fire for baking, animals and articles found in pioneer homes.

Program was begun by Girl Scouts caroling. The troop was under the leadership of Mrs. Lloyd Slagh.

After the guests had been introduced, the program proceeded with a recitation, "Hang Up the Baby's Stocking," by Melissa Becker, daughter of Mr. and Mrs. John Becker of Tipton.

Two songs were sung by Paula and Sam Brantingham, accompanied by their mother, Mrs. Florence Whelan told "The Gift of the Magi" by O'Henry.

The club then enjoyed singing Christmas songs.

The Rev. Brantingham closed the program with some very appropriate words on the true meaning of Christmas.

Mr. and Mrs. Earl Green and Mr. and Mrs. Martin Halley were the host committee for the evening, and Miss Marion Whelan the program leader.

The next meeting will be held in February, under the leadership of Wilfred Waldron.

Parents Paying for Students' Fun

Three high school students, horsing around Friday noon in the downtown district, ended up breaking a large, plate glass window at Hite Hardware.

Parents agreed to make restitution Monday night.

Proceeds from the dinner will be used for a trip to the Mexican Cabana that Troop 418 Cadette Scouts expect to take with others from the Irish Hills Council.

You Told Us

By DOROTHY GRIGG
Herald Women's Editor

"If only the whole world would stand up and recognize God like that," remarked my seatmate, Mrs. Robert Hunt, as we listened Sunday afternoon, enthralled with the magnificent presentation of Handel's Messiah by the Michigan Choral Union at Hill Auditorium in Ann Arbor.

"There would be no moral decline, no demonstrations and no trouble. Wonder if the whole population of the United States stood up at one time and sang the Hallelujah Chorus, if they would hear it over there," she mused.

Well, my lovely little friend, the marvelous music certainly swept all the rebellion, discouragement and disdain out of my heart, at least for a time. It was inspiring, too, to see 32 members and friends of the Tecumseh Music Makers Club listening to the age-old oratorio, so beautifully sung.

If these young people and others like them can be the administrators of our future affairs, we will have no worries.

Mr. and Mrs. Lonnie Bryant were thrilled Wednesday morning to receive a call from their son saying, "We have another little preacher." The proud father was referring to the little boy, Michael Wayne, II, born the evening before at Corbin, Ky. The Rev. and Mrs. Bryant also have a little girl, Melissa, who will be three in April.

Mrs. Bryant (Carol) is the daughter of the Rev. and Mrs. Edgar Owens, now of Wauseon, O. He was pastor of the Missionary Baptist Church here at one time.

Mrs. F. E. N. Thatcher fell Nov. 21 on the back porch at the home of her daughter and husband, Mr. and Mrs. William Wright, and fractured her hip. She will undergo surgery Thursday.

Otto Beaubien fell at his home Sunday, breaking three ribs. He is a patient at Herrick Memorial Hospital.

Services will be held Thursday for Mrs. May Parks, 93, native of Tecumseh, who died Monday at Foote Memorial Hospital, Jackson.

Relatives said that she had never been sick until her last illness.

She had lived in Tecumseh until three years ago when her home burned. Except for a brief time in an apartment here, she has made her home with her two daughters since that time.

Born Sept. 13, 1874, in Tecumseh, she was the daughter of Mr. and Mrs. Albert Aylesworth.

She was a member of the Friends Church and had been a member of Chapter 51, OES for 71 years, the longest time of any member.

She climbed the stairs of the Masonic Temple two years ago for a celebration for the fifty-year members.

The daughters surviving are Mrs. Josephine Stevens of Detroit and Mrs. Albertine Davis, 126 Grove St., Michigan Center. Seven grandchildren, 21 great-grandchildren and six great-great-grandchildren also survive.

A service will be held at 11 a.m. Thursday at the Nichols Funeral Home, Michigan Center. The body will lie in state at the Tecumseh Friends Church from 1 p.m. until the service there at 2 p.m., with the Rev. Paul Brantingham officiating.

Members of the OES conducted a memorial service Wednesday evening at the funeral home.

Mr. Hayford was born April 13, 1935, in Adrian. He married Edith Anspach Aug. 21, 1954.

State Republicans Talk Here

An inspiring series of talks by visiting state Republican dignitaries were given to interested persons, who met Wednesday evening at Don's Beef Buffet.

Pete Fletcher, chairman of District Two, was the featured guest, and expressed satisfaction with the activities of the Tecumseh area group.

Also present and talking informally were Jerry Roe from State Central; Harold Wilson, who is assistant to Congressman Marvin L. Esch; and several students from the high school, who were commended by Mr. Fletcher for showing an interest in politics.

Mills Swick, Lenawee County chairman, was present to conduct the short business meeting.

Miss Laura Smith, a newcomer to this area, was elected secretary of the group to fill the office formerly held by Julie Fosbender, who has moved from the city.

Mrs. Faun Platt, county vice-chairman, told of Franklin Township's couples club, which was formed recently.

A nominating committee, appointed by Hugh Walters, present chairman, is to select nominees for new chairman and treasurer to be elected at the next meeting in January.

Indians Face Tough FR '5'

Unless the Indians show a tremendous improvement here Friday night, their one-game winning streak for the season will come to an end.

A veteran and highly-touted Flat Rock five invades the local gym and are expected to walk off with a victory. The Rams were more than respectable last year, and most are back.

The short Indians will have trouble on the boards, as FR runs clear up to 6'4", with several in the 6'1" to 6'3" bracket.

Best chance for the Indians is to continue their running game and hope their shooting improves. Last week, Tecumseh held a cold hand against Ann Arbor Huron as shot after shot went astray.

Butch Signs To Play Ball

CLINTON — Butch Hoelzer, son of Mrs. Clinton W. Hoelzer, 117 W. Church St., signed Monday in Detroit, to play with an All-American Amateur Baseball team next summer.

Sponsored by Detroit Adray Appliance Company of Detroit, the team is composed of 16 boys between 18 and 20 years old from Michigan. Al Favro is the manager.

The team will play between 50 and 60 games next summer, beginning June 1, with most of the games in Michigan; however, it is known that at least one out-of-state game will be played in Baltimore.

Known as one of the outstanding amateur teams in the country, Al Kaline was on its roster before joining the Detroit Tigers.

Hoelzer, who pitched winning baseball for the Clinton Redskins, is assigned to first base with the All-American team.

Dean Hebb of Tecumseh played with the same team last summer.

Tories Drop Opener, 61-52

BRITTON — The Tory cagers were defeated by the Deerfield Minutemen by the score of 61-52 in their season opener Friday night at Deerfield.

The Minutemen, led by Tom Forche and Wayne Piotter, jumped to a quick lead in the opening minutes of the game and led at halftime, 37-18.

The Tories rallied in the third quarter, outscoring Deerfield 19-9. They closed to within two points in the final minutes of the game, only to see the Minutemen come back and stage their own rally and wrap up the game.

Forche was high for both teams with 27 points. Piotter added 10.

Dave Fairbanks with 25 points and Jim Skelton with 14 led the Tory scoring.

Coach Landfair commented, "I was disappointed in the team's first half play, but happy in the way they came back in the second half. Gordon Henning came off the bench to play a good game for us."

The Britton reserve team beat the junior Minutemen 50-35 in the first game. Rick Maska played an outstanding floor game.

The Tories host Sand Creek Friday night in their first home game of the season. Saturday night they travel to Boysville. Both are River Raisin League contests.

Village Puts Up New Decorations

BRITTON — The downtown area of this village has been gaily decorated for the Christmas season the past week, as new ornaments have been installed on the light poles, and the village Christmas tree put up.

After a couple of years which saw village decorations dwindle to a few strings of lights across the streets, councilmen met with a representative from Bronner's Display Company of Frankenmuth last summer, and selected some brand new items in an attempt to rekindle the Christmas spirit.

Four large lighted ornaments are located on light poles on the north side of the main street, and red ribbon and plastic greens entwine around the poles.

The cost of the decorations and freight charges came to just over $500, which was all the councilmen felt should be spent in one year.

Also featured downtown is the village Christmas tree, which was greatly missed last year. It is located in front of Jane's Beauty Shop, and is already well lighted each evening.

The Britton Businessmen's Association is sponsoring a visit from Santa on Saturday, Dec. 16, when he will be on hand to talk to the children and give them treats.

Henry Ivans Host Party

BRITTON — A combination Thanksgiving dinner and birthday party was held recently at the home of Henry Ivan.

The family gathering was to help Henry celebrate his birthday.

Also present were Mr. and Mrs. Harold Ruehn of Potterville.

EILEEN PERRY

Eileen Perry Good Citizen

BRITTON — Eileen Perry, the daughter of Mr. and Mrs. Peter Perry of 7755 Ridge Road, has been selected as the D.A.R. Good Citizen from Britton-Macon Area High School.

The Good Citizen from each accredited school is selected by the faculty. Senior girls are judged on the qualities of dependability, service, leadership and patriotism.

Eileen was class treasurer for three years. She is a member of the Horizon Club, also the F.H.A., of which she was formerly historian and is now president, and the B.E.C. Bowling Club, of which she is president.

Eileen was in the junior play, she was sophomore class Homecoming Queen attendant in 1965, F.H.A. Princess this year, and student librarian for two years.

Eileen was also the Girl's State delegate from Britton last summer.

Brother Dies

BRITTON — The Rev. Gustav Hannevik, pastor of the Congregational Christian Church received word Saturday of the death of his eldest brother, Ragvald Hannevik, in Bergen, Norway.

The funeral was to be held Wednesday.

Junior, Senior MYF Are Participants in Pledge Service

BRITTON — Junior and Senior High MYF participated in an unusual pledge service during the morning worship service at Grace Methodist Church Sunday morning.

Each youth cleaned the gift by placing rusty coins in water in a baptismal bowl, as a sign of clean lives, then placed a gift on the altar. This represented not only a clean, renewed life, but provided for a larger sum to be sent for youth-sponsored missions.

Solo parts were taken by Sue Smith, Kathy Jewell, Connie Irwin, Russ Johnson, Lewis Wagner and Cynthia Dean.

Also, during the morning worship service, members and friends in the congregation participated in a covenant renewal service by placing a covenant or membership renewal card on the altar table, and then kneeling for a few moments of personal prayer.

Airman Griewahn Is Honored Guest

BRITTON — Weekend guests of Mr. and Mrs. Ed Hintz were their grandson, Airman First Class Pepper Griewahn, and a friend from Seward AFB, Tenn.

Friday evening callers were their granddaughter, Mrs. Bill Hill, and three children of Cone.

Saturday evening, Mr. and Mrs. Elias Maves and family of Tecumseh were hosts at a family pre-Christmas dinner.

Guests included Mr. and Mrs. Cuyler Hills and June of Birdsall; Mr. and Mrs. Bill Hill and family of Cone; Mr. and Mrs. Ed Hintz of Britton and Airman Griewahn.

The dinner was given for Airman Griewahn, who will be leaving Dec. 15 for three months' duty in England. He left Sunday from Metro Airport to return to Seward AFB.

Hetricks Attend

BRITTON — Mr. and Mrs. William Hetrick returned home Sunday after spending several days in Miami Beach, Fla.

They attended the second annual convention of the National Community School Education Association.

The purpose of the conference was to share recent developments in the community education concept.

Foreign Student Housing Needed Over Christmas

BRITTON — Any resident of the Britton-Ridgeway community, who is interested in entertaining a foreign student over the Christmas vacation, is asked to please contact Mrs. Charles Bishop or Rev. John Lover.

Foreign students are available from a nearby university. They need housing during these vacations, and they would like to come into rural homes to get acquainted with rural people, and to make additional friends. Some families have made lasting friendships with students from other countries.

If you think this might be interesting, and want more information, contact Mrs. Bishop or Rev. Lover, and discuss it with them. The length of time the students can stay may vary, and often does.

Boy Scouts Selling Trees

BRITTON — Boy Scouts expect a shipment of Christmas trees to arrive this week, which they will have for sale in the Britton Methodist Church yard on Chicago Boulevard.

Sale hours will be after 3 p.m. on weekdays, and all day Saturdays.

Scoutmaster Neal Judkins also announced the annual Charter Night dinner and program, which is slated for Wednesday, Dec. 13. A potluck dinner will be served in the school study hall.

The charter presentation and awards will be on the agenda, and also featured will be Richard Rayburn, who will show slides of his trip to the World Scout Jamboree last summer.

'Ball' Is Big Hit

Happiness and merriment flowed like wine at the "Pink Champagne" Holiday Ball last Saturday night.

The elegant mod-type decorations gave the party a rosy glow which seemed to be felt by all the guests.

Pink lights, pink and red bubbles, pink and red mobiles, pink Chrismas trees and pink and red candles sparkled throughout the Tecumseh Country Club at this annual event.

Ladies and their escorts danced to the music of Art Bartner and his orchestra and later enjoyed an unusual refreshment array of hot hors d'oeuvres and coffee.

All of this was planned by the general co-chairmen, Mrs. C. W. Hanna and Mrs. Thomas Rudd, with decorations under the direction of Mrs. Ronald Wisner and Misses Laura and Flora Smith.

Refreshments were planned by Mrs. Joseph Gallazzi and Mrs. Donald Nixon, with many Auxiliary members working on all committees.

Special thanks for contributions and assistance towards the ball go to the Tecumseh Products Company, the Tecumseh Corrugated Box Company and Van's Bakery.

Proceeds from the ball and the sale of Christmas fruit cakes will be used for providing cardiac equipment at the Herrick Hospital.

Members are reminded that the next meeting of the Auxiliary will be Jan. 9, with a social evening of cards, following the regular business meeting.

Indians Ragged in 40-38 Win

Tecumseh opened its cage season Friday night with a ragged but winning performance over Ann Arbor Huron, 40-38.

The game was marked by 47 fouls with 66 shots from the free throw line. If the officials had been calling them close, they'd still be shooting.

Tecumseh won the game at the circle, connecting on 20 of 32 attempts, while the AAH five hit on just 14 of 34. Both teams numbered more free throws than goals.

Jim Upell, at 6'1" and tallest member of the starting Indian five, topped all scorers with 16 points on three goals and 10 free throws.

Dave Strack, son of University of Michigan's head basketball coach, paced his team with 15 points. He collected five of his team's 12 goals.

With just 43 seconds left in the final quarter, Jim Mobley sank three straight free throws to give Tecumseh a 38-34 lead. Steve Dalton then popped in a two-pointer to give the Indians a 40-34 lead, and apparently a victory.

AAH fought back in the closing seconds, hitting two goals and still scrambling at the buzzer.

Tecumseh generally led all throughout the game, but the visitors did go ahead, 34-32, with less than two minutes left. Mobley then tied the count with two free throws before collecting a string of three to put Tecumseh ahead.

The shooting was extremely poor with the Indians hitting five of 31 attempts in the first half for a 16 percent average — about half of what a team should shoot to even be in a ball game.

In the third quarter, AAH collected just four points and Tecumseh only six. Shots simply did not go through the hoop.

Knights Win First, 65-42

By Greg Kovacs

Boysville Fighting Knights started off the '67-68 basketball season by winning its opening game against St. Mary's, 65-42.

In the first quarter of play it was a fight for Boysville to keep up with St. Mary's. The Knights had to rely on free throws to keep them on the score board. The quarter ended with Boysville 12 and St. Mary's 12.

Early in the second quarter, the Knights came on strong and maintained good ball control throughout as they outscored St. Mary's 27-24.

Good ball handling and hustling of the Knights brought the game to excitement as Elbert Neal was hitting for a good percentage of his shots.

The St. Mary's team could not keep up with the Knights because they did not work together in controlling the ball. The third quarter of play ended with the Knights again in the lead 46-33.

The fourth quarter of play proved to the Knights that work they had been doing for the past four weeks was beginning to pay off as they played a lot of fast breaks without confusion.

Elbert was hot this quarter and was hitting from inside the lane without trouble. The Knights maintained a lead which was never threatened by St. Mary's.

Neal starred for the Knights, having 30 points and was high man of the game.

The J.V.'s won their game by a score of 54-38, with Rick Hurford and Mike Pitylak starring with 13 points each.

Parents of Class Meeting Tuesday

Parents of youth, who will compose the confirmation class of the Tecumseh Methodist Church, will meet Tuesday, December 12, in the Fellowship Hall at 7:30 p.m.

In preparation for this conference, the Rev. Donald Porteous is sending letters to the families involved.

Youth from seventh grade and up will be included in the training sessions, which will meet weekly between now and the Easter season.

Jayvees Trounce AAH, 54 to 39

Ann Arbor Huron's Jayvee squad, in its first basketball game as a new school had a rough introduction Friday night as Coach Jim Curth's Jayvee five trounced them to the tune of 54 to 39.

The Ann Arbor team tried hard and did manage to make a game of it for one-half of the contest. But basketball on a high school level is made up of four quarters.

In the third quarter the Little Indians put the game out of reach with an 18-point outburst while holding the Huron Jayvees to 11.

The only question in the fourth quarter was how merciful would Coach Curth be? Even though he flooded the game with all 15 of his players, Ann Arbor was still outscored at a two-to-one ratio.

Coach Curth cited his whole squad for its "hustle and drive." "Every player demonstrated a high degree of desire," he said. "And this was most pleasing to see. If this attitude continues for a whole season, our team will be a respected squad throughout the league."

"It's hard to pick out any one player," he continued, "but something should be said of Bob Reed's offensive production and his defensive play in shutting down their high scorer, Mike Campbell, in the second half.

"Mike Kennedy played outstanding ball, leading the team with 9 assists, scoring 9 points, and holding his man to just 3."

Paul Burns did a fine job on the boards and was tough defensively. Burns grabbed 10 rebounds and hit for 11 points.

Curth also lauded Tom Aiuto for giving the team a valuable lift when it looked as though it were sagging a bit.

"There's no doubt about it, Aiuto gave us a spark when we needed it," he said. "Tom came in off the bench, stole two passes, hit for a couple of quick buckets, and seemed to give his teammates a shot in the arm."

Bob Reed led the scoring with 18. Burns and Aiuto contributed 11 and 10 while Kennedy just missed double figures as he added 9 to the cause. Campbell led the Huron cause with 18.

Ann K. Marks, Paul A. Goetz Speak Vows

Red hobnail candles, poinsettias and holly accented the Immanuel's North Blissfield Lutheran Church Saturday for the wedding of Ann Katherine Marks and Paul Arthur Goetz.

Parents of the couple are Mr. and Mrs. Leslie Marks of Ridgeway, and Mr. and Mrs. Arthur Goetz of Blissfield.

The marriage was sanctified by the Rev. Daniel Mathes, assisted by the Rev. Kenneth Sharp.

Dennis Bryan was soloist, accompanied by Mrs. Clyde Fliter.

The bride's gown, designed by her mother, was white velvet in empire style with A-line skirt.

White pearls accented the gown and train. A crown of pearls and teardrops held the fingertip veil in place.

She carried white orchids with Christmas holly and entwined with pearls.

The bride chose her sister, Nancy Marks, as maid of honor and Bertha Mae Warren, Judy Marks, Mrs. Gloria Elliott and Mrs. Virginia Grob as bridesmaids.

The maid of honor wore an A-line dress of emerald green velvet with matching green bow in her hair, and carried a white velvet muff, accented with a cascade of holly.

The bridesmaids wore identically-styled gowns in deep red velvet.

Ruth Golembiewski, wearing red velvet, was the flower girl and David Marks carried the rings.

Brenda Marks was junior bridesmaid in a white velvet gown similar to the bride's.

Mark Golembiewski was junior groomsman. The groom chose his nephew, Vernon Sell, to be his best man.

The guests were seated by Gerald Sell, Dean Marks, Mark and Fred Van Steekiste.

Mr. and Mrs. Bill Phillin and Mr. and Mrs. Fred Van Steenkiste were hosts for the reception, attended by 500 guests, at the Products Workers Union Hall.

They will live on S. County Line Hwy., Blissfield, after a wedding trip to New Orleans.

The groom's parents entertained the wedding party at the rehearsal dinner in the church parlor Friday evening.

QUESTION:

"Should we immediately visit the family of a close friend at their residence, or wait until calling hours at the funeral home?"

ANSWER:

If the deceased was a very close personal friend, a very brief visit at the residence would convey your desire to be helpful. Express your sympathy, but try not to be overly emotional.

Clinton Clips Manchester

By GINA GREEN

Friday the Redskins came out on top with an 88-60 victory over Manchester, for their second win of the season.

Though not indicated by the final score, the game was a hard-fought battle, especially in the opening minutes.

Both teams used a pressing defense from the beginning and throughout most of the game.

In the second quarter Clinton took a 10-point lead and added to it throughout the remaining quarters, allowing the Dutchmen to come only as close as 11 points in the third quarter.

Senior Butch Hoelzer, last year's All-State 6'4" center, topped the scoring column with a 24-point effort, but Coach Dick Content also had high praise for Jim Schuler and Jake Schwab, who added 19 and 13 points, respectively.

Hoelzer scored 14 points in the first quarter, but the Dutch defense tightened up on him, giving Schuler and Schwab the opportunity to open up on both long and close shots.

Both hit consistently throughout the final three quarters. Mike Jurasek also scored in double figures, adding 12 points to the winning total.

The entire Redskin squad made good 45 percent of their shots from the floor to 36 percent for Manchester.

Rick Lowery tallied 19 points for the Dutchmen, and teammate, Dan Smith, added 16.

School Building Plans Explained

CLINTON — A plan of action for the new school building is being explained to school district residents this week by the Board of Education of Clinton Community Schools.

Tentative plans call for architect's preliminary sketches to be submitted for the proposed additions, remodeling of present buildings, new high school construction by March 1, 1968, and a public vote on the bond issue in late April.

Construction is expected to begin in March, 1969, and it is expected that the schools could occupy the new facilities by Sept., 1970.

The present school site of 17 acres is appropriate for elementary purposes, according to state standards. The present elementary building would be used for primary grades, and the high school building would be used for upper elementary grades.

The 1905 section — the oldest — will be torn down and the middle section will be completely remodeled for classroom use with a heated corridor joining the two buildings.

A new secondary school building is planned which will include the following classrooms and facilities:

- 12 to 16 general classrooms.
- Three science rooms.
- Two shops.
- Two music rooms.
- Two two-room suites for homemaking.
- Two business education rooms.
- Drafting room.
- Arts and crafts room.
- Music rooms, band and choir.
- Instructional materials center to include library, reading, and conference rooms, electronic laboratory, audio-visual center, staff library and supporting area to make this a center of student learning.
- Gymnasium with two stations for boys and girls.
- Auditorium.
- Kitchen and cafeteria.
- Department for special education and special services.
- Suite of administrative offices.
- Swimming pool.

The board plans public informative meetings in the near future, and citizens' critical evaluation will be requested.

The dens displayed articles they had made for Christmas.

The following boys received badges:

Gale Patterson, Bear.
Leonard Rochowiok, Bear.
Jeffery Miller, Wolf.
Thomas Sell, Gold arrow.
Randall Breeding, Silver arrow.

Refreshments were served by members of Den 1.

The December pack meeting will be held Dec. 12 at 7 p.m., in the old gymnasium. Parents are to bring a gift to be exchanged for each child they bring to the pack meeting. They should be marked for boy or girl.

New Member of MYI

CLINTON — Joanne Sharpe, a junior at Clinton High School, has been chosen as a member of the Musical Youth International (MYI), for the 1968 summer concert tour to Mexico, Central America, and the western United States.

Joanne is the daughter of Mr. and Mrs. Richard Sharpe of 108 Burton St.

The MYI is made up of 100 qualified juniors and seniors from Michigan, neighboring states, and Ontario, forming a concert band of 50 members and a choir.

Since her selection, Miss Sharpe has been named to a first chair clarinet position with the band.

Having qualified by achieving Proficiency I ratings in District and State festival competition, demonstrating ability, and having three letters of recommendation, candidates for the honor are chosen on the basis of musical ability, scholastic achievement, and good standing in community and school.

Rehearsals are held each Saturday for three hours in Saline, until tour time, June 29.

The group will fly to Guatemala and will board chartered buses for a tour of coastal cities of Mexico and Central America. They will tour interior of Mexico and make stops at cities in the mountains.

On the return to the United States, they will make numerous stops at selected cities in Texas, Oklahoma, Missouri, Iowa, Illinois, and Michigan before playing a final concert in Ann Arbor on Aug. 4.

Highlights of the trip will include a six-day stop in Mexico City, and a two-day visit to the World's Fair at San Antonio, Tex.

The cost of the trip is $700 which includes all the practice training and the blazer uniform.

Joanne has been in the high school band since seventh grade and has played in the all-county band two years. She has attended Interlochen Music Camp twice. She studies clarinet under Dr. John Mohler of the University of Michigan, and is a member of the National Honor Society, secretary of the Student Council and is a majorette in the marching band.

Four Generations of Dolls

CLINTON — Four generations of dolls are featured in the display window, decorated by the St. Dominic's Altar Society, at 121 W. Michigan Ave., in preparation for their bazaar there next week.

Three older dolls were in the family of Mrs. Edward J. Kehoe.

The littlest doll is the oldest, nearly 80 years old, a "Baby's Jumeau" of French origin, and was brought to America by Mrs. Kehoe's French aunt.

Over 50 years old is Mrs. Kehoe's own doll, also brought from France. It is dressed in a pretty rose-colored gown with a matching feather-plumed hat.

Wearing a wedding gown, made of World War II nylon parachute, and in the style of Queen Elizabeth II's wedding gown, is a doll owned by Mrs. Kehoe's daughter, Kathleen, now Mrs. John Sell.

The contemporary 20-inch bride doll, with her large and fanciful wardrobe of clothes, will be given away by the Altar Society at the conclusion of the bazaar.

Tickets may be obtained from members.

Sister Mary Angela, R.S.M., a heart patient for more than seven years in St. Joseph Hospital, Ann Arbor, has made the bride doll's wardrobe by hand.

Included are a cape and hat; playsuit, formal gown and wrap, two or three daytime ensembles, pajamas and granny gown, suitcase, and a lace-trimmed bridal gown with a long train.

Each year Sister Mary Angela sews wardrobes for dozens of such dolls, 25 already this Christmas season.

Little daunted by her affliction, she also has kept busy during her long confinement by writing a book and occasionally tutoring children at her bedside.

During last summer's Detroit riots, Sister Mary Angela helped make dresses for urban families, who were made homeless by the disaster.

Her talented handiwork on the bride dolls has made it possible for many groups, such as the Altar Society, to raise funds for charitable projects.

New heart surgery procedures, now being perfected at Ann Arbor, may enable her to have heart surgery early next year, Mrs. Kehoe said.

The bazaar will be open daily, afternoons and evenings, with the committee in charge, Mrs. Kehoe, Mrs. Glenn Kinney, Mrs. William Kershner and Mrs. Linn Gray.

DOLL WINDOW AWAITS ST. DOMINIC'S BAZAAR

Choir Nets $450

CLINTON — A profit of $450 was netted from the $912 taken in at the recent performance of "The Music Man" by the CHS choir and orchestra.

The choir's director, Mrs. Donald Geiger, explained that this sum will help to complete payment on 75 scarlet blazers, which were purchased for the choir last December, at a cost of approximately $1,300.

Last year, at the time of the blazer purchase, the choir had only about $600 raised from previous musicals, and the board of education loaned them the balance in order to get the choir outfitted sooner.

Number of choir members has grown, especially boys, so there is need for additional blazers, which have been ordered.

An effort is being made to build up the music files by purchasing new music. The project is expected to be completed in five years

The choir operates on a budget of $400 which is used to provide copies of the music for the students.

Long-range plans call for proceeds from future choir productions to be used for better sound and stage equipment, Mrs. Geiger said.

Truck Driver Strikes Tree

CLINTON — Harold Socks, 62, of E. Michigan Ave., Saline, escaped with only a broken rib when a truck he was driving struck a tree on Case Rd., south of Saline, Friday night.

Mr. Socks had delivered some cement blocks to the home of a daughter, Mrs. Gary Sweet, near Macon, in a truck owned by the Saline Mercantile Company, where he is employed.

He had started home and was driving along Case Rd., about 10:30 p.m., followed a short distance behind by his son-in-law, Mr. Sweet, in another car.

Suddenly Socks was seen to swerve off the road and crash into a tree. There was no other car involved.

When Mr. Sweet reached him, Mr. Socks was already standing beside the truck, which was damaged considerably and had the steering wheel broken completely off. There were no skid marks on the highway, and Mr. Socks told Clinton State Police, he doesn't know what happened.

Taken to Saline General Hospital, where he remained over the weekend, examination showed no signs of a heart attack, as first reported, and he is expected to be about in a few days.

Mr. Socks is a well-known carpenter in the Saline-Clinton area and has many relatives in the vicinity.

Visit Colleges

High School counselors have recently been cited by a national publication as givers of misinformation. One way Tecumseh High School counselors find of securing accurate information is to visit the campuses of the various schools which THS graduates desire to attend, talk with the admissions people, interview THS graduates already on the campus, and see for themselves just what is the atmosphere of these colleges.

This is carried out in a rotation plan where one or two representatives of the department visit various colleges, nurses training institutions, secretarial schools, and trade and technical centers.

During the past two weeks members of the guidance department made three such visits. John Pobuda, guidance director, and Robert Benham visited Eastern Michigan's campus, talked with admissions people, listened to EMU staff members discuss new facilities on the campus, and interviewed THS grads who are presently freshmen at Eastern Michigan.

Most of the students felt they had made a wise choice of school. The main problems seem to lie in the areas of college course selection and unsatisfactory lecture classes.

Mr. Pobuda spent Tuesday, Wednesday and Thursday in Warren, gaining much information about General Motors Institute of Engineering and its program, admission policies, and financial aid.

The three-day program consisted of tours of the Technical Center, General Motors Institute, and the Pontiac division.

Some problems such as sponsorship, high school prerequisites, choosing majors prior to entry into the program, policies of admissions, and GMI apprentice program were among the topics of discussion between members of the GM Institute and high school counselors.

Mrs. Gerald Henricks spent Thursday afternoon at Foote Hospital School of Nursing in Jackson listening to presentations from directors of nursing programs at Foote, as well as Jackson Community College Practical Nursing program, Kellogg Community College Associate Degree program, and Michigan State University baccalaureate degree program.

Again admissions policies, high school prerequisites, testing programs, facilities, differences in the various programs, placement and future earnings, and financial aids were among the topics of the presentations and interactions between the counselors and the directors of these programs.

High school counselors attempt to keep their information as up-to-date as is possible for counseling the 1,040 students at THS. It is the individual student and his parents who must make the final decision as to which institution will meet the needs of the particular individual. The counselors only add another dimension to the available college catalogs and brochures.

Thank You

It is with sincere gratitude that I wish to THANK all my many friends, fellow associates, co-workers and relatives, for making my day such a great day and one which I shall always remember.

Thanks to Mrs. Flanders and WLEN, the Press, the Merchants and ALL THE CITY OF TECUMSEH.

It has been a real pleasure to serve you.

OFF the TOP

Along about this time of year, as cheerful Santas and ringing bells replace the autumn decorations in homes and stores, there is a renewed emphasis on games of all kinds for the youngsters.

Children and their parents are bombarded from television, magazine and newspaper ads with facts about the many educational and fun-type games available for the children of today.

But nowhere do you see any ads for games for Mother. Mother, you see, has games of her own to play all year long, and does not need any special impetus at Christmas.

One amusing game which Mother plays is called "Where Is It?" This game can be played any time of the day or any day of the week, but is more exciting if played the last three minutes before the children must leave for school.

The signal to begin this game comes when one of the youngsters calls out, just as Mother thinks everything is under control, "Where is my arithmetic book?" or, "Where are my gloves?" or, "Where is my other shoe?"

At this sign, Mother begins to search all through the house with the participating child for the missing object. This is a rather active game, and Mother can be seen rushing upstairs and down, searching diligently behind doors, in dresser drawers, or under a bed or chair. Meanwhile, the child participant follows her around, crying "I'm going to be late!"

Mother does not seem to enjoy all the activity, however, and the game seldom ends on a happy note, even when the missing object is finally retrieved from its hiding place, and the child hurried out the door.

★

ANOTHER game, non-seasonal in nature and played by every Mother at some time during the year, is called "What Is It?"

The only necessary equipment needed to play this game is a crowded refrigerator. It may be large or small, but it must be full of mysterious dishes on every shelf.

To play the game, Mother first decides that today, she simply must clean the refrigerator. Then the fun begins. First, she may find an innocent-looking covered bowl, which, upon being opened, emits a horrifying odor, whereupon Mother cries out "What Is It?"

In the crisper drawer, she discovers a green slimy mess, and she is unsure whether it was green pepper, or lettuce, or celery. A moldy, reddish sphere, she is fairly confident, was once a tomato. One little glass has only clear dry flakes in it, and Mother decides that must be those extra egg-whites left over from the time she made yellow cake.

The rules state that Mother must never open a cottage cheese box, if she can't remember how long it's been on the back shelf She'll be sorry if she does!

The contents of one mystery dish defy recognition, no matter how hard Mother guesses.

A large covered container of liquid also brings forth the call of "What Is It?" from Mother. Is it left-over soup, spoiled fruit juice, or some Kool-aid which young daughter made last summer?

Down the drain it all goes, or out in the garbage. Mother washes the entire refrigerator and puts back only the recognizable items. How pleased she is when this game is over!

Variations of this game can be played when Mother cleans under the children's beds or in their closets, and you may again hear her cry out "What Is It?" as she drags forth some object from the shadowy corners.

There are many other games which Mothers play, including "Wipe Up the Milk," which Mothers of pre-schoolers seem to play every day; "Avalanche," which occurs when dirty clothes pour down the clothes chute; and "Twenty Questions," which Mother plays constantly.

The game of "Concentration" is not recommended for Mother, as it is too difficult for her to achieve.

The final game which has been noted for Mother to play, is called "I Give Up."

This game can be played by the whole family, and usually is. Children, husband, dogs and cats plague Mother all day, with requests for services, special menus, spending money, approval for outings; they ask to go out and to come in; argue among themselves, etc., etc., etc. Mother wears a haggard look by suppertime.

The final play of the game comes when one child solemnly announces as she is going to bed that night, she "Forgot" to tell Mother that she volunteered to bring four dozen cookies for the class party — tomorrow.

Mother collapses in a faint, saying, "I Give Up!" and the game ends abruptly.

RAMBLINGS

I thought that I could start by saying something about being as busy as a bird — somehow, though, I am afraid the old saw was being busy as a bee, not a bird. Oh, well, on the seventh of December I should be entitled to one mistake in the first sentence, shouldn't I? Seriously, we do tend to think of birds as busy, busy characters who spend the greater portion of each day searching for food.

Two men working for the Illinois Natural History Survey conducted a short experiment in this field and they either disproved the theory of how much time birds spend eating or they ran into a lazy robin.

By using a tiny transmitter they spied on a robin for two days. Only one bird in such a short period of time certainly does not constitute a truly scientific experiment nor can the results be treated as absolute truths.

They did find some interesting things, though — primarily, their bum of a bird spent a good two-thirds of both days sleeping or resting with his eyes closed!

*

MICHIGAN'S own Kirtland's warblers are in trouble. At least the last report is not too encouraging and they are now classified by the U. S. Fish and Wildlife Service as an endangered species.

These birds, being almost six inches long, rank with the largest members of the warbler family. The males are a pretty blend of grays, yellows, whites and blacks; the females are similarly marked but are, of course, a bit duller.

One of the bird books, which goes into an almost confusingly complete description, says of Mr. Kirtland's that he has a white crescent-shaped mark on his lower eyelid and a smaller narrower spot on the upper — well, three cheers! Now really, how many of us are ever going to examine a bird's eyelids?

Actually, how many of us are ever going to see a Kirtland's Warbler? They are not a numerous species, they winter in the Bahamas and their breeding area is extremely small. So unless one is lucky enough to perchance a migration sighting or make a special effort to visit the nesting sights, there just isn't much chance of adding a Kirtland's warbler to a personal bird list.

It is this very restricted breeding area which should interest all of us who live in Michigan. Three counties in the northern part of the state, Oscoda, Crawford and Roscommon, support the growth of Jack-pine, which meets the home-site area requirements of these fussy birds.

By a well-regulated program of burning over carefully selected areas, we can apparently maintain suitable habitat, thick Jack-pine stands with trees not over fifteen feet high.

The big problem is cowbird parasitizing. These "villians" victimize many birds but, careful observations made in the Kirtland's Warblers' home area, show that they apparently have a disastrous preference for the warbler's nest. And this is the problem — one cowbird egg in any nest is usually the death warrant for the rightful inhabitants.

Let's hope that help comes soon. Even though these birds are not personally known, we should all value them — after all, they are just another one of the many unique things of which Michigan can boast.

IN GOING from birds to plants — how would you like a giant water lily? It grows in South America and has monstrous six-foot leaves. My goodness, in the middle of a hot, dry summer, there are places where one of these leaves would cover our dear little creek.

As for bananas, the edible ones that we eat and enjoy, has some two thousand relatives. That is quite a plant family. The orchids could have quite a family reunion, too, there are some fifteen thousand of them.

So it is that, Marda, your space is running out and you are getting pretty far afield — it is time for you to quit these ramblings.

Women's Club Starts Gift Wrapping Job

The Shawnee Republican Women's Club started the Christmas season off with flying colors Tuesday when 15 ladies met at the home of Mrs. Ned Baldwin to have a gift wrapping session to benefit children of the three to five-year age range in Detroit's inner core.

This project, sponsored by the State Central Committee of the Republican Party, is to bring a little Christmas into the homes of children who might not have one otherwise. It is a continuation of the "Involvement" theme of the Republicans, a program, initiated by Elly Peterson, State Chairman.

Many little outfits of slacks, shirts, underwear, socks, caps and mittens were packaged, along with toys suitable for the age group, including a book or crayons and coloring books.

Several donations of merchandise or money were received from interested persons from around the city, which were used for either gifts, wrappings, or postage with which to mail gifts into the headquarters for the project in Lansing.

A business concern in the city wrapped the packages for mailing, which was much appreciated.

Plans were made for the continuation of favors and small gifts for the nursing home and also to attend the area Republican meetings to be held at Don's Beef Buffet on Wednesday evening.

Sp. 5 Howard W. (Bill) Truesdale has returned from a year of duty in Saigon, Vietnam.

After a 30-day furlough with his parents, Mr. and Mrs. H. W. Truesdale, at 408 W. Kilbuck St., he will report at Edgewood Arsenal, Md.

Home from Vietnam

Pfc. James Tonneberger is home from Vietnam, spending a leave with his wife, Karen, and parents, Mr. and Mrs. James Tonneberger, of Newburg Rd., and other relatives.

"You wouldn't believe the joy of the men when they arrived in the states. That was really something," commented the young marine with the well-waxed handlebar moustache.

The entire 13 months of his service was spent with I Corps in the northernmost part of the demilitarized zone, in the area where Bradley Bruce and George Heeman were also located.

They saw each other about three times during the little more than a year that they were there. Jim said that he had seen Jim Wallace at Red Beach, too.

"The monsoons are beginning there now," Jim said, "and it is quite cool, 70 to 75 degrees."

He seemed pleased with the food situation, saying that they had a good mess hall and were served about everything that they would have been back in the states

They had plenty of water but always used iodine or halazone tablets for water they obtained from wells of friendly villagers

"This is not a conventional war, and we don't have the manpower that we should over there. If it were not for the jets and helicopters, we would have even more trouble than we do. Moving wounded or anything through the underbrush is almost an utter impossibility."

"Yes, we have plenty of gear, sometimes too much," he said in reply to that query. "But the North Vietnamese army has the same weapons that we do, and many more than we have. They are smaller people than we, but they can carry much more. They have a lot of determination."

He told about guerillas that are farmers by day and fight by night around Danang. Nearer to the DMZ, they meet the regular army. Ground secured one day may be infested with guerillas the next, he commented.

"I couldn't see any gain, but I was only in one little place and I don't know what the officers do."

Tonneberger seemed to think that the civic action programs helped, but the people do not seem too appreciative, some were and some not.

He said that 15-men units work together in CAC unit to help build homes with cement and other materials provided by Americans. They live right in the villages with the people and work with them. He remarked that he had two or three buddies that were killed in such action, working in what was supposed to be a well-secured area.

He agreed that people live in fear and dread every minute.

The Vietnam veteran will receive an early discharge to return to Adrian College in January, where he has already studied liberal arts for five years.

He has to return to Camp Pendleton, Calif, for separation, however.

Santa's Coming Saturday

What's the greatest moment of the year for hundreds and hundreds of Tecumseh and area youngsters?

The answer is obvious — the arrival of Santa Claus from the North Pole into downtown Tecumseh. Hundreds of lads and lassies are expected to greet him here Saturday afternoon.

Santa will arrive in Tecumseh at the four corners at 1 p.m., with the local fire department providing him an escort. According to plans, Santa will board a fire truck, ride to the downtown section from the east with the truck's siren sounding his arrival.

Paul's Trailer Sales has again donated a trailer — his headquarters which is to be located at Chicago Blvd. and Evans St., in front of the D&C Store.

Tecumseh's Chamber of Commerce, which sponsors old St. Nicholas here, has scheduled hours during which youngsters may visit.

Santa will visit with the children until 5 p.m. Saturday afternoon, and then again that evening from six to nine o'clock. Next week, Monday through Friday, he will see youngsters from 1 to 5 p.m. and from 6 to 9 p.m.

Saturday, Dec. 23, Santa will greet the young folks from 10 a.m. to noon, and then 1 to 5 p.m.

He will have candy for each child, the courtesy of city government. Other expenses are being picked up by the Chamber.

Don Moffatt, Tecumseh recreation director and Chamber Secretary, made the arrangements this year for Santa's visit.

Youngsters will get a special treat next Thursday, Dec. 21, when the annual children's Christmas party will be held at the Strand Theatre.

Santa will also greet youngsters at the theatre, and with his helpers, distribute additional candies.

Views Favor TCC Building for $200,000

Although the meeting was merely informative, hopes were raised Wednesday night of last week that finer facilities may be realized at the Tecumseh Country Club in the future.

James Hendley, Manchester attorney and president of TCC, and James Gillespie, Fisher Body Executive, were in charge of a membership meeting, attended by approximately 130 members.

Mr. Gillespie is chairman of the planning committee, which has worked since last spring for expansion of the club house, construction of a swimming pool and completion of the watering of the fairways on the golf course.

He answered questions from members and invited their views on the total projects. Practically all of the comments seemed favorable for the expansion, which could cost over $200,000.

Ken Smith, Adrian businessman and member of the board, said the project could be financed over a period of years at a modest increase in dues — probably $5 or $6 a month.

A vote on the remodeling and expansion will probably take place at the club's annual meeting in January. Before the club can proceed with its plans, three-fourths of the total membership must vote in favor of them.

If a national trend towards a higher dues schedule is followed at TCC, local dues could be raised, regardless of whether the membership votes for or against expanded facilities.

TCC board cannot develop new facilities without approval of its members; however, dues can be adjusted to provide necessary revenue for operating and maintaining facilities.

Proposed expansion would make TCC the largest and finest in Lenawee County, and comparable to the big, prestige clubs in the metropolitan areas.

Last month at Adrian's Lenawee Country Club, members voted against expansion, and then voted a $100 increase in dues. It turned out that members there will pay higher dues for 1968 without any additional benefits.

Their increase of dues, from $300 to $400, is considerably more than the $235 per year dues here. And their increase of $100 per year is more than what would be necessary to fulfill Tecumseh's building plans.

HAWAII BOUND — Edward DeLisle, Standard Dealer of Tecumseh, congratulates long-time customers, Mr. and Mrs. Wayne Johnson of 11615 Tecumseh-Clinton Rd., Clinton, nationwide winners in the Standard Oil Credit Card Sweepstakes Contest. They won a two-weeks, all expenses paid, vacation for two to Hawaii, and plan to go late in January. Mr. Johnson is employed at Tecumseh Products and Mrs. Johnson operates the Chic-Tress Salon in Clinton. The couple has four children, one at home.

Township Taxes Soar

Many Tecumseh Township property owners howled this week when they received their tax notices. An approximate 30 percent increase in tax dollars was responsible.

Art Eaton, township supervisor, said that he knew of the increase since last May and has repeatedly argued against it, and most recently during the past month.

Early last year, a complete review and inspection of township property was made. Afterwards, adjustments were made in evaluations, and township officials thought they were at 34 percent of actual value.

This would have been higher than the required state equalized evaluation figure of 50 percent. However, the county equalization board differed, dropping the township assessment to 47 percent and assigned a 1.057 multiplying factor for coming up to state equalization.

Mr. Eaton says he has asked for an explanation for the board's action, and how they arrived at such an assessment figure. According to the supervisor, no explanation has been made.

Adding the multiplying factor to the assessment adjustment has accounted for the big increase in tax dollars.

Loss of about $66,000 of assessment in personal tax on the farms and the necessity of taking $1,000 out of the general fund for drain costs has prohibited the Township Board from reducing millage.

New evaluation total for the township is $3,462,103. Last year it was $2,318,550.

Stores Offer Free Movies

A Christmas promotion for children, approved by the Chamber of Commerce and organized by John Truesdale, new Strand Theatre owner, starts this week with 17 participating merchants giving away free theatre tickets.

Parents may pick up free movie tickets at the stores after first making a purchase. The amount varies, but some stores are giving away one ticket for each $5 purchase.

Purpose of the promotion is to assist the parents in their shopping here, by having their youngsters at the Strand watching movies and cartoons.

Mr. Truesdale has planned a double feature — Wild, Wild Planet and Fastest Guitar — and some cartoons. Each showing will last about three hours.

The tickets will be good on Dec. 22-23, with matinees and evening showings scheduled.

Free theatre tickets may be obtained at:

- Sluyter Gifts
- Baldwin Hardware
- Watkins Shop
- Eggleston Jewelry
- Helms Furniture
- Green's Clothing

- Flanders Music
- Wright's Pharmacy

- Proctor Shoe Store
- Jean Colgrove Gifts

Mr. Truesdale says other merchants also may participate and obtain tickets by calling him at 456-4416.

Senior, Cadet Bands Present Yuletime Concert

The colorful, annual Senior and Cadet Band Christmas Concert will be held Dec. 19 at 8 p.m., in the Tecumseh High School gym.

Don Johnson and Gerald Bach will direct the Senior Band in a medley of Christmas carols ranging from the traditional "Silent Night" and "Sleigh Bells," to the bright "Toy Shop," accompanied by an amusing skit put on by the band members.

Jill and Joyce Holden will entertain with folk songs and the cadets will then take over with some songs expressing the yuletide spirit.

The public is invited.

Grand Opening Is This Week

A new Fleet-Wing service station opens this week at the corner of Rogers Hwy. and Sutton Rd.

Arlan Kapnick and Danny Amstutz will be in charge, and are equipped to service automobiles, trucks and farm tractors.

The two men did most of the construction, a 40x60-foot building, working on it during their spare time. They started last April.

Grand Opening is scheduled this Thursday, Friday and Saturday. Beach Bros., Inc., will service the station, its second in the Tecumseh Area.

Santa Answering Telephone Calls on Dec. 19-20-21

Tecumseh Jaycees have arranged for Santa Claus to answer calls from youngsters Dec. 19, 20, and 21 between 7 and 9 p.m.

Children who want to talk to Santa may call 423-7448 or 423-7449.

Decoration Thefts Spoil Yule Spirit

By DENICE ANDERSON

Vandals have destroyed part of the Christmas spirit for several Tecumseh residents as Christmas decorations and displays valued at more than $50 were stolen over the weekend.

"We're keeping an eye on three juveniles we think might be connected with the thefts," Murell Clark, chief of the Tecumseh Police, said Wednesday. "But we have no definite proof as of yet."

One resident, Delbert King, owner of The Party Shop, is offering a reward of $10 to $20 for the return of the "Noel" sign he had in his front yard at 800 River Acres Dr.

The display was of plywood with each individual letter standing two feet high.

"The children's grandfather made it last year and the kids painted the letters," Mr. King said. "The two flood lights illuminating the display was not touched."

The King theft occurred some time Sunday morning after King had turned off the lights at 12:30 a.m.

"I found a set of tracks in the fresh snow leading to the sign the next morning," King said, "and from the size of the prints, I'd say the thief was a fairly good-sized boy — if he were a boy."

The King children, Mark, 13, David, 8, and Kathy, 7, were unable to locate the sign or any remains near the river.

Just down the block from the Kings, the vandals struck again at the Philip Chrzan residence.

The Chrzan plywood display of Santa and his reindeers was taken sometime early Sunday morning. It had still been there when the couple returned around 1 a.m. from an evening out Saturday.

"It makes you a little disgusted," Mrs. Chrzan said.

"We had that display shown for the past seven years in Grand Rapids, and it was never touched," she said. "Then we move to this small town, and it's stolen before we've lived here a year."

Mrs. Chrzan, whose husband works at General Motors, says, "I don't think we'll be turning on any outdoor lights again."

They have a daughter, Tammy, 10.

At the Melvin Ruettinger home on 802 Sunset Dr., it's the same old story, over and over.

"This is the third year in a row our light bulbs have been stolen," Mrs. Ruettinger said. "We've never discovered who the culprit is and we've even stayed up late at night watching."

"These thefts worry us because the lights are attached to the trees close to the house, and if they dare come that close, who

Norm Bailey Retires, Sells His Building

Norm Bailey, Tecumseh businessman here since 1935, except for a spell in the service, has sold his building and has retired from business.

He sold the building last week to Fred Hartwig, 115 W. Pottawatamie St., who operates Servicemaster of Lenawee, a cleaning firm.

Mr. Bailey said, I had the opportunity to sell the building, so I did. My future is undecided."

The new owner already has started a 30-foot addition to the Bailey building and plans to move the plant from Adrian. It is hoped that the business will be operating from the new plant by Jan. 1.

Raisin Taxes About Same

Jim Mitchell, Raisin Township supervisor, reports property owners in his township will pay approximately the same in tax dollars again this year, despite evaluations which doubled.

Tax notices were sent out this week.

Some residents were confused by notices as evaluations doubled. Required by law to bring assessments up to state equalization — which is 50 percent of true value — Mr. Mitchell applied a multiplying factor of 2.3213 to the properties.

This factor is determined by the county equalization board. Although equalizations doubled, the township's millage was slashed, well over half.

New total evaluation for the township is $12,923,200, compared to last year's $5,312,250.

Freshman Hurt

William Berry, freshman at Tecumseh High School, suffered a possible concussion Wednesday morning when he fell from the parallel bars in the gym.

He was rushed to Herrick Hospital by ambulance. At press time, the extent of his injuries was not known.

Annual Party for Children Is Next Week

Tecumseh's annual Christmas Party for children will be held next Thursday evening, Dec. 21, starting at 7 p.m.

The program, sponsored by the city, will include two Walt Disney movies — Country Coyote and Cartoon Festival — plus five other cartoons.

The showing will last about two hours with Santa and his helpers scheduled to pass out candy at about nine o'clock.

The entire program is free to the youngsters.

City government is also sponsoring a holiday dance at the Community Center on Dec. 27. The Teen Club will be in charge with dancing planned from 8:30 to 11:30.

Jaycees Seek New Members

A membership recruiting night, open to young men in the 21 to 35 age bracket, will be held this Thursday evening, Dec. 14, at 7:30 at the Tecumseh Jaycee clubroom, above Gaston's Jewelry shop in downtown Tecumseh.

The Jaycees are one of the most active groups in the city, and hope to boost their present 47 membership.

They're especially hoping that many of the community's newcomers will attend the meeting, not only providing them with the chance of making new acquaintances, but offering them an opportunity to work with the group for civic improvements.

The next big Jaycee function is the annual follies, scheduled for Tecumseh in January. The home-talent show has been sponsored twice here and has always been well attended.

Contest Deadline Is Next Tuesday

A savings bond and two gift certificates will be the prizes in the Home Decorating and Lighting contest conducted in the City of Tecumseh and sponsored by the Parks and Recreation Department.

The Consumers Power Co. has added a special award for the most outstanding lighting entry this year.

First prize is a $25 savings bond; second, a $15 gift certificate; and third, a $5 gift certificate.

The savings bond is being donated by the United Savings Bank and the certificates by the Chamber of Commerce.

Both lighting and general decorations will be judged on the basis of originality, artistic merit, lighting technique and general composition.

Elaborateness and expense of materials will not be taken into consideration. The contest is designed to encourage greater spirit of the season and goodwill.

Deadline for entries is Dec. 19 and judging will take place Dec. 20 and 21. Entrants are asked to have their displays lighted from 6:30 p.m. to 10 p.m. for the judging.

Don Smith is thinking of those tired cooks the day after Christmas and will provide a welcome relief from the kitchen for the housewives by opening Don's Beef Buffet as usual Dec. 26.

The **colorful little shepherd** and lambs being painted **on the Tecumseh Herald office window** is the creation of talented **Karen Bishop,** daughter of the **Jolly Green Giant** back shop foreman.

"The age of **chivalry** is not dead," remarked **Mrs. Thomas Riordan** Monday. It seems that the **Riordan auto** stalled at the corner of W. Just as The Herald was going to press, **Mrs. Delbert King** called to say the **"Noel" display** stolen Sunday morning, had been spotted by **Harold Black** of Occidental Rd., in front of the **Clinton High School.** She reports that it was **only slightly damaged** and will be repaired by her husband. **"We're putting it right back up,"** she announced.

Julian Strong, of Ridgeway has a copy of the **Western Home Visitor** newspaper of Mt. Vernon, O., dated **March 15, 1854,** which was a keepsake of his grandmother of Loudenville, O. Mr. Strong would like to give the **historical memento** to someone who would like to have it to keep.

Mr. and Mrs. Ellsworth Robison of 6969 Stone Hwy., are celebrating their 30th wedding anniversary this week. Their family will be entertaining them at Holiday Inn, Toledo, Friday evening.

Donelda Jane Stone and Ellsworth D. Robison were married at the home of her parents, Dec. 17, 1937.

They have three children: Larry M. Robison of Santa Ana, Calif.; Erick F. Robison A.D.J. 3 of Miramar Naval Air Station, San Diego, Calif.; and Mrs. Douglas R. (Karen) Sherman of Tecumseh and one grandchild.

The sons, Larry and Erick, of California, will be home for the occasion.

FAMILY TRADITION — Mrs. Al Helzerman began singing in the choir at the Presbyterian Church 50 years ago, and great granddaughter, Cynthia Aylesworth, 5, is continuing the tradition in the Cherub Choir. They will be singing at the vesper service in the sanctuary of the church at 6 p.m. Sunday evening. The four church choirs, directed by Mrs. Ralph Reed of Clinton, and accompanied by Mrs. Fred Oberlin, organist, will present a candlelight service of music, which is open to the community.

knows what they will do next," she said.

In total, over 120 lights have been taken during the past three years. At present, there are 300 lights decorating the home.

"We've already replaced a dozen or so that were taken this year," Mrs. Ruettinger mentioned. "We had been gone Sunday but the lights were still here when we returned that evening."

The theft wasn't discovered until Monday morning.

"Saturday evening I saw a mess of boys varying in sizes from small to large running both ways around our house, then over to our neighbor's place," she said. "I don't know if these were possibly the same who came back and took our lights."

"Sometimes I feel it's an adult, at least in our past thefts, because of the manner in which the lights were taken," Mrs. Ruettinger said. "The person seemed to know exactly what he wanted.

"We'll keep putting up the display, but if this continues much more, we may stop," said the wife of the owner of Bud's A&W Drive-In.

And in still another part of town, the vandals continued.

Mr. and Mrs. Frank Robinette of 505 S. Pearl, had around 17 light bulbs taken right off their house.

"We've had trouble in this neighborhood before, but we can't prove who did it," Mrs. Robinette said.

"We've replaced the lights. Our other display of Mr. and Mrs. Santa Claus had been put in our screened-in porch this year," she said. "It's probably a good thing we put it there."

That display was untouched.

Mr. Robinette works at The Tecumseh Products, and she wrks in the kitchen at Herrick Hospital.

"Our seven grandchildren really enjoyed the display," Mrs. Robinette said, "and we hope to have another one next year with more to add to it."

If anyone knows the whereabouts of these decorations, they are asked to notify the police.

What's Going on at BOYSVILLE

By GREG KOVACS

The Boysville Glee Club, under the direction of Bro. James Bergman, presented their first performance at Ford Center, Westland, Dec. 4. The program was based on popular music and the Christmas Season.

After the performance, the group was invited to the Immaculate Conception Knights of Columbus Hall in Garden City for dinner.

Dec. 7, the Glee Club toured Herrick Nursing Home and Memorial Hospital to sing Christmas carols to the patients.

Last week the seniors were fitted for caps and gowns, which gives them the sign that graduation is nearing. One senior was quoted as saying, "Where have the first three months gone?"

A group of nine pupils went to Siena Heights College in Adrian to present a panel discussion on school, as seen by the student, for a class in which Bro. Edward Overstreet, Thomas More principal, is presently enrolled.

Members of the panel included Ted Suykerbuyk, Jim Patterson, Roger Murphy, Art Blank, Steve Williams, Tom Facen, George Van Black and Chester Kosulinski.

The discussion was moderated by Greg Kovacs, who asked the students various questions pertaining to their views on school.

Between 50 and 60 persons attended the discussion with members of the audience including teachers, student teachers, college professors and college students.

After the discussion the boys were treated to refreshments at the college, then dinner in Adrian.

Brother Donald has started a Pep Club which some 60 students from Thomas More joined. The Club is to be the cheering section for the athletic events.

The seniors were made honorary members and the only requirements for membership is a strong feeling of school spirit.

The Boysville Glee Club will present a Winter Concert in the Boysville gymnasium Dec. 17. The public is invited to attend the 4 p.m. program.

The program will be presented in two parts, popular music and Christmas music.

The intramural basketball and volleyball teams have been chosen, as the season officially opens. Brother James Kinsella, moderator of the intramural program, chose 12 upperclassmen to be captains for the eighth and ninth grade teams.

The intramural program is optional for the upperclassmen, while it is mandatory of all students of the underclassmen rank.

All games will be refereed by members of the varsity basketball squad.

Tom Riordan, former editor and co-publisher of The Tecumseh Herald, is writing a column for the Jackson Citizen Patriot. His first column in that paper will be printed in the Sunday, Dec. 17, issue with succeeding ones each Wednesday, Friday and Sunday thereafter. Riordan is presently teaching at Hillsdale College.

Abner's Service Again To Provide Christmas Carols

Abner's Service will again provide the sound of Christmas carols in the streets of Tecumseh for the 20th year.

The music was played by Mrs. Gerald Eaton on a Lowrey theatre organ, at Flanders Music Co., and taped by Gary Flanders.

Forest Abner said that he has used the same equipment for an average of 160 hours each holiday season to send the joyous sound through the business section.

There were two or three years when he was out of the appliance business that he didn't handle this public service.

You Told Us

By DOROTHY GRIGG

Herald Women's Editor

It's most inspiring this Christmas season to see and hear of individuals working out their own charitable deeds rather than expecting the church, the service clubs, or any number of other organizations to take care of the work end. It's easier to dole out some money and hope it eventually fills a real need but much more rewarding to have the satisfaction of knowing from personal experience that your gift helped.

Joyce Manwaring has a project going to furnish an apartment for an enterprising polio victim who can provide his own rent money but not much more. She needs help if anyone has some chairs, a table or bed they would like to donate.

James R. Baker, son of Mr. and Mrs. James W. Baker, 5762 Rogers Hwy., has arrived home after a two-year stint in the army. He comes from North Carolina and expects to return to school at Cleary College and work at the Fisher Body Plant.

Mr. and Mrs. Martin F. Wallich, with some friends from Jackson, enjoyed a full week in London, Eng., returning home Saturday. He said that the flight only takes about seven hours, weather there was in the 50's and sunny every day. Mr. Wallich is the manager of the Tecumseh Plywood Co.

Kenneth Kopke returned to his home Friday afternoon from Herrick Hospital where he was a patient after breaking both arms in a fall from his house roof.

Walter Zarnoch is home from Michigan State University, visiting with his parents, Mr. and Mrs. John Zarnoch, for the Christmas recess.

Mr. and Mrs. Paul Wolf and Mrs. George Leonard of Adrian, spent part of the weekend at Hinsdale, Ill., visiting the former's niece and husband, Mr. and Mrs. Lee Waterbrook. En route home they visited Mr. and Mrs. Wolf's daughters and their husbands, Mr. and Mrs. Dale Lane and Mr. and Mrs. James Pollard at Berrien Springs.

Mr. and Mrs. Wendell DePuy and son, Raymond, of Charlotte visited Neil DePuy Dec. 4 before Raymond left for the army with 22 others, drafted Dec. 5 in Eaton County. Neil said that his grandson made seven, the number to serve their country in their family.

George Isaacson left for Florida immediately after discharge from Herrick Memorial Hospital Nov. 26.

A little girl, Charlene Veasey Sniffen, 6 lbs., 10 oz., was born Dec. 7 to Sp/4 and Mrs. Gerald Veasey Sniffen at Foote Memorial Hospital, Jackson. Mrs. Bonnie Veasey Sniffen is the paternal grandmother of the baby. She said that her son is expected to arrive home from Vietnam, Feb. 3.

Mr. and Mrs. George Green, Jr., of Pentwater were in Tecumseh last week to visit his mother.

Tories Defeat Boysville, 70-56

BRITTON — The Tory basketball team gained their first victory of the season as they downed Boysville, 70-56, Saturday night at Boysville.

Britton took the lead in the first quarter and never lost it. By half-time they led, 33-19. The Tories showed a lot of fire as they connected on many outside shots, hitting 27 out of 78 shots from the floor for 35 percent, and making 16 out of 28 free throw attempts.

The improving Tories looked like they could threaten anyone in the league Saturday night. They worked together better as a team.

Junior Dave Fairbanks led the Tory scoring with 24 points. Jerry Korican added 12, Gordon Henning 9, and Jim Skelton 8. Altogether nine Tories were in the scoring column as Coach Landfair played the bench freely in the last quarter.

The taller Britton team controlled the backboards, as Fairbanks grabbed 18 rebounds and Korican pulled down 7.

Elbert Neal, with 18 points, was high for Boysville. Dave Rockwell added 8 for the losers.

The win puts Britton at 1-2 in River Raisin play.

They meet Summerfield at home Friday night, also a league contest, in the last December game before the Christmas Tournament play at Deerfield.

ACCIDENTS

Two teenagers and one adult suffered injuries Tuesday in a four-car accident on N. Maumee St., just south of Shawnee.

Tecumseh police, investigating the mishap, reported that Ruth L. Hall, 46, of 6776 Ridge Rd.; Kathy Barrett, 16, of 11 Cairns St., and Penny Hicks, 17, suffered injuries and sought their own treatment.

According to the police report, Gary L. Betz, 19, of 3618 Rogers Hwy., slammed into the rear of a car driven by Erie S. Long, 16, of 107 Van Buren. Long's car, in turn, was pushed into the Barrett auto, which then crashed into the car driven by Mrs. Hall.

Young Betz was cited for failure to stop within an assured clear distance and failure to show proof of insurance.

Local police investigated six other accidents during the past week. A resume is:

Dec. 6 — Marguerite M. Luce, 71, Tipton, backed into a parked car, owned by William R. Bartenslager, 20, of 511 N. Evans St.

Dec. 8 — Larry E. Smith, 24, of 501 E. Chicago Blvd., was headed east on Chicago Blvd. in the downtown section when he thought he saw a bicyclist. He swerved and flattened a highway sign at the intersection of Chicago and Pearl.

Dec. 9 — Lonnie W. Holdridge, 18, Matthews Hwy., suffered minor injuries after a dog ran in front of him on Occidental Rd. He lost control of his car and hit a fire plug. Holdridge was taken to Herrick Hospital for treatment.

Dec. 9 — Larry D. Phillips, 20, Jackson, was charged with violation of the basic speed law after running into the rear of an auto driven by William A. Peebles, 23, Hillsdale. A passenger, Harriette Peebles, 31, suffered minor injuries.

Dec. 11 — Edward W. Zick, 59, of 8500 Clinton-Macon Rd., was charged with failure to have his car under control after he turned out of a Tecumseh Products parking lot and hit Everett Brown, 43, Clinton.

Dec. 11 — Gladys M. Kent, 63, of 311 S. Union, was cited for failure to yield the right of way when she turned in front of an oncoming vehicle, driven by John F. Wallace, Jr., 24, of 3349 Russell Rd.

Two Ordinances Receive Approval of Franklin Board

The Franklin Township Board passed two ordinances at the recent meeting.

- Rezoned five pieces of property from residential-agricultural to commercial.
- Approved franchise to Citizens Gas to install gas lines in Tipton.

The franchise is now subject to the approval of the residents.

William Burchfield, Lenawee County road commissioner, spoke of the problems of the Commission concerning roads and bridges in the county.

The Board approved sending two township officers to the Michigan Township Association Convention at Grand Rapids in January.

Friendly Class Has Yule Party and Gift Exchange

Sixteen people were present for the Christmas party of the Friendly Class of the Friends Church Dec. 5 at the home of Mrs. Charles Manley, Sr.

Mrs. Paul Brantingham opened the program reading from St. John 1: 1-17 and Mrs. Howard Everhart read "If Christ Had Not Come" and "The Heavens Declared the Glory of God."

She also read an article entitled "Billy Graham Breaks Another Record at Kansas City."

Mrs. Emma Day had charge of the program and presented Mrs. Naomi Sallows who read "St. Anne of Nazareth," followed by Mrs. Perry Hayden who read two selections.

Mrs. Day closed the program with a reading.

A white elephant gift exchange was held and Mrs. Brantingham was presented a gift of linen from the class. Mabel Lockwood, teacher, was given a pen and note paper from the group and the assistant teacher, Mrs. Hayden, was given note paper.

Cake and cookies were served from a table centered with a Christmas arrangement. Mrs. Sallows and Mrs. Rolland Mohr poured coffee and tea.

Fan Club's Candy Sale Raises $600

A candy sale, conducted Saturday by the Indian Fan Club in conjunction with junior and senior high students, resulted in selling nearly 1,600 boxes of candy for a net profit of over $600.

The sale was held in order that IFC could assist in purchasing a closed circuit television system for the schools. It will be used both in the classrooms and the athletic program at the high school.

Kenneth Pieh, campaign chairman, declared the sale "a great success."

Approximately 100 students, directed by 30 members of IFC, canvassed the entire community and surrounding areas.

"Everyone did an outstanding job," Mr. Pieh said, "and are to be commended for their efforts and cooperation."

Cited as the "best sales team" was a group led by Coach Jim Curth and composed of Tom Aiuto, Tony Nykodym, Jack Edwards and Craig Smith. The boys worked until 7:30 p.m. and sold $143 worth of candy.

Another group — Carlo Mobley, Kennp Pieh and Jim Hunt — rate the title of "best sales promoters" as they sold $120 of candy, but managed to turn in $125.

One other team, the cheerleaders, led by Mrs. Mary Lou Fairbanks, was cited for special recognition as the girls worked the United Savings Bank, Adrian Federal and the super markets for $132, second highest sales total.

IFC and Mr. Pieh express their appreciation to the community and area residents for their cooperation.

Couples Attend Commissioners Christmas Dinner

Mr. and Mrs. Wendall Disbrow of Tecumseh and Mr. and Mrs. Wayne Balliet of Clinton were among the Le-nap-e District Commissioners and their wives who attended a Christmas dinner party at the Tecumseh Country Club Saturday.

Scout Executive James Reed and Mrs. Reed of Maybee were also present.

Peace Through Love

By the REV. LASZLO GERO

In these trying times, when fear of war and hopes of peace are manifest in our hearts and minds, it is imperative that every possible effort be made to foster peace through increased love for an understanding of our fellowman.

The children of today are the leaders of tomorrow. Seeds of love for people of other countries, races and creeds, planted in their hearts today, may help these future leaders "solve world problems with more wisdom than has our generation."

The program was written by Mrs. Margaret M. Fashant with the thought in mind that we may never forget that Christ was sent as the Prince of Peace for all the world.

And as our Prince of Peace came as a small child to lead all the world, over 2,000 years ago, may we pray that our small children will, in presenting the Christmas message in their sweet trusting way, lead us to deeper love and understanding and thus to lasting peace.

The program, "And lo, the angels sing," will be presented by the Sunday School children of the Gloria Dei Ev. Lutheran Church Dec. 17 at 2:30 p.m.

About 90 children and 10 young adults will take part in the program, prepared and taught by Mrs. Laszlo Gero and Mrs. Roland Boyers, with the help of the Sunday School staff and the mothers of the children.

James Colson prepared the program.

In place of a "Toy Tree" this year, baby gifts will be laid by the manger during the Christmas program for babies who are waiting for adoption.

No collection will be taken during the program but free donation of money is needed for the Chaplancy service of the LCA for filling the sunshine bags.

These will be given to the Lutheran Social Service of Michigan.

It is their hope that they may bring the true meaning of Christmas closer to the children and to those who will attend this program and service of carols next Sunday.

The public is cordially invited.

A potluck for the whole family will open the activities Dec. 17 at 1 p.m.

During the Worship Service at 10:30 a.m., Holy Communion will be offered and new members will be installed by the pastor.

The Junior Choir will sing an old English carol, "What Child Is This?" under the leadership of Mrs. Barton Christman, assisted by her daughter, Candice.

Youths To Enact Birth of Christ in Yule Program

"God So Loved" is the Christmas church school program to be presented this Sunday evening at 7 p.m. in the sanctuary of the Tecumseh Methodist Church.

The presentation is an enactment of the birth of Christ with silent characters accompanied by several narrators.

Youngsters in the nursery classes through the seventh grade will participate as well as the members of the Carol and Youth Choirs.

Harry Stanifer, church school superintendent, assisted by Mrs Norbert Sedelbauer and the individual teachers, is in charge of the program.

All members and friends of the church are invited.

Whitmore Lake Scalps Redskins

By GINA GREEN

CLINTON — "This has to be the poorest game we've played," were the only words of explanation given by Clinton Coach Dick Content after the Redskins' surprising and somewhat humiliating loss to Whitmore Lake Friday night.

Clinton bowed to the tune of a 55-50 score, leading only once in the game, temporarily in the third quarter.

Plagued by an incredible number of bumbles, the Redskins committed 27 violations, with three of the top six men going out on fouls while turning the ball over 53 times.

Meanwhile, only 25 per cent of Clinton's field goal attempts hit their mark.

It's not as if the Redskins weren't trying. They were. But though they had the ball much of the time, the team was unable to keep control and suffered even more from missed rebounds and shots.

Jim Schuler did manage 14 points and Jake Schwab added 12 to the losing cause.

Playing an even, well-balanced game was the key to the Trojan's victory. They scored 15 points in every quarter but one and had three players in the double-figure, scoring column.

This was the first win for Whitmore Lake in three tries this season.

The Junior Varsity picture was a little brighter for Clinton as the JVs rolled to an easy 65-3 victory.

Scoring 29 points, sophomore Jim Claus led all scorers. Mar Wegner tallied 14 more for Clinton.

Summerfield Clips Knights, 70 to 57

By GREG KOVACS

Boysville was defeated by Summerfield in the first league game of the season as a pressing defense and the advantage of the home floor aided Summerfield in their 70-57 victory.

The Knights were plagued with fouls as they were whistled down 29 times, compared to 12 for Summerfield.

The first quarter of play found the Knights outscored, 19-8, but in the second quarter the Knights managed to hold the Summerfield team to an eight point lead, 34-22.

In the second half of the game, the Knights started looking alive and began good ball control, but still could not manage to overcome the height of Summerfield.

Elbert Neal starred for the Knights with 15 points. Mike Bilan and Larry Smith led Summerfield with 17 points each.

Score by quarters:

Boysville	8	14	21	14—57
Summerfield	19	15	22	14—70

The Junior Varsity also lost to Summerfield, 70-44.

Mike Pitlak sparked the Junior Knights with 12 points and 10 rebounds.

The Boysville Fighting Knights now have a 1-2 record overall, with 0-2 standing in league play.

Big Freshman Team Nips St. John, 49-44

Hang on, Coach Lawson, help in the height department may be coming up from the Freshman ranks!

They aren't ready for the varsity yet, but if they keep on developing, 6'4" Bob Pettit, 6'2" Alex Gibson, and 6' Gary Hannibal could be of some assistance in years to come.

And they are only 15 years old! Maybe, hopefully, they may all grow another inch or two.

This combination of height, which meant board control, plus good shooting, equalled a victory for Coach Bob Kiebler's Frosh as they knocked off Jackson St. John, 49-44.

The first half was too easy, as the Frosh rolled to a 29-12 yead. As Coach Kiebler emptied his bench, the game got uncomfortably close.

With two minutes to go and all of the tall Frosh on the bench, the score was suddenly 42-40, Tecumseh on top.

As soon as opportunity permitted, the starting five re-entered the game and salted it away. They added 7 quick points while holding Jackson to 2.

Pettit, Hannibal and Gibson, playing less than half of the ball game, combined to nail down 34 rebounds and garner 35 points between them.

Pettit led both teams in rebounds with 15 while adding 6 points. Hannibal had 12 rebounds while contributing 15 points (leading both teams in scoring). Gibson took 7 off the boards and scored 14 points.

Scott Dalton was also cited by Coach Kiebler for an excellent floor game. He led the team with 13 assists.

Neither team tore the nest off at the free throw line. St. John's hit 4 for 14, while Tecumseh did even worse percentagewise, with 5 for 22.

Jayvees Win, 44-38

Memo to all Huron League coaches:

For the next four years at least, you will have to worry about the "tall rams" of Flat Rock. This year's Jayvee squad is as towering as last year's, which doesn't make anyone except Ram Varsity Coach Bill Campbell feel too happy.

However, they can be bated. Coach Jim Curth's Indians did it last Friday, 44-38, thereby running their record to a modest 2-0 mark for the season.

The game was an odd one. It started out as though Tecumseh would blow Flat Rock right out of the gym as the Indians jumped out to an early 8-0 lead, and then had to depend on some last quarter heroics by Tommy Aiuto to gain a six-point win.

After Bob Reed had hit for 8 and Mike Kennedy had canned 5, Tecumseh Jayvees enjoyed a rather comfortable 13-6 advantage at the end of the first quarter.

For the next two quarters, while the Indians either relaxed too much, or cooled off, or a combination of both, Flat Rock outscored Tecumseh by a 22-16 margin. As the fourth quarter began, the scoreboard read 29-28, with Tecumseh barely managing to "hang-in."

Aiuto, smallest of the Indian Jayvees, hit for 12 of his 14-point game total in the final quarter.

Four of his baskets were in a row, all of them being of the "swisher" variety and most of them coming from deep in the right hand corner.

Reed added a bucket and Kennedy a free one to go with Aiuto's 12. The 15-point outburst was enough as FR was held to 10 points.

"That was a good one to win, particularly when we almost had given it away," Coach Curth said after the game. "I was happy to see our kids come back," he continued. "I guess it looked too easy at the start."

"Again, it was a team effort," he said. "Paul Burns only hit for one point, but he led the team in assists and rebounds, feeding for seven goals and grabbing 11 rebounds off the boards."

"Reed did a fine job on their 6'3" Steve Clum and also led us in scoring. And Aiuto, look at the job he did, especially in the fourth quarter! Kennedy was somewhat cold from the field but he really played tough defense. These kids work and I like their attitude."

As an example of this hard working effort, Coach Curth noted that at the squad's insistance, they were back on the floor Saturday morning at 8:00 a.m.

Aggies Beat Tories

BRITTON — The Tory cagers lost a close one to the Sand Creek Aggies Friday night, 54-51, in their first home game of the season. The Tories outscored the Aggies, 32-28, in the first half.

Coming back in the third quarter, however, Britton faltered as Sand Creek outscored them 15 to 9. Fouls hurt the Tories as Jim Skelton, Dave Fairbanks and Gordon Henning each had four, and Jim Brown fouled out.

Sand Creek scored 18 points on free throws. Both teams looked ragged in the last quarter.

Excitement ran high as the lead changed hands in closing minutes of the game when only one point separated the scoring, but the Aggies controlled the ball and the scoreboard read 52-51 as the final buzzer sounded.

A foul at the buzzer gave the Aggies two more chances and the final tally was Sand Creek 54 Britton 51.

The Tories showed a marked improvement in team play over their opening loss at Deerfield.

Senior Jerry Korican grabbed 14 rebounds for the Tories.

Pacing the Aggie scoring were Harold Bailey aid Gary VanNorman, each with 14 points, and Paul Bailey with 11.

Leading the Britton scoring were Dave Fairbanks with game-high of 18, Jim Skelton, 11; and Jim Brown, 10.

SAND CREEK

H. Bailey 5 4 14, P. Bailey 4 3 11, Lopez 2 0 4, VanNorman 4 6 14; Hillard 1 0 2, Risner 2 5 9.

BRITTON

Fairbanks 7 4 18, Korican 1 1 3, Brown 4 2 10, Skelton 5 1 11, Henning 1 0 2, Schroeder 2 0 4, Henry 1 0 2, Moore 0 1 1.

Britton Bounces Boysville

By GREG KOVACS

Britton took the lead early in the first quarter of play and managed to keep it with good defensive playing as they defeated Boysville, 70-56.

Mistakes led to the failure of the Knights and Britton outhustled the team by grabbing the rebounds.

The first quarter found the Knights outscored, 8-6. The second quarter started good for the Knights, but errors in ball handling found them trailing 13 points at the sound of the horn, with a score of 33-19.

In the third quarter, the Knights still could not get rid of their mistakes to account for the 56-29 score.

The fourth quarter found the Knights hustling and playing heads-up ball as they managed to outscore Britton by 13 points.

Even though the Knights outscored Britton in the last minutes of the game, they could not overcome their loss of points.

Elbert Neal paced the Knights with 18 points.

Score by quarters:

Britton	**8**	**25**	**23**	**14—70**
Boysville	**6**	**13**	**10**	**27—56**

Britton JVs also outscored the Junior Knights, 53-45.

Rick Monfette sparked the Junior Knights with 14 points and 10 rebounds.

Tecumseh Meets Jackson St. John Here Friday Night

Tecumseh, 1-1 for the season, faces Jackson St. John here Friday night.

The Jayvee game is scheduled to get underway at 6:30 with the varsity tilt slated for shortly after 8 p.m.

It's the last home game for the Indians until Dec. 29, when the Adrian Maples visit here for a holiday game.

Rams Bump THS, 70-50

Highly touted Flat Rock bombed the Indians here Friday night, 70-50, but failed to display any championship basketball in the process.

Tecumseh, apparently down this year after several outstanding seasons, stayed with its taller opponents for nearly three quarters before succumbing to a poor final period.

Tecumseh twice led during the fray, when Jim Hunt connected to give the Indians a 2-1 lead, and then moments later, Jim Upell scored to give THS a 6-5 margin.

From early in the initial quarter, FR stayed in front and twice built up 11-point leads in the second period only to have the Indians whittle away.

At halftime ,Coach Vic Lawson's club trailed, 37-33. Bill Puffer collected the first two points in the third quarter to pull Tecumseh within two, 37-35. FR then collected nine straight points before Upell cashed in two free throws.

The Indians managed just six points during the entire period while the Rams tallied 11.

The visitors scorched the nets in the final eight minutes, hitting 10 of their total 27 goals and rolled to a 22-point period.

With the exception of the second quarter, the Indians were again plagued by poor shooting. In the opener against Ann Arbor Huron, Tecumseh shot a dismal 16 percent from the floor. Against FR, the Indians improved slightly, shooting 24 percent.

Tecumseh's best performance of the season came in the second eight minutes against the Rams. The Indians scored 24 points with Jim Mobley collecting eight on four long shots.

If the Indians had shot better at the free throw line in the first half, they would have walked off the floor ahead of the team which is rated title contenders in the Huron League.

Tecumseh had 17 cracks at the hoop from the free throw line in the first half and made just seven. Several misses were on one-and-one situations, whereby the Indians could have scored even more points.

Upell, who totaled 16 points in the opener, again paced his teammates with 12 points. Tecumseh's two "big" men, Upell and Bill Puffer at 6'1" each, played well against FR, which usually had three or four boys in the lineup from 6' to 6'4".

After 300 years, it's been replaced by the tiny Accutron® tuning fork which keeps time through vibrations. The result: a very faint hum and the most precise wrist timepiece ever. Young Lady, Man Sideswipe Autos in US-12 Accident

Billie Lee Chapman, 30, of 109 Burt St., Tecumseh, and Yvonne M. Johnson, 20, of Saginaw, were driving cars on US-12 east of Clinton Thursday when they sideswiped.

Each reported to Clinton State Police that the other had crossed the center line.

Miss Johnson was given a summons for failure to report the accident. She told officers she didn't report it because the car wasn't worth fixing up.

She was also ticketed for having mutilated license plates.

Chapman sought his own treatment for bruises to the leg.

Presbyterians Visit Ypsilanti State Hospital

Last Thursday evening, 14 members of the Presbyterian Senior High Fellowship, accompanied by the Rev. Julian Gresham, Mrs. John Hopson and Mrs. James Barton, went to the Ypsilanti State Hospital where they were hosts at their annual Christmas Party.

Teen age patients, 150, were treated to their supper and Yuletide favors by the local group.

Much of the food for the project was donated by local merchants and was prepared by the Women's Association of the church. Members of the Fellowship made the cakes which were served for dessert.

Dec. 17 the group will meet at the church at 7:30 p.m. for a Christmas caroling party.

Scouts Go 'Around the World'

By MRS. RICHARD JAMES

Pack 32 of Birdsall held their November-December Pack meeting in the new location at the Lenawee County Conservation Clubhouse Tuesday evening.

A complete uniform inspection was conducted by George Teller, Neighborhood Commissioner, Tom Gordon, program chairman for the Pack and Dick James, scoutmaster of Troop 32.

November's theme, "Around the World," and December's "Do Your Best," was effectively used by the Cubs as they entertained their parents and families.

The six boys of Den 2, led by Mrs. Wayne Griewahn and Mrs. Richard James, chose Germany as their country to represent.

Tom Gordon, Todd Griewahn, Joe Cissney, Richard and Charles Eberline and Karl Schamberger were dressed in short pants simulating Lederhosen and gaily decorated suspenders they had made themselves.

The boys sang "Ach du Lieber Augustin" while holding beer steins aloft. Each boy spoke the name of an article used at Christmas time in German and in the English language while showing the item, such as a star, horn, stocking, etc.

Many replicas of the German Flag were displayed and Todd Griewahn told of the black, red and gold flag and its history, while Tommy Gordon explained how Christmas is observed in Germany.

Den 3, who earned "Cubby" for the best attendance, took England for its country. On a large scroll they drew scenes depicting some of the customs used today that had their origin in merry old England.

Mike Scheurman, Kraig Skinner, Jeff Shroup, Nick DuShane, Kerry Skinner and Craig Slocum each told the background of items such as plum pudding, holly and the origin of the Boy Scout movement in England.

All joined the boys for the traditional English carol, "Deck the Halls." Mrs. Donald Hildebrand and Mrs. Lois Dillon are the Den Mothers of Den 3.

The Webelo Scouts gave an explanation and display of the Russian Flag. Telling of the hammer, sickle and star and what they represent was Kevin Skinner, assisted by Steven Long and Scott Griewahn.

The Webelos also presented the colors to open the meeting. Ronnie Pierce, Brad Dillon, Mike Hildebrand and George Gartee formed the color guard.

Robert Guana was congratulated for his tremendous effort in the sale of 93 ball point pens to earn money for the Pack treasury.

Cubmaster Chuck Skinner welcomed David and Michael Cook, Walter Case, Billy Brosamer, Mike Scheurman and Jeff Shroup into the Pack.

Each boy received a neckerchief slide with the Roundup slogan for 1967 "Scouting Rounds a Guy Out."

Robert James received a silver, black and white patch in the same theme for bringing three new boys into Scouting.

Skinner, assisted by Nolan Pierce, committee chairman, inducted David Cook, Grant Underwood, Craig Slocum and Tom Gordon into the ranks of Webelo Scouts. The boys received handsoms, handmade Akela arrows, shoulder colors and a new Boy Scout handbook.

The following boys earned badges and arrows for various achievements performed:

Tom Gordon — Bear badge, gold and two silver arrows, 2-year pin.

Bill Sauter — Lion badge, Webelo insignia.

Joe Cissney — Bear badge, gold arrow.

Todd Griewahn — Wolf badge, gold and silver arrow.

Bill Sauter has successfully completed his Webelo training and was accepted into Boy Scout Troop 32 by Scoutmaster Dick James. A specially designed neckerchief was presented to Bill.

The large crowd enjoyed Christmas cookies, hot chocolate and coffee served by the mothers of the Webelos.

Cubmaster Skinner turned Santa Claus and gave each Cub a silver Cub Scout identification bracelet and each Den Mother a Cub Scout bow pin.

While everyone saluted the American flag and stood at attention, Skinner read a poem of respect and admiration for the flag to signal the closing.

QUESTION:

"Would it be considered improper if we attended the funeral but did not attend the graveside service?"

ANSWER:

Usually the determining factor on attending the graveside service would be the closeness of the relationship with the bereaved family. The present trend is towards more intimate graveside services.

Through My Window

This wonderful outdoor world of Mother Nature's is something special, it really is. As far as the bird action went, the last part of November was a bit on the dull side There was absolutely nothing new happening.

I shan't admit to being bored but I will confess that there was just not quite the usual incentive to look out at the feeders and trees. Dull weather added to the overwhelming parade of scrappy sparrows and unwanted starlings —well, our window watching was not what one could call inspiring.

Several Sundays ago Mom and I were bogged down, it was one of those days when there were about four million and five things to do but nothing seemed to work out or go right.

Suddenly, both of us at the same time noticed a big bird look at the feeder and then zoom away. It was such a shock that it took a second to register but, again at the same time, we looked at each other and exclaimed, "That was something new and different!"

After a few minutes of watching the newcomer, my, how the complexion of the day changed. If all the four million and five things weren't crossed off of our list of things-to-do, at least a few of them were.

★

FORTUNATELY when the "spirit-lifting" newcomer decided against stopping at the feeder for a quick lunch and flew away, he only went as far as the big willow tree.

Since this is a creek bank tree and only a little to the north of my window, we had a marvelously good look at him.

He was obviously a woodpecker and a big one at that. As large as a flicker, with the same chunky body and long heavy bill — this was no flicker, though.

The end of his short tail was black, there were white markings at the sides and a white patch above the black, his back and wings were black and white striped but the stripes were narrow and horizonal instead of the vertical markings on a Hairy woodpecker's back. By far the most outstanding marking was on our friend's head — although his cheeks and throat were a nondescript grayish white, on the top of his head and running well down his neck and onto his shoulders was a gorgeous blaze of brilliant poppy red. What a handsome bird!

Here was someone Mom or I had never seen before, a red-bellied woodpecker! That's what the bird books called him and we are still chuckling because really, neither one of us saw the slightest trace of red on his tummy.

It was Wednesday before I could do any serious bird book reading and then I had to go through four books before finally finding one which admitted that there was a red wash on the bird's front.

There was just a casual reference and everyone else spent their entire description space on the zebra striping and the red head. Now I ask you — why, if a bird is called a red-bellied woodpecker but doesn't really have one, shouldn't this be reason for a little discussion or at least an explanation?

★

OF COURSE, our bird reference library did a poor job on this pretty bird; in fact, I could almost say that they treated him shabbily Example — in Roger Tory Peterson's "A Field Guide to the Birds" it says, "the young bird has no "red" my usually faithful "Audubon Bird Guide" explains, "young have the red crest even in the juvenile plumage"; according to the "Familiar Garden Birds of America", the young red-bellied woodpeckers "are duller and have the all-gray head"; and finally, the book which did mention the red front never said a single word about the youngsters.

Thank goodness birds don't read bird books, this kind of a mixup would be enough to give any red-blooded red-bellied a complex.

Our Sunday visitor has not favored us with another appearance but we keep looking and hoping. He did seem to trigger other bird excitement, though — we have had ever so many bluejays at the feeder, two papa cardinals and three mamas have reentered the scene, a large flock of mourning doves is making itself at home, and a handsome flicker drops in now and then for a few nips of suet.

So it is that things are looking better lately, after a dull time the bird watching is improving and it all started with a pretty red-bellied woodpecker — our thanks to him for coming to the rescue!

"Merry, Merry Christmas!

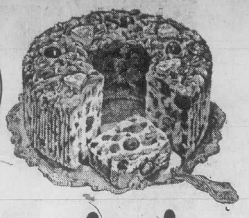
we care



It's America's most popular! Why?

We think it's excellence of product.
Years and years ago, when we decided to bake Jane Parker Fruit Cake, we also decided to bake the best. That's why Jane Parker Fruit Cake was then and is today over 2/3 fruits and nuts.

Just enough delicious cake to hold together the bounty of cherries imported from France, pineapple from the Far East, citron from Italy, sun-drenched raisins from California and meaty pecans from the South.

We think, too, that value has made it popular. IMAGINE, THE 5-LB. CAKE COSTS ONLY $3.99. That's the same low price as last year which makes it an even greater value.

Now you know why Jane Parker Fruit Cake is America's most popular.
One other thing you should know: You can buy it only at A&P.

P.S. Wouldn't it make a great gift for someone?

Ladies Conduct Memorial Service

BRITTON — A memorial service for seven deceased members was conducted by Mrs. Gustav Hannevik at the Women's Fellowship meeting last Wednesday.

The ladies were Jennie Lowe, Bertha Swick, Lilly Millyard, Viva Brown, Maud Schmidt, Eva Covell and Ida Smith.

President Mrs. Gerald Benedict conducted the business meeting. She opened the meeting with a reading, "Our Country," and a prayer.

Mrs. Lawrence Ash reported on the Christmas boxes sent to seven servicemen, including two in Vietnam.

It was also reported that a box of toys and candy was shipped to Mulberry Gap, Tenn., for the underprivileged children in the Appalachian area.

Goodies for the boxes for shut-ins are to be brought to church by the night of Dec. 17 for packing.

Thirty-six names of patients at Ypsilanti State Hospital were passed out. The women are to pack Christmas boxes for these patients and they, too, are to be brought to the church by Dec. 17.

The date for the annual donation supper was set for Feb. 1, 1968.

Mrs. William Raeburn presented the program for the afternoon. She played for group singing of Christmas favorites and led the responsive reading of the Christmas story.

The Rev. Gustav Hannevik sang "Down From His Glory."

Mary Shepherd, playing the guitar, and Nancy Vreeland sang a duet arrangement of "Silent Night."

In a Christmas playlet, parts were taken by Mrs. Charles Patterson, Mrs. Clyde Brown, Mrs. Harold Rhorback and Mrs. Bert Moore.

Mrs. Joe Hall sang "O Holy Night."

The Sunshine Circle was in charge of arrangements for the day.

'Contempts' To Perform at Yule Ball

BRITTON — The Junior Class is sponsoring a "Christmas Ball" Dec. 22 at the school.

The semi-formal dance is the first Christmas dance at the school for a number of years.

The Contempts from Tecumseh will provide the music. The group, led by Jamie McWilliams, were rated high at the Michigan State Fair last year and are well-known in the local area.

The dance will be held from 8 to 11:30 p.m., and tickets are priced at $1.25 a couple of 75c single.

The program committee is Brenda Tubbs, Dave Fairbanks and Archie Miller. Refreshments are planned by Dennise Ivan and Gloria Nettro.

Class members will decorate for a Christmas appearance.

Students or guests of Britton students are welcome.

Mrs. Allen Bower Houses Society

BRITTON — A Christmas program was presented by Mrs. Edward Bailey at the meeting of the Woman's Society of Christian Service, when they met last Thursday in the home of Mrs. Allen Bower. Mrs. William Bailey was co-hostess.

Mrs. Fred Schober gave the devotions, which included the Christmas story from the Bible, a reading entitled "The True Christmas Spirit" and a Christmas prayer.

Assisting with the program were Mrs. Richard Linn, Mrs. Thomas Smith and Mrs. Raymond Bird. The program was based on selected scripture, including John 3:16 and readings from "The Word Made Flesh."

Mrs. Wendell Birdsall read the song, "Love Came Down at Christmas," and Mrs. Clay Croll read the story, "A Special Gift."

A worship center was displayed, featuring the nativity scene, with lighted candles, a cross, a map of the world and a miniature church.

This was to symbolize the thought of Christ being the light of the world, born to save us from our sins, born into a troubled world such as it is today, born to sacrifice His life that we might know life more abundantly, and the church being God's instrument of peace in this world of turmoil.

It was requested that those who wish may bring items for the shut-in boxes to the church by Dec. 17.

283 Notices Are Mailed for Voting

CLINTON—Clerk Ben Mahrle reported at the meeting of the Clinton Township Board, Monday evening, that 283 notices have been sent to township residents, whose registrations must be renewed before they can vote in the next election. This action was necessary to have the Township Registration books pass the State Board of Election inspection.

A report was made of the recent public hearing on the request by the Massey-Furgason Implement Company for the rezoning of property at the intersection of Pennington and Billmeyer Rds.

Residents in the vicinity of the property in question approved of the planned use of the property, and it was subsequently rezoned from agricultural to commercial use.

Massey-Furgason plans to use the property to provide a test environment for its farm equipment, and to further the research aspects of farm implement production.

A small shop will be built there to provide room for repairs to the machines. It is expected that footings will be poured and construction begun at once.

The company has stated that it does not now, or plan in the future, to manufacture anything at this site.

The board heard the County Highway Commission report that $6,660.24 has been spent in the repair and improvement of township roads during 1967, or 73 percent of the year's allocated budget.

Wayne Hulett, treasurer, suggested several economy measures in the collecting of taxes, which would be of benefit to residents.

Petitions Due Jan. 1

The offices to be filled are:
President — one-year term.
Treasurer — one-year term.
Clerk — one-year term.
Three trustees — two-year terms.
One trustee — one-year term, to fill an uncompleted term.
Assessor — one-year term.

Also to be elected are two trustees for three-year terms on the board of the Smith-Kimball Community Center.

A primary election is necessary on Feb. 19 only if there is more than one person filing as a candidate for any office.

Even if there is no primary election because of an uncontested slate of candidates, the village must still have an Annual Village Election March 11, with those elected taking office April 1.

Recently Moving to Community

Mr. and Mrs. John Yothers, formerly of Akron, O., chose Tecumseh to make their new home, just by driving about the countryside and becoming attracted to this city's appearance. **Mr. Yothers** is an assistant programmer at Universal Die Cast at Saline, and because he plans to further his college education, the community seemed especially well located because of its nearness to several colleges, Mrs. Yothers said. The couple has purchased a home at 111 Pine St. and plans to attend the Methodist Church.

Mr. and Mrs. William Cunkle came from Milan to purchase their home at 1103 Shady Lane. Mr. Cunkle is employed at Fisher Body. The Cunkles have one son, Gregory, 4. They like to bowl and golf.

Another family, who recently moved here from Milan, is **Mr. and Mrs. Harry Morse.** They have purchased a home at 315 S. Pearl St. Mr. Morse is employed at Ford Motor Company, Rawsonville. They chose Tecumseh to make their home because **Mrs. Morse,** nee **Jennie Martin,** grew up in Tecumseh, the daughter of **Mr. and Mrs. Seaman Martin,** and lived here until her marriage. The Morses have three children: **Sandra,** 15, is in ninth grade at Tecumseh High School; **Michael,** 12, is in seventh grade in Junior High; and **Harry,** 10, is in fifth grade at Tecumseh Acres.

Mr. and Mrs. Luther Turner moved from Osseo when they rented a home at 404 N. Maumee St. Mr. Turner is employed at Tecumseh Products. There are two sons, **Robert Luther,** 2, and **Dorsey Lee,** 14 months. They attend the Church of God.

Mr. and Mrs. Jack George have purchased a home at 605 Center Dr., and moved here from Adrian. Mr. George is employed with the Ford Motor Company, and his wife, **Shirley,** is employed at Fisher Body plant. There are two children: daughter, **Sherry,** 5, attends kindergarten in Herrick Park School; and son, **Gary,** 10 months old. The family attends the Presbyterian Church. They bowl and golf.

Mr. and Mrs. Dale Smith of Lansing rented a home at 113 N. Maiden Lane, and moved here recently when Mr. Smith joined the Tecumseh Police Department. Mrs. Smith, **Jackie,** is employed at City Hall. Daughter, **Kerri,** is 2½ years old. Mr. Smith likes to ride horses and is a huntsman.

Mr. and Mrs. Tim Tietsema, who formerly resided near Saline, have purchased a home at 1106 Murray Dr. and moved here recently. Mr. Tietsema is a draftsman at the Atwell-Hicks Engineering Company, Ann Arbor. Mr. Tietsema and his wife, **Mary,** have always lived in the area, and both their parents live in Tecumseh, **Mr. and Mrs. Don Tietsema** and **Mr. and Mrs. Lenn Lewis.** Daughter, **Melissa,** is 3, and son, **Ryan,** is 8 weeks old. The family attends the New Apostolic Church in Jackson. Mrs. Tietsema enjoys bowling, and Tim likes to hunt and golf.

Mr. and Mrs. Jack Drummonds, formerly of Clinton, have purchased a home at 103 Occidental Hwy. Mr. Drummonds is employed at Universal Die Cast at Saline. The family has lived in the vicinity for the past five years, and lived in Alabama previously. There are two daughters, **June** 9, in third grade, and **Kim,** 6, in kindergarten, both at Patterson School, and **Mark,** 3. The family attends the Missionary Baptist Church in Tecumseh. Mr. Drummonds is an enthusiastic fisherman, and he also likes bowling.

Mrs. O. W. Laidlaw Calls Daughters at Yule Party

A long distance call from Mrs. O. W. Laidlaw in Florida highlighted the annual Christmas party of the Daughters of St. Peter's Church, Tuesday of last week.

Mrs. Laidlaw spoke with most of the members, assembled at the home of Mrs. Harold Sisson.

Mrs. Arch Wray opened the program with "A Busy Christmas Prayer." Mrs. Glenn Driscoll gave two Christmas readings and led the group in singing carols.

Members voted to give the church a Christmas offering, and also to give money for the Christmas flowers.

A collection of $10 was taken to be sent to St. Peter's home for boys in Detroit.

Cards were signed by those present to be sent to out-of-town members. Gifts were exchanged and ice cream and cake were served by the hostess and Mrs. Jack Smith.

The club recessed until January.

DIRETTISSIMA by Peter Gillman. The climb that made the world hold its breath. The goal of the 1966 Eiger assault was not the peak itself, but a route — the direttissima, the most direct line up the glowering North Face of Eiger, the greatest face in the Alps.

THE SMITHSONIAN; the octopus on the mall, by Geoffrey Hellman. James Smithson, illigitimate son of the Duke of Northumberland, never visited the United States or showed any particular interest in this country. It is curious therefore, that he left over half a million dollars to the U.S. Government for the establishment of an institution for the "increase and diffusion of knowledge among men."

THE CONFESSIONS OF NAT TURNER by William Styron. In the late summer of 1831, in a remotes section of Virginia, there took place the only sustained revolt in the annals of American Negro slavery. '68 Buick Skylark $2664.* Now we're talking your language.

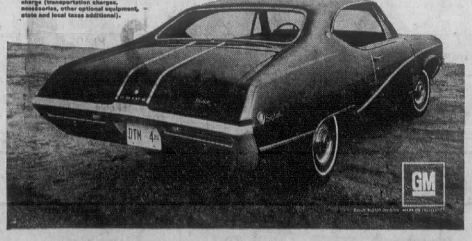
We gave Skylark a brand new look. And we gave her a price tag you can afford, $2664.* Is that talking your language?

We also gave Skylark a new wheelbase. We shortened it by three inches. It parks easier. And you'll think you're driving a sports car.

The engine runs on regular gas. Now you can take it easy on the family budget and travel in style.

Wouldn't you really rather have a Buick?

*Manufacturer's suggested retail price for Skylark Sport Coupe. Model shown above has all extra cost wheel covers, $29.50; whitewalls, $34.50; tinted glass, $43. All prices include Federal Excise Tax and suggested dealer delivery and handling charge (transportation charges, accessories, other optional equipment, state and local taxes additional).



The '68 Buicks with the new GM safety features are at your Buick-Opel dealer's.

SCHNEIDER CHEVROLET-BUICK, INC. 111 W. Chicago Blvd.

Okay, a joke's a joke. Now what did you really get me?

Nobody's pulling your leg, lady. That toy phone means someone bought you a real extension phone as a gift.

Here's how it all happened.

That early-bird ear-bender who calls and gets you out of your warm bed every Saturday figured a good peace-offering would be a bedside phone for Christmas. So she called our business office and ordered one.

What we sent out first, all wrapped up in a gift box with a gift card, is that tiny toy phone you're holding. It's our playful little way of letting you know you're getting the real thing.

A couple of days from now our rep will call, ask what color you want, and arrange for installing the phone.

If by now you're thinking she had to pay a big price for all her small talk, don't worry. She didn't go overboard. She bought you the phone for a year and got off the hook for just $1.15 a month, plus a slight initial charge for color. At that price, if she were as free with her money as she is with her talk, she would've bought it for two or even three years.

But no matter what she spent, she did you a favor. Because the next time ole early-morning-Gloria calls and says "Are you awake?", you can pick up your bedside phone, answer "No!", and go right back to sleep.

GENERAL TELEPHONE
One of the last gifts you'd ever expect to get.

200 Attend Yule Flower Show

Little Garden Club of Tecumseh held its annual standard flower show Dec. 1, the "Bells of Yuletide," with approximately 200 guests attending.

Homes visited were Dr. and Mrs. C. L. Cook, Mr. and Mrs. Jerry Eggleston, Mr. and Mrs. Charles Gross, and Mr. and Mrs. Donald A. Smith.

Their assistance was an added incentive to members to do their best, and their homes of charm and distinction added to the educational value of the show, making it a day to remember.

Members of the Little Garden Club are appreciative to the Rev. Laszlo Gero and the Gloria Dei Church congregation for the use of the Parish Hall.

Mrs. Wilbur Andrews was chairman of the show, assisted by Mrs. Donald Moffatt, president.

At the Parish Hall guests enjoyed cookies, tea and punch from an attractive table, decorated by Mrs. Moffatt.

An arrangement using Scotch Pine, Norfolk Island Pine, Scotch Broom, red carnations, variegated holly, red velvet bells and red candle cups highlighted the table, which was covered by an emerald green cloth and a skirt of gold glitter cloth.

Judging was done on a point system with a 100 percent possibility, and not on a comparison basis. Therefore, it was possible for a participant to be best in her class, for example, but only receive a second prize.

Mrs. John Walper, of 9000 Valleydale Parkway, entertained the judges for a coffee hour prior to the show.

Judges for the Flower Show were Mrs. George Clark and Mrs. Gerald Pier from Gibraltar; Mrs. W. W. Crebs and Mrs. Donald Smith, Grosse Isle; Mrs. H. M. Chabut, Mrs. Charles Love, and Mrs. Henry Mika, Jackson, and Mrs. Walter Marder from Monroe.

This year a novice class was open to all members who had not previously won a blue ribbon in a flower show.

Credit goes to Wilbur Andrews and the Junior Gardeners and to the Rev. Julian Gresham for the printing of the programs.

Fellowship Plans Christmas Party at Ypsi Hospital

Each year for the past ten years the Presbyterian Senior High Fellowship has given a unique Christmas Party. The youths travel as a group to the Ypsilanti State Hospital and give a party for a ward of teenagers.

On December 7, about 15 Tecumseh teenagers along with their advisors, Mr. and Mrs. John Hopson and Mr. and Mrs. Russ Hyatt, will give their party in the Wildwood School Gym on the grounds of the State Hospital.

Between 150 and 160 guests will be fed their supper, and then be treated to games and favors.

Much of the food for the project is donated by local merchants, and is prepared by the Presbyterian Women's Association. Cakes for dessert are baked by the Fellowship members.

Shower Is Held

Mrs. Harold Broderick Jr., was honored at a cradle shower Sunday afternoon by Mrs. Richard Gobba and Mrs. Donald Broderick in the Gobba home.

Mishap Fatal to Employee at Peerless

A Tecumseh man was killed Saturday in an industrial accident at the Peerless Gear Co. Plant in Clinton.

Fred Miller, 53, of 318½ W. Kilbuck, was dead on arrival at Herrick Memorial Hospital where he was taken after he was struck on the neck with a crow bar.

Mr. Miller had been operating a hydraulic elevator when it apparently became stuck. The worker pried it loose with the crow bar and when the elevator became dislodged, the bar was flung out and it struck Mr. Miller.

Mr. Miller, a Tecumseh resident for over two years, had previously lived in Traverse City.

Fred Miller was born Aug. 18, 1914, in Adams Township in Hillsdale County. His parents were Jacob and Thressa Galusha Metler, former residents of Hillsdale.

He is survived by one sister, Mrs. D. B. (Gladys) Stralev of Hillsdale, and two brothers, Clifford of Hillsdale, and Theodore of Jackson.

He served with the army during World War II.

General services will be held at 2 p.m. Wednesday at the Van Horn Funeral Home in Hillsdale. Interment will be at the Maple Grove Cemetery in Jefferson Township in Hillsdale.

IT'S SCRUMPTIOUS, GRANDMA — Jeff, 3½, and his brother, Eric Korte, 16 months, are pleased with the resulting barn and silo from the efforts of their grandmother, Mrs. Julius Vincze. The tykes are the children of Mr. and Mrs. Roger Korte, Kaiser Rd., and grandchildren of Mr. and Mrs. Christian Korte of Hack Rd., as well as Mr. and Mrs. Vincze of N. Union St. Grandma Vincze thinks her fingers will never heal from the blisters endured from three days' work with sugar and jell to get the confectionary barn together.

City Dump Request Is Tabled

Council tabled a request from Ridgeway Township asking that township residents be permitted to use the city dump, starting Jan. 1.

City Manager Cal Zorn told officials that he was meeting with the Lenawee County Planning Commission Wednesday night in regards to a county or area landfill.

Ridgeway residents used the local landfill for many years and then quit. The city was told its charges were too high.

Mr. Zorn told Councilmen that it was his understanding that a landfill operator in the township was unable to continue due to the costly operation.

City officials discussed the fact that just before Ridgeway quit, the local dump was burdened with excessive trash, garbage and other refuse. They fear now that if Ridgeway Township is permitted to use the dump again, another deluge of trash will be hauled in.

The city manager says townships are charged on a per capita basis at $1.25 per person.

Post Office Closes Saturday at Noon

The windows at the Tecumseh Post Office will close at 12 noon Saturday, Dec. 23.

All mail deposited in the two boxes in the business district or the two boxes at the post office before 3 p.m., on Dec. 24 or 25, will be dispatched that day.

Senior Citizens Have Yule Feast and Gift Exchange

Over 60 Senior Citizens were seated for the turkey, ham and beef dinner at the Community Center Thursday.

An exchange of gifts was held and games were played during the festive afternoon.

A caravan of the Seniors will tour the City Dec. 21 to see the lights and decorations.

Don Moffatt asks that residents have lights on by 6:30 p.m. when interested young persons in the community will be driving the Seniors around the town.

Board Paying $112,500 for New School Site

Tecumseh School Board took action Monday night to obtain an option on 75 acres for a future middle school — grades six, seven and eight — or a new high school.

Site selected is owned by Robert Fuller, and is located just north of W. Chicago Blvd., directly south of Brown St., and south and west of Seminole Dr.

The Board is in the process of obtaining an option to purchase the site for $1,500 an acre, or for a total price of $112,500.

Several sites have been studied by school officials, who narrowed possibilities to those which offered close proximity to the community and utilities.

Officials believe that over 80 percent of students living in Tecumseh will be able to walk instead of being bussed, a costly operation.

If the option is obtained, the Board will purchase the property as soon as monies become available, which may be next spring.

The Board can either ask the district's electorate to vote the funds, or being a third class district, it can bond the district for the necessary funds without balloting.

Assuming the site is purchased, officials are not expected to reach a decision as to which type of school will be constructed until next summer. Earliest possibility for a school building to be completed is approximately three years hence.

Plans call for a bridge to be constructed over Evans Creek, near the west end of the boulevard. Northern entrance to the site would be over Seminole Dr.

An east end approach would consist of a small, walking-road for students only. This path would be built along the north edge of the present Patterson School property, which will abut the site.

The entire property of 75 acres is not considered necessary for the school and its facilities, and officials may sell approximately 35 acres, adjoining Seminole Dr. and Brown St., for residential development.

Blood Poisoning Proves Serious

Harold Green, owner of Green's Clothing in downtown Tecumseh, was taken to Herrick Hospital last Thursday with blood poisoning, resulting from a foot infection.

His condition, first reported serious, has now improved and he is expected to be released Saturday.

City Feting Kids Tonight

Tecumseh and area youngsters will be treated this Thursday evening when the city holds its annual Christmas party at the Strand Theatre.

The program, starting at 7 p.m., includes two Walt Disney movies and five cartoons. It will end about 9 p.m., at which time Santa and his helpers will distribute candy.

A holiday day dance for the teenagers will be held next Wednesday evening at the Community Center.

Charles Hannas, Jack I. Hannas on Jamaican Trip

Two Tecumseh couples are among the more than 1,300 local, independent insurance agents and wives who attended a five-day "Jamaica Holiday" with the American States Insurance group of Indianapolis, for one of the largest insurance conventions ever held on the island.

The local people were Mr. and Mrs. Charles (Bill) Hanna and Mr. and Mrs. Jack I. Hanna of F. C. Hanna Insurance Agency, Inc.

Agents from a 17-state area earned the trip with increased sales of quality insurance thru the American States.

The group of stock fire-casualty insurance companies and American States Life Insurance Company reported record-breaking sales increases during the 15-month contest.

One Killed, Five Injured

One dead, five injured and a miraculous escape from serious injury or death are the traffic statistics for Tecumseh and area over the weekend.

Fatality early Saturday morning was Mrs. Nancy Lee Robertson, 27, Palmyra, daughter of Mr. and Mrs. Kenneth Lyon, both of whom were killed here this summer, one mile west of Tecumseh on M-50.

Funeral services were held Tuesday at the Proctor Funeral Home, and burial was in Zion Cemetery, Ogden Township.

Mrs. Robertson, a sister of Richard Lyon, was in Tecumseh helping to plan her brother's wedding. She was traveling west on M-50, about one mile east of town, when she is believed to have crossed the center line and crashed head-on with a tractor-trailer truck.

The entire front end and left side of [illegible] was smashed. It is a total loss. The truck outfit was extensively damaged, and after the impact, veered off the highway.

Driver of the truck, Clyde Wheeling, Jr., 28, Manchester, suffered a minor ankle injury. The mishap is still under investigation by the State Police.

Mrs. Robertson was born Sept. 3, 1940, in Hudson, and was married to Robert Robertson Aug. 24, 1957.

Survivors, besides her husband, include a son, John, 8; daughter, Victoria, 6; her brother and two sisters, Mrs. Philip Porter of Quincy and Mrs. Jack Meridith of Hodgenville, Ky.

IN AN ACCIDENT here Friday at the intersection of S. Union and W. Kilbuck St., three adults and a five-year-old girl were sent to Herrick Hospital.

According to the Tecumseh police report, Arthur G. Hammons, 48, Jonesville, was traveling north on S. Union and ran a stop sign.

After hitting an auto driven by Marjorie J. Keller, 29, of 213 S. Oneida, he glanced off and continued before knocking down a street sign and hitting a tree.

Both drivers suffered injuries, as well as Kareen Keller, 5, and Donald Shaw, 43, Jerome, a passenger with Hammons.

Hammons was cited for failure to yield the right of way.

*

THREE DRIVERS escaped serious injury when their vehicles tangled in dense fog Monday morning, about one mile north of Tecumseh on the Clinton-Tecumseh Rd.

Mrs. Melvin Purple of 509 S. Evans St., was northbound when she attempted to pass a Beard Newsprint truck from Detroit.

When she saw an oncoming car approaching out of the fog, she swerved to the left. Driver of the other car, Susan Westfall, 23, Wayne, started skidding and attempted to pass between the truck and the automobile.

She first hit the truck, spun around and careened into the Purple car. The two impacts squashed the front and rear ends of the Westfall automobile.

The truck, driven by William Wright of Wayne, swung off the right side of the road, turned completely around and ended up facing south on the west shoulder.

Both automobiles and the truck are a total loss. The truck, just moments before, had unloaded newsprint at The Herald. Besides damage to the cab, the rear axle and set of dual wheels were ripped off.

Mrs. Westfall was taken to Herrick Hospital for treatment of minor lacerations and was released.

Mrs. Purple, a Clinton school bus driver, was issued a summons for improper passing.

*

IN OTHER ACCIDENTS, two youths from Royal Oak avoided injury when their small car turned over at the intersection of M-50 and M-52 Monday morning.

The car rolled when the driver, Michael R. Monohan, 16, was unable to stop behind a truck. Other motorists assisted him and his passenger, Phillip Jarvis, 16, in righting the auto.

Monohan then continued on his way, but was stopped by the State Police in Clinton. He was cited for no registration and no proof of insurance.

In a mishap here Friday, Florence L. Taylor, 74, Adrian, was arrested for failure to yield the right of way when she pulled from the curb into the path of a car driven by Margaret A. Martin, 27, of 9103 N. Union St.

Sunday afternoon two motorists collided in the intersection of E. Chicago Blvd. and Ottawa St. One driver, daughter of the car's owner, Edward Wolf, rural Jackson, was headed west and Shirley Herrick, of 713 Red Mill Dr., was traveling north.

Both cars sustained extensive damages with the Wolf auto a probable total loss. The drivers were not hurt.

The accident is still under investigation, according to the police.

David M. Crosby Hits Big Jackpot with Traffic Fines

David Murray Crosby, Kehoe Rd., Clinton, hit the jackpot with Justice Ernest Oliver this past week.

His problem may not set a record here, but it came close.

Crosby was arrested on a disorderly person charge and was fined $34.30.

There were four other citations: driving without lights on, $10; driving the wrong way on a one-way street, $7; failure to have his car under control, $15; and driving on an expired operator's license, $5.

Heart Care Unit Installed at Herrick

By DR. RICHARD COAK

The nurse greets you with a pleasant "good morning," then checks to see that all the electrodes are intact, takes your temperature and records your blood pressure by electronic means.

You glance up and behind you to see the "monitor" beeping out your every heart-beat.

You are in a Coronary Care Unit geared to care for you, the patient, with a recent heart attack. Here you will spend your first four or five days in the hospital under constant surveillance of the nurse in the unit and the electronic equipment.

► Such a unit currently under construction at Herrick Memorial Hospital, is designed to care for you during this critical period after the original heart "injury" in such a way as to support your failing heart and assist you in the initial stages of repair.

It didn't take you long after the "fuzziness" wore off that second day to realize that the benefit all this personalized around-the-clock attention was well worth the "tinkering" of the doctors and nurses and the occasional "beeping" of their equipment.

► For you may have noticed the attention the fellow in the next bed had last night when his heart "acted up" by becoming irregular — the immediate attention of the nurse who gave him medication almost instantly, as well as the "print-out" of your electrocardiogram she made for the doctor to examine when he comes shortly.

► But you are told that about 85 percent of heart attack patients who are in a modern coronary care unit such as yours develop at some time or other some heart irregularities — this is the heart's response to an area of injury. However, most of such occurrences are "benign," or insignificant.

The nurse is trained to know the difference — and to act immediately by injecting drugs to calm the irritable heart. Then she calls the doctor and reviews with him the after-the-fact print-out of your electrocardiogram which can be made automatically when your heart became irregular.

Perhaps it wasn't until you left the Herrick Coronary Care Unit that you realized just how lucky you were — that this dedicated group of nurses, aides and physicians are concerned about you and your health, and have spent months and even years in the preparation of working with this new electronic equipment to save lives.

► **You realize that "death is not unannounced," as was recently stated in an editorial of the American Medical Association Journal. With care and watchfulness combined with knowledge of the complications and normal course of your heart's activities during an acute heart attack, your nurses and physicians have warnings of impending death or catastrophe and can act to prevent it.**

► You know — your friend in the next bed developed a cardiac arrest yesterday; today he is "stable" and improving.

It's stories like this that you will hear soon from your neighbors and their husbands, for the Coronary Care Unit at Herrick Hospital, which is just this week starting construction, will soon become an effective tool for the expectant watching of the nurses, aides and physicians.

These people are thankful to your contributions to the Herrick Memorial Auxiliary Heart Fund for helping buy the equipment, train the nurses and continue the project toward the aim of getting you home and back to work.

THERE IS ROOM AT THE INN

Nearly two thousand years have now passed since the remembered answer, "WE HAVE NO ROOM", was given by the Bethlehem innkeeper. Let us fervently hope that God's love now tranfuses the hearts of men in such a manner that — were the scene re-enacted — the present day answer would be instantaneous: "Please come in and rest. We will make room for you".

Our Readers Write

TO THE EDITOR:

Thanks to the good idea of my American "Parents on Time," Mr. and Mrs. Frank B. Dalton of 906 W. Pottawatamie, I am receiving The Tecumseh Herald since I returned to my folks here in Germany after spending a year as an exchange student in Tecumseh.

Although it gets here about two weeks late, I always enjoy very much reading the paper, especially the reports on the football games of the, maybe this year not too great, Indians.

But, as a matter of fact, I am reading every little bit of each edition, as I hope to find a note on a classmate of the Class of '67 or any other person I got to know during my wonderful stay in Tecumseh.

I really want to keep in touch with all of them, although some people may doubt that. Which is my mistake, as I am very lazy! As some people probably have noticed already, I am not too fond of writing.

All this, plus the fact that I could not possibly write to all my "fans" without forgetting one, made me write this letter to you. I would like you to print it in the Christmas edition on Dec. 21, if it gets to you in time.

To give all my friends an idea of what I have been doing since I left there:

I had a very nice trip back on a youth ship, the same one Arthur Collingsworth sailed to Europe on. After a few more days of vacation, school started for me again.

I managed to get back into my old class, which is 13th grade now. If everything goes all right, I am going to get my "Abitur," my school diploma, next June.

Afterwards I shall have to go to the Army for 18 months. I did not make any further plans Yet, but I hope to go back to the USA some time, maybe as a college student to U of M.

I shall stop now, in order not to get a writer's cramp.

I would like to say thank you once more to all Tecumsehites who helped me in one way or another during the past year, and those who did or still are going to write to me even as they know how bad chances are to receive an answer.

Thank you also to Bruce Daniels and Bill Whiting, who sometimes wrote a note to me on the paper.

To all Tecumsehites I wish a Merry Christmas and a Happy New Year!

TO THE EDITOR:

Did you chuckle at my "improper passing" ticket? Did you know "the State law says you may not pass on the right hand side of a stopped car, blinking to turn left." Even if there is lots of room!

So "watch it" you may be the next. Have a Merry Christmas.

When the U.S. sends a man into space, an Accutron timepiece usually goes with him.

Why on earth do you need one?

For the same reason he does. So you can tell what time it is. Precisely.

The Accutron® movement is used in Explorer, Telstar, TIROS and Pegasus satellites, as well as Gemini. The vibrations of a tiny tuning fork divide each second into 360 equal parts. And make Accutron time so precise, we guarantee it within 60 seconds a month.* About two seconds a day.

What's more, this is the accuracy this timepiece can be expected to keep long after man has conquered space.

By then, earth may not be the only place you'll need one.

Gerald L. Hale, son of Mr. and Mrs. Carl Hale of 108 Evans Creek Dr., has won his first varsity football letter at the Coast Guard Academy. Hale, a tackle, played in every one of the eight Cadet games this fall on defense. He was considered one of the "toughest hitters" by Head Coach Frank S. Kapral, himself a former Michigan State University lineman on some of Biggie Munn's finest teams. Hale, a second classman (Junior), has another year of football ahead of him.

Indians Scalp Hornets

Tecumseh pulled a shocker Saturday night, and it could prove to be warning to other teams that the Indians can win.

After winning their first game of the season, the Indians bowed to Flat Rock and Jackson St. John. After a trouncing by St. John here Friday evening, Tecumseh traveled to Hillsdale and upset the Hornets, 67-55.

Fewer errors and better shooting provided the answer as the Indians popped for 38 percent from the floor at Hillsdale. In previous games, Tecumseh had averaged less than 20 percent.

In evening their season's record at 2-2, the Indians stretched a 11-10 first quarter lead to 30-19 at halftime, and then led 51-34 at the end of the third quarter.

The taller Hornets rallied in the fourth period but fell far short of catching the winners.

Four Indians scored in double figures with Kenny Pieh pacing his teammates with 16. Steve Dalton tossed in 13, Jim Hunt 1 and Jim Mobley 10. Jim Upell, Tecumseh's top scorer, added nine.

The victory was the best Christmas present possible for Coach Vic Lawson, who has seen his squad squeeze past a weak Ann Arbor Huron five and then wallopped by FR and St. John.

Fans could visualize one of Tecumseh's poorest cage seasons. Although the Indians hustle and scrap, mistakes have offset their desire, and poor shooting, such as three of 32 shots in the second half against St. John, gives little hope for victories.

St. John capitalized on Tecumsehs' cold hand here Friday night and handed the Indians their worst defeat in 20 years and one of the worst in the history of the local school.

Tecumseh stayed with the big visitors in the first quarter, trailing by only two points, 12-10. In the next three periods, St. John poured it on, outscoring the Indians, 64-26, including a three-point total in the final stanza.

Redskins Step on Grass Lake

By GINA GREEN

Clinton mentor Dick Content couldn't have asked for a more successful weekend after his Redskin squad took another big game, 91-70, over Grass Lake Saturday.

Though an early lead was cut to one point by the end of the first quarter, the Redskins exploded for 34 points in the second half, led by Butch Hoelzer's 12 markers.

Leading 53-34 at the half, the Redskins were able to maintain a very comfortable cushion even while substituting freely in the third and fourth stanzas.

Finally, in the fourth quarter, Content was able to do what every coach dreams of — clear the bench and still win by a 20-point margin.

As Content happily acclaimed, the entire Clinton troupe "seemed to do everything right."

Helping to make everything right was another fine 29-point effort by Butch Hoelzer, who also picked off 15 rebounds.

Giving some great support with their fine shooting were Jim Schuler with 16 points, Jake Schwab with 14, and Mike Jurasek, who added 13.

The Warriors were led in their losing battle by Kimball with 19 points, and DeVerna with 13.

Grass Lake won the JV game, 66-59.

Deborah Holden, James Waddington Speak Vows

Deborah Dean Holden and James Smythe Waddington were united in marriage Saturday evening in a candlelight ceremony performed in the First Baptist Church by the Rev. Blair Bashore.

Parents of the couple are Mrs. Laine R. Holden, 209 S. Union St., and the late Mr. Holden, and Mr. and Mrs. Edwin B. Waddington of Portland, Ore.

Seven branched candelabra decorated with Fuji chrysanthemums and greens formed the setting with more of the same blossoms filling the altar vases.

Hurricane lamps enhanced with pine and white bows were used on the pews.

The bride entered the sanctuary on the arm of her brother, David Holden, as Mrs. Katharine Hunt presided at the organ.

She wore a floor length gown of embossed white satin styled in an A-line with high neckline, three-quarter sleeves, edged with seed pearls and a full chapel train.

Clinton Over Roughriders

By GINA GREEN

Clinton bounced back from last week's loss to a big victory on their home court Friday night, taking the Roughriders of Ypsi-Roosevelt, 80-66.

Starting big and ending big, the Redskins jumped to an early lead on the scoring of Butch Hoelzer, who ended the game with 29 points.

Ypsi-Roosevelt also had its scoring threat in 5'10" forward Sandy Vlisto, who took the lead on fast break plays to dump in 37 points.

Hoelzer, almost totally unassisted, shot 50 percent from the floor and nabbed 18 rebounds.

Coach Dick Content cited this as Hoelzer's "best effort of the season," as the 6'4" senior center showed his All-State form.

Jake Schwab, 5'7" senior guard, maintained his high average with a 16-point tally for Clinton.

Content also praised Hoelzer and Mike Jurasek for their high number of assists.

The Redskin JV's made the evening complete with an easy 62-45 victory.

Jim Clause again led the scoring with 18 points, followed by Mark Wegner and Ron LaSovage, with 13 and 12 points, respectively.

What's Going on at BOYSVILLE

By GREG KOVACS

Bro. Alexander Buckley has begun writing a history of the Boysville campus for the school newspaper. As Bro. Alexander has been here since 1949, he has seen the campus grow in many ways and his articles are reminiscent of those past years.

Two new television sets were added to the campus. One of the sets was placed in the St. Joseph Dormitory and the other in the Neri Recreation Hall. The students wish to thank those responsible for the donation of these television sets.

"Silver Bells" was the theme given to the Christmas dance held in the Boysville gaily-decorated hall. The annual Christmas dance was held Dec. 16 for the Thomas More students, with the girls from St. Joseph Academy of Adrian.

Bro. Donald's ingenuity in decorating, furnishing the dining hall with 39 bells hanging from the ceiling and a sleigh filled with wrapped gifts.

Music for the evening was played by the "Untied Knots." The dance was sponsored by Bro. Robert Fillmore and the Student Council.

It is beginning to look a lot like Christmas around the campus as many of the dormitories are setting up Christmas trees and writing Christmas cards.

The students leave for their Christmas vacation Dec. 22 and will return Jan. 3.

The Administration and the students of Boysville extend the merriest Christmas and Prosperous New Year to all of the Tecumseh Herald readers.

The Boysville Glee Club presented its Winter Concert Dec. 17 in the campus gym. The program was divided into two parts, "Themes from the Movies," and a selection of Christmas Carols.

About 250 persons attended the concert. Bro. James Bergamin has worked with the Glee Club this year.

After the concert, the students and faculty of Boysville were honored with a buffet style supper of shrimp cocktails and roast beef.

Early in the spring, the Glee Club is planning to team up with the Choral group from St. Joseph Academy in Adrian to perform the music from the Hollywood production, "West Side Story."

Dec. 21 the students and faculty of Boysville will celebrate Christmas as a family, in the way of having their Annual Christmas Banquet.

Bro. Donald is now preparing the decorations for the dining hall to make the atmosphere of the meal more enchanting. He is planning on having a family-style dinner of turkey and all of the trimmings.

Airman Ronald B. Rentschler, son of Mr. and Mrs. Stanley F. Rentschler, 506 Occidental Hwy., has completed basic training at Lackland AFB, Tex. He is now assigned as an air traffic specialist with a unit of the Strategic Air Command at Castle AFB, Calif. Airman Rentschler is a 1966 graduate of Tecumseh High School and attended Ferris State College at Big Rapids.

Celebrate Yule

The North Franklin Maidens 4-H Club met recently at the home of Mrs. Lawrence Young for a Christmas Party.

Following the potluck dinner, the girls enjoyed games and a gift exchange.

Christmas Songs Sung by Ladies At Music Club

"The Music of Christmas" filled the home of Mrs. Orrie Gilbert Dec. 12 when the Tecumseh Music Club met. Mrs. Ray Sommers was co-hostess.

Fifteen members and one guest, Jamie Danforth, enjoyed the program presented by Mrs. Wilfred Waldron.

Mrs. Paul Brantingham played a medley of Christmas carols on the piano. Her selections included such favorites as "O Come All Ye Faithful," "Thou Didst Leave Thy Throne" and "O Little Town of Bethlehem."

Jamie Danforth sang "O Holy Night," accompanied by Mrs. Brantingham. She also accompanied Mrs. Sommers as she sang "The Birthday of the King."

Weaving the musical numbers into a story, Mrs. Waldron read poems appropriate for the season, assisted by Mrs. Clarence Brock.

Mrs. Louis Caterina sang "Sweet Little Jesus Boy" and "Gesu Bambino." Mrs. Brantingham accompanied.

Mrs. James Danforth closed the program by singing "He Shall Feed His Flock," from the Messiah.

During business session, conducted by Helen Bendes, vice-president, the group decided that tryouts for the music scholarship for members of the Music Makers would be held in February.

Douglas Wilcox Completes Army Infantry Training

Pvt. Douglas R. Wilcox, 20, son of Mr. and Mrs. Paul L. Wilcox, 707 Adrian St., completed nine weeks of advanced infantry training Dec. 8 at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.

During his training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages.

He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, land mine warfare, communications and firing the M-14 rifle, M-60 machine gun and the 3.5-inch rocket launcher.

Infants Baptized by Rev. Porteous at Sunday Service

Two infants, born on the same day within a few hours of each other, were dedicated in Christian baptism Sunday morning at the Tecumseh Methodist Church.

The Rev. Donald Porteous performed the service.

The children were Kelli Jo Gilpin, daughter of Mr. and Mrs. Max Gilpin, and Calvin Lee Frayer, son of Mr. and Mrs. Van Frayer.

Richard Packard Gets Scout Award

Richard Packard, son of Mr. and Mrs. Francis Packard, 511 S. Evans St., is the fifth in his family to receive the Boy Scout God and Country Award.

Barry, Brian, Terry and Richard, all received the distinguished medal shown on Richard's pocket, at the First Baptist Church. An older brother, Bruce, was presented his at the Methodist Church.

RICHARD PACKARD

Requirements are that a protestant have 150 hours in church service. Richard has over 400 hours. He began working for the award in October of 1965 and completed the requirements this year in October.

The Rev. Blair Bashore presented him with the coveted medal in a recent service at the First Baptist Church.

At one time, the Scout had eight years of perfect attendance in Sunday School before he started spending time in the hospital.

He attended church camp three years and helped in Bible School two summers.

The requirements cover three stages, separated into five phases, faith, witness, world outreach, citizenship and fellowship.

Richard served as an acolyte for five years and has worked on church shrubbery that his three brothers started and worked with.

He has one younger brother, Timothy, 9, who is a Cub Scout and who will, no doubt, also work for the God and Country award to complete the family circle.

Macon Church Celebrates Yule

The senior and junior choirs sang Christmas selections and the Rev. Badley played "Silent Night" on his accordion. Mr. and Mrs. Bud Gorton sang "The Hand of God."

As the symbols and chrismons were displayed on a black easel, their meaning was given, then the 10-foot Christmas tree was decorated behind the curtain.

At the close, the congregation sang "How Great Thou Art" and the tree was lighted.

Mr. and Mrs. Guy Zelluf, Charles Gorton, William Gorton and Mr. and Mrs. Hamilton F. Moore assisted.

Through My Window

MERRY, MERRY CHRISTMAS!

In just a few short days IT will be here, won't it? Christmas! Is it just my imagination or are the oh-so-nice-to-receive Christmas cards prettier than ever this year? I do know there has been the usual hustle and bustle, the usual whispered conferences and quickly putting away of mysterious packages, the usual good-smelling goings on in the kitchen and even brighter than usual is that special star which shines from atop of the Christmas tree.

This star which by quietly dominating all the sparkle and glitter, reminds us of the true meaning of this Blessed Season.

Because, after all, this is a time of special meaning. "At Christmas time it seems as if we see with clearer vision, as if we look at the world with more love, as if we look at other persons with more understanding, as if we believe in and expect miracles, as if we feel Christ nearer, closer, more immediate than at other times."

So says Martha Smook in an old issue of Daily Word. Oh, sure, there is utter frustration at the over-commercialization of the season, there is the near exhaustion of trying to do everything and be every place at once and there is the absolute confusion of noise and haranguing but, nevertheless, there are still the quiet moments when the true magic of Christmas comes alive.

These are the times to do a bit of reexamining and reaffirming of faith. So, if you please, read over my shoulder while I explore a few personal thoughts and beliefs.

★

EACH DAY I look out on the wonderful world here along the edge of Evans Creek and have no trouble at all believing, to borrow a phrase, in a "Power greater than myself". His miracles are all around and are mine for the looking.

A scarlet cardinal sitting in fresh fallen snow, the breathtaking beauty of a winter sunrise, the yellow explosion of spring blooming forsythia bushes, the loud serenading of tiny wrens, a jewel-like hummingbird hovering over a red flower, the brilliance of the fall color spectacular, the gray days when we receive much-needed rain and the yearly cycle again returns to winter.

Truly, each season, each day, each hour, His handiwork gladdens our window pictures.

Why, then, does such a wise Creator, who can be so lavish with love and beauty, allow "things" to happen? Cruel, tragic and seemingly senseless things. Well, a long time ago, after the car in which I was riding came out second best in an encounter with a tree, I decided that perhaps it is not meant for us to know all the answers, all the whys.

There may be no logical explanation, but things do happen for a purpose — even though we do not always see right away what that purpose is.

One of my favorite thoughts is taken from Peter Marshall, that famous Scot who spoke so eloquently from a Presbyterian pulpit. He believed that God never closes one door without opening another.

So then it is our job to find that other door. The search may be a long and difficult one — certainly it is a full-time task and one which leaves no time for bitterness or self pity. Oh, of course, there are dark moods and moments of discouragement, but, when faith falters, a look outside quickly sets us back on the right track.

★

THE WORLD I see through my window, the wonderful world of nature, is a continual testimony to the existence of our all-powerful Father.

Just think about the beauty of a bird, the perfection of a single feather, the fascinating parade of clouds across the sky, the miracle of trees and grass and flowers, the fury of a strong wind, the flash and crash of a thunderstorm, the soft quietness of a gentle snowfall, the bright warmth of sunshine, the muted stillness of heavy fog.

Because most of my time is spent in a hospital-type bed, which is positioned in front of lovely large windows, I have time to look out, to see, to enjoy and to marvel at all of these constant reminders of His whose Son's birthday we are about to celebrate.

A great deal of the celebration will be wild and hectic fun; this is the season of presents and parties, of dressing up and calling on friends. It is a warm and sentimental season; it is a time for reminiscing; it is a time for appreciating. I always am hesitant about making a personal list of "I am thankful fors" — they are apt to sound glib and Pollyannaish and besides, every day is so full of blessings that a complete list would run from now till then.

Let us not confine our thankfulness to any one special season.

But there is something special about the holidays and I cannot help saying a little extra thank you for a marvelous family and a host of fine friends. Because of them my life is full and rich.

I am also fortunate in that, even though paralyzed from the neck down, I can, with the help of full-length body braces, sit comfortably for a while in a wheel chair or a car. When warm weather permits, I love to get outside, closer to the world I see through my window.

And so it is that as the glorious Day draws near, may I wish you all the very merriest of Christmases and the happiest of New Years; may you find many presents beneath your Christmas tree and a full measure of peace and joy in your heart!

Okay, a joke's a joke. Now what did you really get me?

Nobody's pulling your leg, lady. That toy phone means someone bought you a real extension phone as a gift.

Here's how it all happened.

That early-bird ear-bender who calls and gets you out of your warm bed every Saturday figured a good peace-offering would be a bedside phone for Christmas. So she called our business office and ordered one.

What we sent out first, all wrapped up in a gift box with a gift card, is that tiny toy phone you're holding. It's our playful little way of letting you know you're getting the real thing.

A couple of days from now our rep will call, ask what color you want, and arrange for installing the phone.

If by now you're thinking she had to pay a big price for all her small talk, don't worry. She didn't go overboard. She bought you the phone for a year and got off the hook for just $1.15 a month, plus a slight initial charge for color. At that price, if she were as free with her money as she is with her talk, she would've bought it for two or even three years.

But no matter what she spent, she did you a favor. Because the next time ole early-morning-Gloria calls and says "Are you awake?", you can pick up your bedside phone, answer "No!", and go right back to sleep.

No Drivers In Three Car Crash

CLINTON — Three driverless automobiles were involved in a collision Friday afternoon in Clinton.

Mrs. Donald Nixon, 49, of 1004 River Acres Dr., Tecumseh, had parked her car and left the motor running, unattended, on the east side of Jackson St.

The brakes were not set and apparently the vehicle slipped into gear and backed up through the US-12 intersection and struck two parked cars on US-12 near the corner.

One was pushed onto the sidewalk with the back end out in traffic.

The parked vehicles were owned by Albert Salenbien of Adrian, and Lynas Rude of 1078 Breyman Hwy., Tipton.

Mrs. Nixon received a summons by Clinton State Police for leaving her car unattended while it was running.

Dinner Held

BRITTON — Seated for the annual Christmas Fellowship dinner of the Bethel Baptist Church were 200 persons. Tables in the high school cafeteria were decorated in Christmas greens and silver.

The committee for the ham dinner included Mrs. Loren Gall, Mrs. Jack Hintz, Mrs. Kenneth Monk and Mrs. Iva Caswell. The Young Peoples group served.

Mrs. Milburn Preston had charge of the program following the dinner.

The Rev. Duane McNeil led in group singing of Christmas carols and a reading, "A Thrilling Christmas Time on The Frontier," was given by Mrs. Norman Barnard.

Mrs. Robert Hunt sang two Christmas carols in French, "Cantique de Noel" and "Il Est Ne".

Pastor McNeil used Hebrew chapter 2 for meditation, emphasizing Verse 9 — "But we see Jesus, who was made a little lower than the angels for the suffering of death, crowned with glory and honour; that he by the grace of God should taste death for every man."

Gifts placed beneath the beautifully decorated Christmas tree were distributed by the youths present.

OFF the TOP

Christmas is a kaleidoscope of sights, sounds, smells, tastes and emotions.

It's the streets, stores, homes and churches gaily decorated.

It's the ting-a-ling of the bell shaken by a shivering Salvation Army lass by a bright red kettle.

It's the smell of warm Christmas cookies and fruit cakes baking, and the youngsters begging for them before they're hardly cooled.

Christmas is the big-eyed wonder of tots as they sit on a department store Santa's knee.

It's having the family all together again.

It's the hectic rush of shopping, and the joy of finding the "just right" gift for the special name on your list.

Christmas is music: from tiny toddlers lisping "Away In A Manger" at the Sunday School program, to favorite carols sung on the crisp night air: it's "The Drummer Boy" and "Silent Night."

But Christmas is more than all this.

Christmas is the warmth of family get-togethers, as each member seems to bask in the glow of good-will.

Christmas is the hot tears of mother you know as she packs a holiday box to send to a son on a faraway battleground, and Christmas is also the prayer she whispers silently to God.

Christmas is the mounting excitement of the younger members of the family as the great day approaches. It's many carefully-kept secrets.

It's the Christmas program, complete with Mary, Joseph and the baby Jesus; it's the little ones stumbling through their pieces; the serious shepherds and wise men and the beautiful angels.

Christmas is the flood of beautiful cards which arrive each day at the house, many with welcome messages from far-away friends.

Christmas is being fussy about picking out a tree, and rejecting many before one is finally selected then when it is brought into the house, you discover it has a crooked trunk after all.

It's decorating the crooked tree, and when the task is completed, and the lights glow softly, and the familiar ornaments are in place, somehow each one feels that it's the prettiest tree ever.

But Christmas is much more than all of this.

Christmas is for remembering those who are often forgotten; the shut-ins, the aged, the sick, the neglected, the soldier.

Christmas is carefully setting up the manger scene in an honored spot, using the same familiar little stable which Dad lovingly made when tall sons were little boys.

It's peeking to see your youngest sitting in the glow of the lighted tree, softly singing carols to herself as she drinks in the happy sight.

It's the pungent smell of a live fir tree in the house, mixed with the scent of bayberry candles burning.

It's the family cat playing with the dangling ornaments on the tree.

Christmas is the youngsters rising early on the final morning, eager to view the goodies under the tree, and it's the fun of sharing gifts, and the mess and confusion of wrapping paper and ribbon all over the floor after the last package is passed out.

But Christmas is so much more than the tinsel and glitter, the rush and confusion of all these things.

Christmas is the greatest Gift of all.

Christmas is God's gift to a troubled world, His sign that He loves us, undeserving though we may be.

Christmas is the time for a renewal of faith and belief; a time to accept this greatest gift of all, the promise of life eternal.

May your Christmas include the bright hope for the future which acceptance of His gift will bring, along with all the happy little joys which also come at this season.

And may you face the new year with trust and confidence.

Tories Upset Bulldogs, 62-58

BRITTON — The Tories gained their second league victory Friday night as they upset the defending River Raisin champions, the Summerfield Bulldogs, 62-58, with a fourth quarter surge in which they scored 22 points.

Summerfield held a 3-point edge at half-time. Junior Jim Skelton left the court with a sprained ankle just before the half-time break.

The pace quickened during the third quarter as junior Dave Fairbanks, although hampered by a broken finger, pumped in 9 points to start the push toward victory. He fouled out with five minutes left in the game.

Skelton returned to action to score 7 points in the final stanza, and Jim Henry come off the bench to do a great job for the Tories with 6 crucial points.

The fans went wild during the closing minutes as the lead seesawed back and forth.

Hot-shooting Jim Smith and Bob Brunt tried desperately to hang on for the Bulldogs, but the Tories kept their poise under pressure.

A key basket by Jim Brown put Britton in the lead for good, and a bucket by Henry in the last seconds cinched the win for the Tories, 62-58.

Fairbanks took game scoring honors with 17 points. Steadily improving senior Jerry Korican, who did an excellent job of shooting and rebounding, followed closely with 14, while Skelton tallied 11 and Brown 9.

Gordon Henning played a good steady game at guard for the Tories.

The win puts Britton and Summerfield even in River Raisin play, each with 2-2 marks.

Tecumseh, Township Near Agreement

Tecumseh and Tecumseh Township apparently will start the new year in an agreeable position, if a recent meeting of officials is indicative of what's to come.

Township representatives — Art Eaton, Al Merz and John Zeigler — and Mayor Harold Easton, City Manager Cal Zorn and James Beardsley, city counselor, met and agreed to let the lawyers, Mr. Zeigler and Mr. Beardsley, work out an agreement.

Discussion at the meeting centered around condemnation of 25 acres, owned by George Underwood, and located in Tecumseh Township. It's the proposed site for a new city well field.

At the recent session, officials discussed fire hydrants for residents in Loveless subdivision area, adjacent to the well field, and the possibility of supply water to the residents there if their individual wells went dry.

Water mains from the well field will run through the subdivision and tie in with existing water lines at the north edge of the city limits.

After the attorneys reach an agreement, it will be presented to Council for approval. Undoubtedly, the Township Board also will have to approve it.

Tecumseh's condemnation suit of the well field property is scheduled in court on Jan. 23. Both Mr. Underwood and the township are opposing it.

The city received bids for drilling, mains and other work in November but has yet to award contracts. Mr. Zorn hopes to schedule a special Council meeting on Jan. 29 — after the condemnation suit — and let contracts.

Contractors who have bid on the various jobs have agreed to wait until Feb. 1.

DAVID PORTEOUS

Local Student Africa Bound

David Porteous, a junior at Albion College, will travel with two others this summer to Africa as part of the 1968 Operation Crossroads Africa program.

David's participation was deferred from 1967 to 1968 for medical reasons. Nancy Pessin from Battle Creek and Geoffrey Neithercut of Flint are the other participants.

Operation Crossroads Africa is a national, privately endowed program involving more than 100 American colleges. It was originally set up to help Americans learn about the African people and their problems.

Last year James Nicholie, now an Albion senior from Pontiac, Mich., worked with a Crossroads Africa team in helping to build a community center in Adzope, West Ivory Coast. The program provides, according to Nicholie, "concentrated living and working with Africans in their culture where you really have to learn about these people and their problems."

Half of each student's trip expense, about $1,000, is paid by Operation Crossroads. Albion College's student body raises another $500, leaving the student's expense at approximately $500.

When they return, each student is expected to make at least 50 talks over a two-year period.

David is the son of the Rev. and Mrs. Donald C. Porteous, 404 Seminole Dr.

THE JOE KELLOGG RESIDENCE PLACED FIRST IN THE DECORATION CONTEST

Kellogg's Home Is First

Tecumseh's 4th Annual Home Decorating and Lighting contest was a success as three members of the Senior Citizens toured the town Wednesday evening and judged the best of the 20 entries.

Placing first and winning a $25 savings bond, donated by the United Savings Bank, was Mr. and Mrs. Joe Kellogg of 1102 W. Pottawatamie Street.

Second prize of a $15 gift certificate from the Chamber of Commerce went to Frank Robinette of 505 S. Pearl. Mr. Robinette was one of several victims who had lights or decorations stolen by vandals Dec. 9.

David B. Bush of 106 S. Wyandotte St., won a $5 gift certificate, also from the Chamber of Commerce, for his third place entry.

The certificates are good at any local store, says Don Moffatt, director of Parks and Recreations.

A Special Lighting Award went to Richard D. Close of 3667 Russell Rd., to be presented by Consumers Power.

"The judges were impressed by the central business area decorations and the church decorations," Moffatt said.

"There were several first place winners that didn't enter the contest," he said.

3 Motorists Are Cited in Accidents

Seven accidents were investigated by the Tecumseh police during the past week, but none involved personal injury and only three motorists were cited for infractions.

A resume is:

Dec. 19 — Wanda Hand, 309 W. Shawnee St., reported to the police that she was backing out of her driveway when she bumped a car parked behind her's. The other auto, owned by Persis E. Renka, 412 W. Chicago Blvd., rolled out of the drive and across the street where it struck a utility pole.

Dec. 21 — Dorothy I. Osborne, 57, of 4060 Aebersold Rd., slipped off N. Evans St., near Macon Rd., and went into a ditch there. She attempted to slow down for some other cars and apparently her foot slipped off the brake and onto the accelerator.

Dec. 22 — Edwin L. McClain, 68, 300 Marlboro Ct., was cited for failure to yield the right of way after he turned in front of Howard E. Sussex, 22, Tipton, at the intersection of W. Chicago Blvd. and Pearl St.

Dec. 23 — Wallace MacGeorge, 216 Park St., reported hitting a sign pole on N. Evans St. No apparent damage resulted.

Dec. 23 — Rita L. Korth, 54, of 500 Adrian St., was cited for an improper start when she pulled from the curb into the path of Rosemary Dick, 39, Britton. Mishap occurred on E. Chicago Blvd., near Ottawa.

Dec. 23 — Gerald P. Ford, 300 Marlboro Ct., reported his car damaged while parked in the Kroger parking lot.

Dec. 25 — Jack A. Gillean, 51, Onsted, was arrested for failure to have his car under control when he struck a parked car owned by Raymond and Dolores Morley of 711 Ternes Rd. Accident occurred on N. Union St., in front of St. Elizabeth Church.

Daniel Hanusack Hurt On Mission

Sp/4 Daniel Hanusack, grandson of Mr. and Mrs. Joseph O'Pravil, was wounded Dec. 14 while he was on a mission about 14 miles south of Saigon, Vietnam.

He and one other man were the only survivors of an army personnel carrier.

Mrs. O'Pravil will accompany Dan's parents Friday to Great Lakes where he is hospitalized and in a full length body cast.

He suffered a broken pelvis, legs and hip, and is expected to be hospitalized for at least six months.

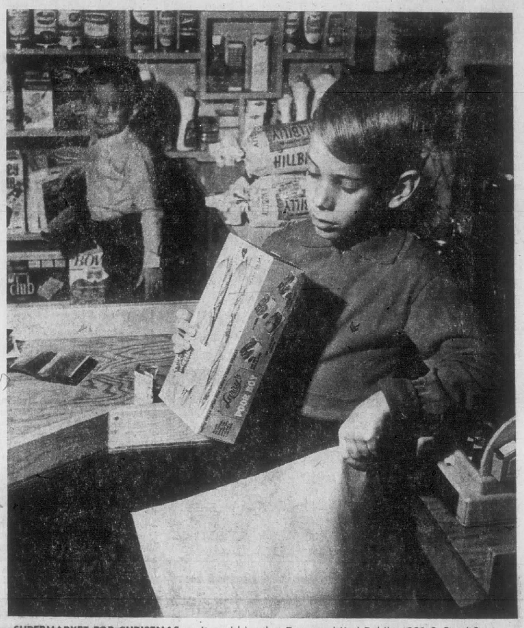
Sp/4 Hanusack was drafted in March of 1967. He received a meritorious citation in November for untiring efforts during a fire which resulted in the saving of the lives of two trapped men.

He also saved the life of a small girl who was thrown into the water by an exploding bomb.

Party Is Jan. 10

Next potluck dinner for the Tecumseh Products Co. retirees will be held Wednesday, Jan. 10, at 12:30 p.m., at the Union Hall.

Mrs. William Flanders will be present to make a tape of interviews with various members of the group. The interviews will be broadcast over radio station WLEN-FM, the following two days.



SUPERMARKET FOR CHRISTMAS — It could be that Dana and Karl Dahlke, 221 S. Pearl St., are the only youngsters in Tecumseh to receive a supermarket for Christmas. Sons of Mr. and Mrs. James C. Dahlke, the boys are six and 4½ years old, respectively. The aptly-named D & K Market is a pint-sized establishment complete with filled display shelves, a drug section, frozen foods section, candy racks, simulated check-out counter and cash register which dispenses grocery tapes. Knowing children's love of playing store, Grandma (Mrs. Roy Dahlke) dreamed up the idea. It took four months of planning, saving empty food containers and woodworking by the grandparents, Mr. and Mrs. Dahlke and Mr. and Mrs. Worthy Chandler, to complete the layout. The boys are gaining business experience at an early age and with great enthusiasm, in the market located in the basement of their grandparents' home at 8400 Matthews Hwy.

Higher Postal Rates Are Effective Jan. 7

Increased rates for all classes of mail, except parcel post and international mail, will go into effect Jan. 7, Postmaster Jack Metcalf reports.

"Even with the new rates of six cents for first-class mail and 10 cents for air mail, postal service is still a real bargain," he said.

"For six cents you can send a letter to any of the 50 states, to any United States territory or possession, to Canada or Mexico, or to an American serviceman stationed anywhere in the world."

The new rate for post cards will be five cents and for air mail post cards, eight cents.

He said the added cent in the letter rate is a 20 per cent increase compared to a 24 percent boost in the rates for mailing newspapers and magazines, and a 34 percent hike for advertising circulars; "occupant" mail, and other material in the third-class category.

The new rate of six cents per ounce for first-class mail applies up to 13 ounces and the new rate of 10 cents per ounce for air mail applies up to 7 ounces. Under the new rate structure all first-class mail over 13 ounces and all air mail over 7 ounces will be merged into a single category.

Heavier pieces of first-class and air mail, subject to the single rate schedule, will be delivered by the fastest available means of transportation.

A flat rate of 80c will be charged for all mail in this category up to one pound. For all mail weighing more than one pound, the present air parcel post rates will continue to apply, except that the postage on matter weighing between one and five pounds will change at half-pound intervals, rather than one-pound intervals.

Postmaster Metcalf said that the new rate structure will mean a reduction of postage on some parcels.

Another rate change that will affect the general public is the increase from four to six cents for the first two ounces of individual pieces of third-class mail. Unsealed greeting cards may be sent at this rate, Postmaster Metcalf said.

He also noted that effective Jan. 7 special handling will be available on third-class parcels weighing between eight and 16 ounces. Special handling has not been available on these parcels since 1958, when packages weighing between eight and 16 ounces were transferred from fourth to third-class mail.

There will be no changes in the charges for special delivery, special handling, registered mail, certified mail, cash on delivery or insurance.

"We have an ample supply of one-cent stamps on hand," Postmaster Metcalf said, "for those people who have five-cent stamps and need one-cent stamps to make up the postage required under the new rates."

VOICE of THE HERALD

Site Has Drawbacks

Last week the School Board announced intentions to take an option on 75 acres in the northwest section of Tecumseh for either a middle school or a new high school.

For school purposes, the site selection was logical and sensible as most students will be able to walk. This should reduce the number of students now being bussed to school.

Transportation has been a costly item for the past several years, ever since the state cut its subsidization for transportation to schools.

The site selection, however, has its drawbacks and one is especially expensive — bridges over Evans Creek.

If the Board proceeds and acquires the property and builds a school there, a new bridge just north of W. Chicago Blvd. could cost upwards of $50,000 to $60,000.

A foot-road and foot-bridge over Evans Creek on the north edge of the Patterson School property would likewise be expensive, although not approaching the expenditure which would be needed for a bridge north of W. Chicago Blvd.

Another drawback is the Board's intentions to use Seminole Dr. as its main road from the north. Seminole simply is not wide enough to handle buses and other school traffic.

The most serious traffic obstacle to overcome, however, would be off W. Chicago Blvd. This street, on which M-50 traffic flows, is the busiest in Tecumseh and one of the busiest in this area.

Since entry and egress from the school would open onto a two-lane section of W. Chicago Blvd., the street would have to be widened and traffic controls installed, particularly in the morning and mid-afternoon.

Another consideration is the use of prime residential property for school construction. If a middle school is built, the Board could probably limit school usage to 40 acres or so.

However, if a new high school is selected, the 40 acres probably would not be adequate for buildings, parking lots, and recreation and intramural fields. It's possible that the schools would keep all 75 acres, taking a sizable hunk of prime residential land.

We know that the Board has searched for months for a future school site and used school logic in reaching a decision. Whether the decision is the right one remains to be seen.

Other sites, and less expensive, are available.

STEPHEN R. SOWERS

JONATHAN H. SHERMAN

Stephen Sowers and Jon Sherman Complete Basics

Seamon Recruit Stephen R. Sowers, USN, 18, son of Mr. and Mrs. William R. Sowers of 513 W. Cummins St., Tecumseh, and Seaman Recruit Jonathan H. Sherman, USN, 18, son of Mr. and Mrs. Benjamin H. Sherman of R. 1, Matthews Hwy., Clinton, have been graduated from nine weeks of Navy basic training at the Naval Training Center at Great Lakes, Ill.

In the first weeks of their naval service, they studied military subjects and lived and worked under conditions similar to those they will encounter on their first ship or first shore station.

In making the transition from civilian life to Naval service, the seamen recruits received instruction under veteran Navy petty officers. They studied seamanship, as well as survival techniques, military drill and other subjects.

Lutherans Worship

The Christmas Eve worship service at Emmanuel Lutheran Church of Britton focused the attention of the worshippers upon an important theme of Biblical theology. — the contrast between light and darkness.

Taking a cue from the Gospel According to St. John, the sin and evil brought into the world by man's rebellion against God was, throughout the service, contrasted with the light which comes from God, namely, Jesus Christ, the Light of the World.

After the opening versicles and responses by the congregation, the worship service received direction from tableaus of children in bright costumes, described and interpreted by spoken word and song.

The tableaus depicting the Christmas story, were preceded by an "Introduction" which dramatically portrayed the theological theme of the service by the lighting of candles in a completely darkened church — an action punctuated by spoken parts of the children.

Bracketing the Christmas story on the other end was a section of the program entitled, "The Mission," which declared what the Christ-event is to mean for Christians in our day.

Songs sung by the choir included: "Lo, How a Rose e'er Blooming," "What Child is This?", "Gesu Bambino" and "And the Glory of the Lord" from George Frederick Handel's oratorio, "The Messiah." The choir was directed by Helen Bendes. The organist was Mrs. Wesley Gilmore.

The church was beautifully decorated with the traditional evergreen boughs and a Christmas tree trimmed in tiny white lights and golden balls.

For Lutheran Christians the lights on the Christmas tree are more than a traditional way to decorate the tree. They are reminded of the interpretation given those lights by Dr. Martin Luther who saw them as symbols of Jesus Christ, the Light of the World.

That tradition has become the common property of Christians everywhere in the country ever since Dr. H. C. Schwan, pastor of Zion Lutheran Church of Cleveland, Ohio, introduced the Christmas tree to American celebrations of Christmas.

Responsible for the decorations was the Board of Christian Education of the congregation: Ralph Schafer, Frank Schroeder and Gaylon Furgason. They were assisted by many other members of the congregation.

The celebration of the Feast of the Nativity was continued on Christmas Day with a celebration of the Lord's Supper in a 10:30 a.m. church service.

Pfc. LaVerne C. Stites, son of Mr. and Mrs. Lloyd Stites of 1954 Russell Rd., Tecumseh, was selected as the 44th Transportation Company (Lt. Trk) Soldier of the Month for December, 1967. I want to wish the whole staff a very Merry Christmas and the Happiest New Year ever. I have been in the army now 13 months, 9 days and receive a paper every week.

Adrian Here Friday Night

Although there's no ABHT holiday tournament this year — due to some rowdy fans — the Indians and Adrian Maples will still meet on the home floor here Friday night.

Adrian, winless in four starts, and Tecumseh, 2-2 for the season, should enter the game about even in the odds-to-win column.

The Maples have been far from being impressive, and although the Indians have won two, they're far from the calibre of previous teams coached by Vic Lawson.

Only common opponent between the two schools was Hillsdale. The Hornets trounced Adrian while Tecumseh pulled an upset to win.

Granular calcium chloride has no peer for clearing sidewalks, driveways, steps, and large parking areas. It goes to work the minute you apply it, producing immediate abrasive action to break up the slippery surfaces. It keeps on working when rock salt loses its melting ability. Calcium chloride keeps working even at 50° below. It forms a chloride solution which quickly spreads below the ice layer, breaking the bond between the ground surface and the ice.

Industry Is Tops

By MAXINE CALHOUN

The big news in Clinton this year was its industrial growth, marked by the construction of the new $9.8 million Budd Company disc brake plant; enlargement of the Peerless Gear Division plant; expansion of the Clinton Products Company; new construction of a branch plant of Pallox, Inc., of Tecumseh; and continuing growth of Thomas Company and Dearborn Steel Tubing Company.

Portending residential growth in the near future was the initial development of the new subdivision at the east village limits by River Raisin Clinton Corporation, and announced plans for a mobile home park by the same company at the west village limits.

The main business block got a boost in appearance with the building of a new barber shop by Dick Peterson on a lot which had been vacant for many years.

Other face lifting occurred with the addition of a new building front on the Midway Restaurant.

A new business, Clinton Construction Company, was located in the refurbished former bakery building, and Clinton Upholstery and Furniture Company has a new business started in the Weaver building.

The village lost two businesses: the Clinton Woolen Store and the Blue-Dot teen center, closed this year.

All in all, a great year for Clinton, promising much future prosperity.

A review of major events, month by month, will recall the past year more vividly.

JANUARY

Thieves broke into the Clinton Woolen Store and made off with $3,404 in merchandise.

Exchange student, Alex Federson, arrived to spend seven months with Mr. and Mrs. Wayne Balliet and to become a member of the senior class.

Clinton's 100,000-gallon water storage tank was drained in 15 minutes Jan. 20 when a construction crew broke an end T-connection near the new Budd plant. The water flooded the building site and householders in the village went without water for nearly eight hours.

St. Dominic's Catholic Church altar was remodeled in keeping with the newly-adopted liturgy.

FEBRUARY

Hill Manufacturing Company, owned by Herman Hill and Darrell Ball of Adrian, moved into the former Clinton Country Market building west of Clinton.

The village signed a municipal bond agreement with the Budd Company permitting lease to the company for 20 years, and gave the Budd Company an option to purchase the facility and machinery at that time for the price of $1.

The County Board of Supervisors approved the annexation by Clinton Village of 178 acres on the west side of Tecumseh-Clinton Rd., south of the village, including the Budd Company site.

Board of Education took option on property owned by Maude M. Halliday at north village edge for a possible future high school building site.

Village assessed valuation was increased by 23 percent to $5,882,400, up $1,106,350 over 1966.

The George Bancroft house on Clinton-Manchester Rd., exploded into flame April 20 when Mrs. Bancroft was applying formica to a kitchen counter. Within two hours, little was left but charred timbers.

River Raisin Clinton Corporation sought a permit from the village council to develop a 23-acre Mobile Home Park at Clinton's west limits, at an estimated cost of $750,000.

The high school band presented a rousing "Salute to Freedom" show.

Barbara Bowman was named valedictorian of the 1967 graduating class and Joyce Ann Angel was named salutatorian.

Bridal fashions of the past century were viewed by more than 150 guests of the Episcopal Church Women. The event was staged in the United Church of Christ with Mrs. Paul McKenna narrator for the showing.

MAY

Clinton Woman's Club established a $100 annual award for a deserving Clinton High School student, not necessarily one planning to enter college.

Shell Oil buys the Lancaster corner property and planned to demolish the former hotel, service station and nearby house.

The band from Detroit failed to show, dampening the spirits a bit at the "Underwater Fantasy" J-Hop.

The sale was completed on $9,800,000 in industrial development revenue bonds for the Budd Company.

Rick Welch was awarded the John Philip Sousa trophy at the high school.

JUNE

Voters approved a 4-mill school operation millage increase.

George Underwood exercised his option and purchased the 600 acres of land along Tecumseh-Clinton Rd., known as the Kuehman farm.

Ivan McKenna won the Dunham award for outstanding track athlete.

Peerless Gear Division began construction of an addition to the local plant.

The village approved rezoning from residential to non-conforming residential, the 23 acres at west village limits to be used for a mobile home park development.

JULY

Budd Company moved into the beautiful new plant on Tecumseh-Clinton Rd., where it is predicted five million sets of disc brakes may be produced annually.

A hail storm July 30 destroyed most of the growing crops southeast of the village.

AUGUST

The State Board of Education has rejected the proposal for preliminary qualification of bonds for a new high school building in the village.

Sgt. Rick Sparks was killed in Vietnam Nov. 18. He was the son of Mr. and Mrs. Sam Sparks of the rural Clinton area. His wife, Cynthia, is the daughter of Mr. and Mrs. Charles Parker of Clinton.

OCTOBER

Clinton High School choir nets $450 from 3 night performances of the "Music Man," directed by Mrs. Donald Geiger.

School building plans were explained to district residents, including a proposed new high school building and remodeling of present buildings for elementary use.

NOVEMBER

Robert Christ Resigns Post

BRITTON — The Board of Education recently accepted the resignation of Robert Christ, principal, who plans to join his family in Oregon.

The resignation will become effective Jan. 2, 1968.

Mr. Christ joined the Britton-Macon staff in August, but was unable to locate suitable housing for his wife and three children. They returned to Oregon in September.

In other business, the board reviewed school policies on several topics and adopted the following policy on student dress.

Certain standards of dress have been acceptable at the school for a number of years. Good grooming and appropriate dress are important for scholarship, sportsmanship and generally reflects the attitude of the student body.

Girls shall not wear dresses or skirts that are excessively short. Miniskirts, slacks, shorts, granny dresses or other types of informal clothing will not be worn.

They will not come to school with their hair in curlers.

Boys will wear trousers with belts, if belt loops are provided. Shirts shall be buttoned, with the exception of the top button. Shirts with tails must be tucked in; sport shirts with square-cut tails may be worn on the outside of the trousers.

Blue-denim overalls, tight-fitting jeans, T-shirts or outer jackets are not to be worn. Boys' hair shall be neat and trim at all times. It shall not hang over the eyes, collar or ears.

'Tashi of Tibet' Film To Be Seen at Evening Service

BRITTON — The Rev. Duane McNeil has selected for the topic Sunday at the Bethel Baptist Church, "Give Account." Regular worship service begins at 11 a.m. preceded by the Sunday School classes at 10 a.m.

Due to a special New Year's Eve service, there will not be a young people and adult bible study at 6:30 p.m.

The evening service will begin at 7:30 with pastor McNeil's message "The Last Sermon." This will be followed by a period of fellowship.

At approximately 10 p.m., the Ken Anderson film, "Tashi of Tibet" will be shown. This is the story of a Tibetan teen-ager forced to leave home due to the advancement of Communism. He comes face to face with many new ways of life and especially a new religion and new book, The Bible.

Beginning at 11 p.m. will be the watch night service, singing of hymns, testimonials and prayers.

"The public is invited to attend all or part of any of these services," said pastor McNeil.

Mrs. Wes Tiede Is Honored Guest at Baby Shower

BRITTON — Mrs. Wesley Tiede was the guest of honor at a surprise cradle shower last Monday evening, when a group of friends and neighbors called in her home.

Games were played and prizes awarded to the winners and the guest of honor.

Mrs. Harold Osterhout won the door prize.

Decorations were in blue and white. A ceramic bassinet filled with fresh flowers and a baby bank decorated the table as refreshments were served.

Mrs. Tiede received a play pen and pad from the group, plus other gifts.

The event was planned by Mrs. Herman Bates and Mrs. Paul Rowlands.

Mr. and Mrs. Tiede adopted a baby boy, Greg, just in time for Christmas.

Campfire Girls Hold Yule Party

BRITTON — Last week's days of rain and Thursday's storm caused a change in plans for the sixth grade Campfire girls, but it all turned out for the good after all.

The girls were planning to go caroling the evening of Dec. 21, and then have their Christmas party at the home of Mrs. Rena Gubbe. But her road and yard were flooded, so the location was changed to Mrs. James Arft's home in Britton.

Just before the party, the lights in that end of town went out, so Mrs. Arft gathered up a host of candles and the party was held by candlelight.

The girls sang carols, had refreshments and opened their gifts, after which they played games.

The candlelight really set the mood, and the girls felt that it was the best party they had ever had.

7 Join Church at Yule Service

BRITTON — New members who joined the Congregational Christian Church at the Christmas worship service Sunday morning were Lt. Ronald Mastie, Debbie Benedict, Lynn Bush, Phyllis Francoeur, Debby Pilbeam, Jim Pilbeam and Amy Vreeland.

Retirees Take Tour of Plant

By MARVEL NEUMAN

Retired men of the Tecumseh Products toured the Kellogg Plant in Battle Creek with their wives Dec. 18. The trip was planned by the Union and Mabel Lockwood.

The group left the Union Hall at 8:30 a.m., to board the bus for the journey. Miss Lockwood passed out pink sheets of paper to each with old, familiar songs, with a dash of Christmas carols. The group enjoyed the singing while traveling to their destination.

Robert Wilder drove the bus. When the travelers reached the plant, they were divided into two groups for the tour, which included the explaining of where the firm had started and how it had expanded to what it is today.

Kellogg cereals are enjoyed in more than 150 countries and the products come from four plants across the country — Battle Creek; Memphis, Tenn.; Omaha, Nebr.; San Leandro, Calif.; and from 15 countries around the world.

Kellogg packaged well over one billion pounds of cereal last year.

The group was shown how the corn flake is milled. The process takes about eight hours, with flavoring malt, sugar and salt blended together to make Kellogg's secret formula.

The unique flavoring is then mixed with the milled corn.

At the end of the tour, the group was treated to a dish of ice cream with cereal on top. Dinner was later enjoyed at a restaurant.

Miss Lockwood took pictures of the group for fond memories of the enjoyable trip.

Every year we make the same resolutions!

Because every year, no matter how well we did the year before, our objectives are essentially the same.

To make A&P a friendly courteous store for you.

To be fair and honest in our pricing and labeling.

To sell only quality products we can fully guarantee.

To do everything possible to bring you the most good food for the least amount of money.

To prove we care about you.

We think we did pretty well in '67. We'll be trying even harder in '68.

Here's a prediction: When '68 comes to a close, we still won't be satisfied and we'll try harder in '69 and '79 and '89 and 1999. We don't think we can ever be good enough for you.

OCTOBER

A $100 reward was offered for information leading to the arrest and conviction of the persons responsible for the damage.

Thomas Barton Is New Member of Air Defense

Airman First Class Thomas P. Barton, son of Mr. and Mrs. James R. Barton of 515 W. Pottawatamie St., is a member of the Air Defense Command (ADC) wing that recently completed the first long-range flight to include missile firings at radio-controlled drone targets and aerial refueling on the same mission.

Airman Barton is an accounting specialist with the wing's 325th Combat Support Group.

In Project Cross Country, the 325th Fighter Wing at McChord AFB, Wash., demonstrated its ability to deploy rapidly over long distances to meet any enemy threat.

Ten F-106 Delta Dart aircraft from the wing's 318th Fighter Interceptor Squadron flew non-stop in six hours from McChord to Eglin AFB near Panama City, Fla., in a simulated combat mission.

En route to their "targets," the F-106's were refueled in-flight by Strategic Air Command KC-135 aerial tankers from Dyess AFB, Tex.

The mission was designed to simulate a combat situation in which ADC fighters would be required to deploy overseas and engage in immediate combat.

Airman Barton is a graduate of Tecumseh High School.

1967 IN REVIEW

Good gracious, it hardly seems possible that the last Thursday of December is here already. It was just a few weeks ago we were checking back on 66's birds. A second check of the calendar, though, tells me that it really is time to look back and take stock of what kind of a year 1967 was.

January started out with lots of business — three pair of gorgeous cardinals, five tufted titmice, flickers, several bluejays and one lone chick-a-dee made the first week of the year exciting.

A large flock of grackles showed up on the 8th and a mysterious pair of sparrows, whom we never have identified, appeared on the 9th.

The 11th was the best day of the month: eight cardinals, three females on the feeder together, four regular squirrels plus the black squirrel. He was more or less a regular visitor all month. The end of January found us receiving reports of robin sightings, too.

February was a month of weather changes. Rain, sleet and snow on the 1st; 10 below zero on the 8th; 38 degrees, sunny and thawing by the 10th; a regular spring type thunder and lightning storm plus fiercely strong winds made the 15th an uneasy day; the ice went out of the creek Saturday, the 18th, and by the 27th, it was snowing again.

There were many days of six squirrels, only two bluejays, six cardinals, five titmice and song sparrows. Flickers were plentiful as were nuthatches and brown creepers. We heard and saw crows on the 23rd and a junco finally appeared on the 27th.

★

THE VISIT of two little goldfinches to the feeder started March off right. Snow, wind and cold weather continued. With 8 above on St. Patrick's Day and a four-inch snowfall on the 20th, everyone doubted that spring would ever come.

Hairy woodpeckers and crows were busy the 2nd; flickers and bluejays fought over possession of the feeder on the 8th; the 9th was busy with robins, flickers, woodpeckers, bluejays, cardinals, four fox squirrels and two little reds.

Crocus and tulip leaves had pushed up through the snow by the 10th and the black squirrel visited the 14th. We had four inches of snow on the 20th but by the 22nd the crocuses were blooming and Liz saw ducks over the pond on the 23rd. The geese returned the 28th.

April came in warm, I picked up a sunburn on the 2nd; but it left cold, three inches of snow on the 23rd. Two bluejays dined together the 6th, mourning doves and flickers were pairing off on the 9th and by the 16th, the wild flower garden was blooming.

The 13th was our first good kingfisher day; Mom picked a bouquet of daffodils and we also had fun watching song sparrows. Clara had a purple finch on the 14th, the General and his Lady wound up the month by hosting bluebirds.

★

APRIL'S WEATHER cut the bird excitement down and May started in the same cold, wet and windy way. Robins were nesting in the cardinals' bush, wrens were seen the 2nd, and on the 9th we had a white-crowned sparrow.

By the 11th we were in the midst of warbler confusion — most of the tiny ones were unidentifiable but we did see myrtle warblers, black-throated blues, yellows, blackburnians, prothonotaries, cerulean, and the Lawrence type hybreds.

The unnamed warblers were pretty little birds who showed us many colors mostly, of course, greens, yellows, and oranges.

On the 14th a great blue heron stalked the creek rose-breasted grosbeaks showed up in Damon's woods on the 15th while we watched martins milling about—all month they investigated the house but never signed a lease; Baltimore Orioles, cat birds and gold finches were busy the 16th and on the 17th both bluejays and wrens started home building operations.

Both nests afforded weeks and weeks of good looking. The last two weeks of the month saw us being visited by olive-backed thrushes and indigo buntings; cats destroyed the robins' nest the 24th; and on the 31st, Dorothy watched a small brown duck bob down the creek.

Sunday Sermon

"Christian Science" is the subject of this Sunday's Lesson-Sermon in all Christian Science Churches throughout the world.

"Rejoice ye with Jerusalem, and be glad with her, all ye that love her: . . . . For thus saith the Lord, Behold, I will extend peace to her like a river, and the glory of the Gentiles like a flowing stream:" is the Golden Text from Isaiah.

Our Readers Write

TO THE EDITOR:

As we near the end of this, our Centennial year, let me, on behalf of the town of Tecumseh, Ont., wish you, The Tecumseh Herald, the whole populace of Tecumseh, Mich., and last and certainly, not least, my very good friend, Harold Easton, your mayor, a most Happy and Holy New Year.

While reminiscing the other day with my fellow counselors, we wondered just what kind of a day we would have had in Tecumseh, Ont., on July 1, had it not been for you good people coming over here, 1,000 strong, to help us celebrate our national holiday.

Words cannot express our appreciation — your participation in the parade and festivities shall never be forgotten.

I know that this spirit of camaraderie will exist forever between our two municipalities.

Once again the people of Tecumseh, Ont., wish to thank the people of Tecumseh, Mich., the city council and The Herald staff, who put out such a wonderful supplement July 6 regarding "our" holiday, the very best to you in 1968.

Hector Lacasse
Mayor of Tecumseh, Ont.

TO THE EDITOR:

As we come to the end of 1967 and as we look ahead to 1968, the Michigan ASC State committee and I are very pleased with the cooperation of your paper during the past year.

It is only through your assistance in making agricultural information available to farmers, that farmers are able to plan to look ahead in order that they might receive a reasonable income.

We know that with your assistance, as we point towards 1968, farmers will continue to look toward and plan for ways in which they might reach that "parity of income" which all of us, consumers and producers alike, feel they should have.

Sincerely yours,
Dean Quirin,
State Executive Director.
